Date: 05/03/21

SUBJECT: Report on Bids and Award of Contract for the 9110 - Park: Pellier Park Project

RECOMMENDATION

Accept staff's report on bids and award of contract for the 9110 – Pellier Park Project.

BACKGROUND

Since 2016, my office has worked closely with stakeholders including the surrounding residents, Preservation Action Council, E Vitus Clampus, San Jose Downtown Association, PRNS and Public Art Staff as well as their consultants to bring forward a beautiful and inclusive public space that honors the history of Louis Pellier and his agricultural contributions.

This report on the procurement of Pellier Park is one of the final steps before shovels will finally hit the ground. I want to take this moment to thank all who have been involved in this long journey and what better time than now for us to break ground on the first of three new parks in the North San Pedro/Brandenburg Specific Area. Along with the recently approved North San Pedro and Bassett Parks, Pellier Park will be more than just a public amenity, but rather an iconic gateway into this developing area that is also rich with history.
