Subject: Councilman on a taxpayer trip to Japan

Dear Mayor Liccardo, City Council Members and City Clerk,

Due to reasonable concern by taxpayers over the purpose of the recent trip to Japan by some Council members and other staff, I would like to suggest a public accounting be given for what was paid from public funds. That would help clarify the importance of this trip and help many of us understand the priorities of the Council.

After reading the interview with Mayor Liccardo published by San Jose Inside, I feel the mayor would be agreeable to a public accounting of the trip in the interest of transparency, fiscal responsibility, and concerns by the taxpayers.

I look forward to learning more about this trip, it's benefit to our city and the associated costs. Perhaps another article in San Jose Inside with a detailed expense report would be helpful in answering questions your constituency might have. Additionally, it would be helpful if the financial report was posted on the various Nextdoor neighborhoods in the city to reach an even larger audience.

Thank you for your response.
