

Memorandum

TO: HONORABLE MAYOR
AND CITY COUNCIL

FROM: John Ristow

**SUBJECT: 2020 LOCAL STREETS
MICROSURFACING PROJECT**

DATE: May 4, 2020

Approved

Date

5/8/2020

RECOMMENDATION

- (a) Approve award of a construction contract for the 2020 Local Streets Microsurfacing Project, to the low bidder, Graham Contractors, Inc., in the amount of \$3,100,886.
- (b) Approve an approximate ten percent contingency in the amount of \$310,000.

OUTCOME

Approval of this construction contract will provide preventive pavement maintenance to approximately 56 miles of streets on the Local and Neighborhood Street Network in the 2020 construction season. Approval of a ten percent contingency will provide funding for any unanticipated work necessary for the proper construction and completion of the project.

BACKGROUND

The Local and Neighborhood Street Network consists of approximately 1,490 miles of the City's streets, which collectively accounts for over 60% of the City's street network. The Department of Transportation (DOT) annually schedules streets to be surface sealed as a preventive maintenance measure to extend their useful life and reduce long-term maintenance costs to the City. The product to be used for surface-sealing is called "micro-surfacing", which is a thin layer of asphalt emulsion blended with rock approximately 3/8 an inch in depth.

DOT is planning to surface seal approximately 56 miles of Local and Neighborhood Streets throughout the City. This project is one of eight major pavement maintenance projects occurring on the Local and Neighborhood Streets Network during the 2020 construction season.

Surface sealing is typically performed in two separate phases, the first of which includes preparation work including minor concrete repairs, removal and replacement of failed areas of asphalt, and ADA curb ramp installations and retrofits. This work was divided into three major

projects, which will all be awarded and commenced prior to the final surface treatment phase which is the subject of this memorandum.

The City's Local and Neighborhood Street Network is organized into 135 geographically contiguous "Pavement Maintenance Zones" (PMZs). The PMZs were established several decades ago to support efficient planning and delivery of paving projects, maximize the amount of paving work completed at one time within a neighborhood area, and provide geographic equity of pavement maintenance across the City. Information provided by the City's pavement management database is used to identify candidate PMZs for preventive maintenance and sealing. The final list of PMZs to receive sealing was established using the following criteria:

- Funding availability and funding use restrictions
- Streets not affected by current or future street related projects
- Maintenance history and prescribed treatment schedules
- Community and City Council office feedback regarding roadway conditions and priority street segments
- Multi-year geographic spread across the City and street network

The attachment to this memo contains the list of streets to be sealed. The list may change if unforeseen circumstances arise or new information regarding other street-related projects becomes available.

ANALYSIS

Bids were opened on April 9, 2020 with the following results:

CONTRACTOR	CITY	BID AMOUNT	VARIANCE	% UNDER/OVER ENGINEER'S ESTIMATE
Graham Contractors, Inc.	San Jose, CA	\$3,100,886.00	-\$210,537.50	-6.4%
<i>ENGINEER'S ESTIMATE</i>	--	\$3,311,423.50	--	--
VSS International, Inc.	West Sacramento, CA	\$3,475,120.00	\$163,696.50	4.9%
Pavement Coatings Co.	Sacramento, CA	\$3,688,445.00	\$377,021.50	11.4%

The low bid submitted by Graham Contractors, Inc. is \$3,100,886 and is 6.4% below the Engineer's Estimate. The Engineer's Estimate for this project is \$3,311,423.50. The estimate is based on bids received from similar past projects and current estimated construction prices. The bid is considered acceptable for the work involved in the project. Staff recommends that the construction contract be awarded to Graham Contractors, Inc.

San Jose Municipal Code Section 27.04.050 provides that the contingency for all public works contracts (except those involving the renovation of a building or buildings) cannot exceed ten percent of the total contract amount. Staff recommends a 10% contingency, which should be sufficient to account for unforeseen conditions that might arise in the excavation, removal and replacement of failed concrete areas.

Construction is scheduled to begin in July 2020 and be completed by the end of October 2020.

Project Labor Agreement Applicability

A project labor agreement (PLA) is not applicable to this project as the engineer's estimate is under three million dollars. Additionally, this project meets the following exemption: More than 50% of the total cumulative engineer's estimate for the project is for street maintenance.

Local and Small Business Outreach

This project does not have a preference for local and/or small businesses and the recommended contractor did not meet the requirements for local and small business. However, in order to facilitate local and small business participation on this project, the project engineers separated the following items into minor projects: ADA curb ramps, concrete repair, and tree trimming in order to facilitate the ability for more local/small contractors to bid on these projects.

CONCLUSION

Based on the evaluation of bids, the low bid is considered acceptable and staff recommends awarding the construction contract for the 2020 Local Streets Microsurfacing Project to Graham Contractors, Inc.

EVALUATION AND FOLLOW-UP

DOT provides an ongoing evaluation of the City's pavement conditions and provides periodic reports on this topic to the Transportation & Environment Committee, and the City Council. In addition to the project discussed in this memo and five other projects approved by City Council earlier this Spring, two additional projects for the Local & Neighborhood Streets Network will be brought forward for Council action this Summer.

CLIMATE SMART SAN JOSE

The recommendation in this memo has no effect on Climate Smart San José energy, water, or mobility goals.

PUBLIC OUTREACH

To solicit contractors, this project was listed on an online bid solicitation website, Biddingo, where bid packages were made available to download for contractor organizations and builders' exchange. When the project commences, the contractor will provide advance notification regarding working hours, duration of project, and any appropriate schedule and lane closures to affected businesses and residents, as stated in the specifications. To inform traveling motorists of upcoming construction activities and potential traffic delays, changeable message signs may be used on selected streets stating the scheduled date and time for work to occur on the street. This memorandum will be posted on the City's Council Agenda website for the May 19, 2020 Council Meeting.

COORDINATION

This project has been coordinated with the Department of Public Works, and this memorandum has been coordinated with the Department of Planning, Building and Code Enforcement, the City Attorney's Office and the City Manager's Budget Office.

COMMISSION RECOMMENDATION/INPUT

No commission recommendation or input is associated with this action.

COST SUMMARY/IMPLICATIONS

1. COST OF PROJECT:

Programmatic Project Delivery Estimate	\$310,000.00
Construction Contract	\$3,100,886.00
Contingency	<u>\$310,000.00</u>
TOTAL PROJECT COSTS:	\$3,720,886.00

2. SOURCE OF FUNDING: Funding for this project is included in the 2019-2020 Adopted Capital Budget in the 2016 VTA Measure B

3. FISCAL IMPACT: This project will have no net operating and maintenance costs to the General Fund.

BUDGET REFERENCE

The table below identifies the fund and appropriation proposed to fund the recommended contract award, including project delivery, construction, and contingency costs.

Fund #	Appn #	Appn Name	Total Appn	Amt. for Contract	2019-2020 Adopted Budget Page	Last Budget Action (Date, Ord. No.)
486	403Q	Pavement Maintenance - VTA Measure B 2016	\$18,900,569	\$3,100,886	Adopted Capital Budget Pg. V-856	10/22/2019 30325
Totals			\$18,900,569	\$3,100,886		

CEQA

Categorically Exempt, File No. PP18-029, CEQA Guidelines Section 15301(c), Existing Facilities.
