[You don't often get email from [REDACTED] Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

[External Email]

Dear City Clerk City Clerk,

I ask that you join hundreds of community members and the Planning Commission by following the Planning Department staff recommendation for updating Transportation Analysis Policy 5-1 while rejecting the Alternative Recommendation that would facilitate development on Private Recreation and Open Space land. Send a clear message that one developer's interest in one potential redevelopment project should not drive the direction of Citywide policy.

I object to the proposed Alternative Recommendation because it is inconsistent with the city's General Plan and would facilitate development of huge parcels of open space without a community visioning process, such as is currently being provided for multiple other large parcels in San Jose.

The most immediate and obvious beneficiary of this harmful policy would be the owners of the 114 acre former Pleasant Hills Golf Course site, which presents an unparalleled opportunity to gain publicly accessible open space for local communities as part of a community-centered visioning process for future development of the site. If the Council would like to consider allowing this site to redevelop, the city should lead a transparent community engagement process to determine how the development of the site could meet the needs of its future residents, the larger community, and the city.

Sincerely,
Lewis Pollard

Dear City Clerk City Clerk,

I ask that you join hundreds of community members and the Planning Commission by following the Planning Department staff recommendation for updating Transportation Analysis Policy 5-1 while rejecting the Alternative Recommendation that would facilitate development on Private Recreation and Open Space land. Send a clear message that one developer's interest in one potential redevelopment project should not drive the direction of Citywide policy.

I object to the proposed Alternative Recommendation because it is inconsistent with the city's General Plan and would facilitate development of huge parcels of open space without a community visioning process, such as is currently being provided for multiple other large parcels in San Jose.

The most immediate and obvious beneficiary of this harmful policy would be the owners of the 114 acre former Pleasant Hills Golf Course site, which presents an unparalleled opportunity to gain publicly accessible open space for local communities as part of a community-centered visioning process for future development of the site. If the Council would like to consider allowing this site to redevelop, the city should lead a transparent community engagement process to determine how the development of the site could meet the needs of its future residents, the larger community, and the city.

Sincerely,
Phillip Carr

Dear City Clerk City Clerk,

Please, please, please! We have an opportunity to protect our open space. That time is right now. Once it is gone, it is gone. There is no turning back. Please be a part of the populous that sees the tremendous future value of maintaining this open space. Your grandchildren and their grandchildren will thank you!

Subject: 11/29/22 Agenda Item 8.5 Council Policy 5-1: Reject the Alternative Recommendation

[You don't often get email from [REDACTED] Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

[External Email]

Dear City Clerk City Clerk,

I ask that you join hundreds of community members and the Planning Commission by following the Planning Department staff recommendation for updating Transportation Analysis Policy 5-1 while rejecting the Alternative Recommendation that would facilitate development on Private Recreation and Open Space land. Send a clear message that one developer's interest in one potential redevelopment project should not drive the direction of Citywide policy.

I object to the proposed Alternative Recommendation because it is inconsistent with the city's General Plan and would facilitate development of huge parcels of open space without a community visioning process, such as is currently being provided for multiple other large parcels in San Jose.

The most immediate and obvious beneficiary of this harmful policy would be the owners of the 114 acre former Pleasant Hills Golf Course site, which presents an unparalleled opportunity to gain publicly accessible open space for local communities as part of a community-centered visioning process for future development of the site. If the Council would like to consider allowing this site to redevelop, the city should lead a transparent community engagement process to determine how the development of the site could meet the needs of its future residents, the larger community, and the city.

Sincerely,

Emma Hartung

Dear City Clerk City Clerk,

Please follow the Planning Department staff recommendation for updating Transportation Analysis Policy 5-1 while rejecting the Alternative Recommendation that would facilitate development on Private Recreation and Open Space land. Send a clear message that one developer's interest in one potential redevelopment project should not drive the direction of Citywide policy.

I object to the proposed Alternative Recommendation because it is inconsistent with the city's General Plan and would facilitate development of huge parcels of open space without a community visioning process, such as is currently being provided for multiple other large parcels in San Jose. Please consider the well-being and quality of life of all community members when making this decision; if the Council would like to consider redevelopment on significant parcels of land such as the Pleasant Hills Gold Course site, it is essential that community members have an opportunity to weigh in on how development can benefit local residents and our community as a whole.

Thank you in advance for valuing transparent processes and community engagement in decisions that affect the quality of life in our city.

Sincerely,

Teresa Ponikvar

Dear Honorable San Jose Mayor and City Councilmembers,

I am thankful for the City Council's recent efforts to improve sustainably in the City's general plan and the Council's commitment to protecting our open spaces, as shown in recent efforts to preserve Coyote Valley.

I write to ask that you reject the Alternative Recommendation to the Transportation Analysis Policy 5-1 that would facilitate development on Private Recreation and Open Space land. I object to the proposed Alternative Recommendation because it is inconsistent with the city's General Plan and would facilitate development of huge parcels of open space without a community visioning process, such as is currently being provided for multiple other large parcels in San Jose.

Thank you,

Ryan Smith
San Jose

Send a clear message that one developer's interest in one potential redevelopment project should not drive the direction of Citywide policy.

