Report on Park Impact Ordinance and Parkland Dedication Ordinance Fees

Information Required by the Mitigation Fee Act A Report on Park Impact Ordinance and Parkland Dedication Ordinance Fees for the Fiscal Year Ending June 30, 2024

The Mitigation Fee Act requires the City to make available to the public, on an annual basis, the following information concerning Park Impact Ordinance (PIO – San Jose Municipal Code Chapter 14.25) park impact in-lieu fees within 180 days after the last day of the fiscal year:

- Type of fee
- Amount of the fee
- Beginning and ending balances of the account or fund
- Amount of fees collected and interest earned
- Identification of each public improvement on which fees were expended, and amount of expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees
- Approximate date by which construction of the public improvement will commence
- Description of inter-fund transfers or loans, including the public improvement on which the transferred or loaned fees will be expended, date of loan repayment, and rate of interest that the fund will receive.

The City's PIO is administered in conjunction with the City's Parkland Dedication Ordinance (PDO – San Jose Municipal Code Chapter 19.38) and together the two ordinances work in concert to support the City's park levels of service and mitigate the impact of new residents on existing parkland. The ordinances require that residential developers dedicate land, improve parkland, and/or pay a parkland fee in lieu of land dedication to support providing new or improving existing neighborhood and community serving parklands. The PDO and PIO are most easily distinguished by the type of projects to which they apply. The PDO applies to the subdivision of land for ownership housing units, while the PIO applies to non-subdivided residential units, typically rental properties or the construction of new residential units that are not otherwise subject to the Parkland Dedication Ordinance (PDO).

While both the PDO and PIO are often discussed as impact fees, the two programs are actually empowered by two separate state legislations. The PDO is authorized through the Quimby Act while the PIO is secured through the Mitigation Fee Act. While there are many legal nuances between the ordinances, detail on this topic is too extensive for this report. Ultimately, they help ensure that every new resident, as well as existing neighborhoods, has adequate access to quality park and recreation facilities.

In brief, a residential housing project is assessed parkland fees under the PIO or PDO when it chooses not to mitigate its impacts through either the dedication of land or improvements to parkland or in combination of each. The schedule of fees assessed in lieu of land dedication is established through City Council resolution, based on the type of dwelling units, and an evaluation of land values. For large projects, the decision to require dedication, accept improvements, and/or assess fees is determined on a

project by project basis according to City policy guidelines and executive decision making. Under both ordinances, projects of 50 units or less can only be required to pay the associated in-lieu fees, with land dedication or improvements offered only on a voluntary basis.

PARK TRUST FUND SUMMARY

Fiscal Year 2023/24 Beginning Fund Balance	\$98,716,737
In-Lieu Fees Collected	15,370,671
Other Revenue	3,221,910
Investment Income	3,322,431
Expenditures	(21,289,504)
Change to Encumbrances	550,879
<hr/>	
Fiscal Year 2023/24 Ending Fund Balance	\$99,893,124

This report provides information on fees collected per the Park Impact Ordinance and the Parkland Dedication Ordinance for the Fiscal Year ending June 30, 2024. The PDO/PIO fees collected in Fiscal Year 2023-2024 are deposited into the Park Trust Fund and are combined with other funds (principally Construction and Conveyance funds) to pay for various public improvements as outlined on the list provided below. It includes the amount of expenditures on each improvement and the percentage of the costs funded from the PDO/PIO fees. All construction projects listed have or will commence within the next five years.

PARK TRUST FUND (375): 5-YEAR FINDINGS

5-Year Findings Report for the Fiscal Year Ending June 30, 2024

The Mitigation Fee Act requires the City to make specified findings with respect to that portion of the account or fund remaining unexpended, whether committed or uncommitted for the fifth year following the first deposit into the account or fund and every five years thereafter. The findings must:

1. Identify the purpose to which the fee is to be put.
2. Demonstrate a reasonable relationship between the fee and the purpose for which it is charged.
3. Identify all sources and amounts of funding anticipated to complete financing in incomplete improvements.
4. Designate the approximate dates on which said anticipated funding sources are expected to be deposited into the appropriate account or fund.

Prior to Fiscal Year 2023-2024 the City of San José utilized the annual Mitigation Fee Act Report to meet the 5-Year Findings requirement. It was determined that additional information was necessary to meet the 5-Year Findings requirement going forward. This report is designed to work in concert with the Annual Report to meet the 5-Year Findings Requirement.

Funds within the Park Trust Fund are combined with other funds (principally Construction and Conveyance funds) to pay for various public improvements as outlined in the list below. All projects funded by in-lieu fees collected in the Park Trust Fund are committed to improvement projects that are related to the collection by a location-based nexus of either $\frac{3}{4}$ miles for projects on “Neighborhood Serving” locations or within 3 miles of the collection for projects at “Community Serving” locations within nexus of the collection. All construction projects in this report have or will commence within the next five years.

The yearly documented Capital Improvement Program’s budget goes into greater detail on the individual funding sources and project dates for the projects listed in this report. The Capital Budget is located at:

<https://www.sanjoseca.gov/your-government/departments-offices/office-of-the-city-manager/budget/budgetdocuments>
