SUPPLEMENTAL

REASON FOR SUPPLEMENTAL

The purpose of this supplemental memorandum is to provide additional information subsequent to the Town Hall Meeting that occurred on Tuesday, February 20, 2018.

The Town Hall meeting was attended by approximately 70 people and the meeting was also available on live video streaming. The attendees were engaged and posed many excellent questions. They also expressed an interest in the technical analysis that supported the Climate Smart San José plan (Plan) data and recommendations.

In response to this request, staff has updated the web page to include minor updates to the Plan and a technical appendix. In addition, staff has posted a separate link to the Detailed Modeling Assumptions.