I object to the proposed Alternative Recommendation because it is inconsistent with the city's General Plan and would facilitate development of huge parcels of open space without a community visioning process, such as is currently being provided for multiple other large parcels in San Jose.

The most immediate and obvious beneficiary of this harmful policy would be the owners of the 114 acre former Pleasant Hills Golf Course site, which presents an unparalleled opportunity to gain publicly accessible open space for local communities as part of a community-centered visioning process for future development of the site. If the Council would like to consider allowing this site to redevelop, the city should lead a transparent community engagement process to determine how the development of the site could meet the needs of its future residents, the larger community, and the city.

Sincerely,

Margaret Martinez

Dear City Clerk City Clerk,

I ask that you join hundreds of community members and the Planning Commission by following the Planning Department staff recommendation for updating Transportation Analysis Policy 5-1 while rejecting the Alternative Recommendation that would facilitate development on Private Recreation and Open Space land. Send a clear message that one developer's interest in one potential redevelopment project should not drive the direction of Citywide policy.

I object to the proposed Alternative Recommendation because it is inconsistent with the city's General Plan and would facilitate development of huge parcels of open space without a community visioning process, such as is currently being provided for multiple other large parcels in San Jose.

The most immediate and obvious beneficiary of this harmful policy would be the owners of the 114 acre former Pleasant Hills Golf Course site, which presents an unparalleled opportunity to gain publicly accessible open space for local communities as part of a community-centered visioning process for future development of the site. If the Council would like to consider allowing this site to redevelop, the city should lead a transparent community engagement process to determine how the development of the site could meet the needs of its future residents, the larger community, and the city.

Sincerely,

Elizabeth Guimarin

Dear City Clerk City Clerk,

Please follow the Planning Department staff recommendation to UPDATE the Transportation Analysis Policy 5-1 and to REJECT the Alternative Recommendation which would facilitate development on Private Recreation (such as Pleasant Hills Golf Course) and Open Space land.

I fear failure to support this request will only encourage and even enhance the opportunities for future developers to apply with similar and/or more inappropriate land use projects. Many conservation and indigenous tribal groups have fought for decades to preserve the Coyote Valley.

If the Council chooses to consider allowing this site to redevelop, the city MUST lead a transparent community engagement process to determine how the development of the site could meet the needs of its future residents, the larger community, the city and last but not least, Coyote Valley. It is a beautiful and natural gift from Nature!!!

Sincerely,

Patricia Grilione, PhD, Emeritus Professor of Microbiology

Sincerely,

Patricia Griliuone

Dear City Clerk City Clerk,

For goodness' sake, it's time we found the will to provide more affordable housing for those who are homeless or near homeless.

If that's even part of what will be developed here, please make the change.

If you need help, I have a team of highly capable residents working on developing a master planned development for housing the un-sheltered and we'd be happy to get involved.

See here for an example of what we're working on:

<https://gcc02.safelinks.protection.outlook.com/?url=https%3A%2F%2Fwww.youtube.com%2Fwatch%3Fv%3D27XDnHnzdc&data=05%7C01%7Ccity.clerk%40sanjoseca.gov%7C365597a4fbd244d4eb7908dad116e120%7C0fe33be061424f969b8d7817d5c26139%7C1%7C0%7C638054313426725459%7CUnknown%7CTWFpbGZsb3d8eyJWljojMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6IjEhaWwiLCJXVCI6Mn0%3D%7C3000%7C%7C%7C&sdata=bOiexNVDKiY5AtJv7Qikqz0w619ION4FLK7QrE9MmY%3D&reserved=0>

Thank you.

Sincerely,
Ray Solnik

Dear City Clerk City Clerk,

We don't have a way to support only to reject. So here I am.

I support the proposed alternative recommendation. We need more housing in San Jose.

Drive down the streets of many neighborhoods on the east side. You will see the struggle for two cars to pass each other, the inability to park, the overflowing trash cans. There are 2 and 3 families occupying many of the homes.

The "open-space," is not public property and it is not accessible to the public. That use should not even be an option.

Build more homes!

Save the schools in the area!

Increase tax revenue!

Sincerely,

Michela Duino

Dear City Clerk City Clerk,

I ask that you join hundreds of community members and the Planning Commission by following the Planning Department staff recommendation for updating Transportation Analysis Policy 5-1 while rejecting the Alternative Recommendation that would facilitate development on Private Recreation and Open Space land. Send a clear message that one developer's interest in one potential redevelopment project should not drive the direction of Citywide policy.

I object to the proposed Alternative Recommendation because it is inconsistent with the city's General Plan and would facilitate development of huge parcels of open space without a community visioning process, such as is currently being provided for multiple other large parcels in San Jose.

The most immediate and obvious beneficiary of this harmful policy would be the owners of the 114 acre former Pleasant Hills Golf Course site, which presents an unparalleled opportunity to gain publicly accessible open space for local communities as part of a community-centered visioning process for future development of the site. If the Council would like to consider allowing this site to redevelop, the city should lead a transparent community engagement process to determine how the development of the site could meet the needs of its future residents, the larger community, and the city.

Sincerely,
Megan King
