I would like to thank and commend the City of San Jose, Councilman Perales, and those that participated in the listening sessions to take action in combating AAPI Hate Crimes in our city. Japantown continues to take proactive initiatives to deter hate crimes with daily foot patrols. Japantown Prepared led by, Rich Saito invited SJPD to Japantown and conducted introductions between the police and business owners/operators, which has helped merchants feel more connected. Next week, 6/1 at 10:00, Japantown Prepared will hold a training with SJPD at Fuji Towers, senior apartments to provide tips to the older adults to keep them safe. There is plans to also hold a Zoom training for community and Yu-Ai Kai members. I support the amplifications of the hotline with information on how-to report. A SJ version of hatecrimebook.com would be a welcomed piece for distribution to the community.

Thank you,

Jennifer Masuda
