- Most land area is within a ½ mile of an existing or planned bus line with headways of no more than 30 minutes in peak periods, and
- One of the following:
 - The area is in a High Resource Area (HRA) as defined by the California Department of Housing and Community Development, or
 - The jurisdiction has adopted, or committed to adopt, two more policies shown to reduce vehicle miles traveled (VMT); and

WHEREAS, the MTC and ABAG request the City Council to adopt a resolution nominating the South De Anza Boulevard area as a PDA by January 16, 2020 to be eligible for future grant funding in transportation, housing, and area planning; and

WHEREAS, on December 10, 2019, the Council held a duly noticed public hearing; and

WHEREAS, a copy of the proposed PDA is on file in the office of the Director of Planning, Building and Code Enforcement of the City, is available for public review during normal business hours, and with copies submitted to the City Council for its consideration; and

WHEREAS, public notice was given that on December 10, 2019 at 6:00 p.m. in the Council Chambers at City Hall, 200 East Santa Clara Street, San José, California, the Council would hold a public hearing where interested persons could appear, be heard, and present their views with respect to the proposed PDA; and

WHEREAS, prior to making a nomination for the South De Anza Boulevard area as a PDA, the Council reviewed and considered the CEQA Determination of Consistency to the Envision San José 2040 Final Environmental Impact Report (EIR) (Resolution No. 76041), Supplemental EIR (Resolution No. 77617), and Addenda thereto; and

WHEREAS, the Council is the decision-making body for the proposed PDA;

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF SAN JOSE AS FOLLOWS:
