

Memorandum

TO: HONORABLE MAYOR
AND CITY COUNCIL

FROM: Councilmember Cohen

SUBJECT: SEE BELOW

DATE: June 15, 2021

Approved

A handwritten signature in cursive script that reads "David Cohen".

Date June 15, 2021

SUBJECT: ACTIONS RELATED TO POWER PROCUREMENT

RECOMMENDATION

1. Accept the Staff Report.
2. Request that a report come back to Transportation and Environment Committee with a feasibility study for aligning SJCE standards with Peninsula Clean Energy and other CCA providers. Additionally, this report should give a cross-industry analysis to determine the prevailing labor standards within the CalCCA membership and what regulatory authority CalCCA has to enforce labor and procurement agreements.

BACKGROUND

As we consider the recommendation to expand the powers of the Director of SJCE, we should ensure that our values of maintaining a high level of labor standards are part of the decision-making process. This analysis will give more clarity to best practices for the industry and give us the guidance we need to identify shortfalls in our current policy framework. Furthermore, this analysis should include a review of our contracts with 3rd party providers, such as those in the State of New Mexico, Kern County and Fresno County.
