Dear Mayor and City Council:

I strongly support Urban Confluence Silicon Valley and the proposed study to locate the magnificent "Breeze of Innovation" at Plaza de Cesar Chavez. The opportunity to have a spectacular world class landmark privately funded and sited at San Jose's most important city park would be a credit to civic leadership in our city.

The artistic element of "Breeze of Innovation" would complement San Jose's genuine comment to both public art and economic activity in downtown San Jose.

I am confident your support of Agenda item #7.2 would be deeply appreciated by the arts community.

Thank you,

Larry Stone
Assessor
