As a soon to be empty nester it is time for me to make a permanent commitment to community service. We moved downtown last year from Cambrian Park. These 2 neighborhoods are very different and require different priorities to maintain the highest quality of life. The explosive growth of downtown San Jose will bring economic opportunities for citizens but it is also important that we meet the challenges that come with development. It is important to make sure that our neighborhood is a safe, accessible and inclusive community.

As a professional, I have run and managed projects and people for 25 years and I have worked in the interests of my community. I am a collaborator seeking the best outcomes based on a consensus driven approach. This style comes from my graduate work, subsequent research and. As a program evaluator I used the application of scientific methodology to learn what works (and what doesn't work) in public policy. I have evaluated adolescent drug prevention programs for the Governor's Commission of Drug and Alcohol Abuse in the State of Maryland. I have conducted an evaluation of multicultural education in the city go Pittsburgh, PA and worked at the National Center for the Advancement of Prevention in Washington, DC. All of these projects required an immersion into the communities served by these programs and as a result I am well versed in listening to concerns and translating them into action plans.
