# Commercial Paper Overview

- Short-term financing mechanism with a fixed maturity of up to 270 days
- Maturing notes are either paid in full (principal and interest) or “rolled” to another maturity date
  - Letters of credit – currently extends through November 2018
- Variable interest rate
- Security
  - General Fund
  - Pledged assets
- Benefits
- Risks

# Why use CP for this project?

- Provide funds for the flood recovery construction projects in time to seek reimbursement from FEMA and CalOES before the September 2018 deadline
- Cost-effective way to obtain capital markets funding quickly
- Longer term funding would have been more expensive, taken more time
- Flexibility of CP will accommodate variances in revenues/reimbursements

# City Council Recommendations

- Accept the status report on the 2017 flood recovery projects;
- Adopt Appropriation Ordinance and Funding Sources Resolution amendments as detailed in Attachment A;
- Conduct a public hearing concerning the approval of the issuance by the City of San José Financing Authority of commercial paper notes in order to finance certain public capital improvements of the City, consisting of flood recovery and construction for parks and community facilities.

# City Council Recommendations

- That the City of San José Financing Authority Board adopt a resolution to approve the issuance of City of San José Financing Authority Commercial Paper Notes to provide financing for the flood recovery construction projects in an amount not to exceed \$21 million.

# City Council and Financing Authority Recommendations

- Adopt resolution of City Council approving the issuance of up to \$21 million of Commercial Paper Notes and stating the City Council's determination that there will be significant public benefit from such financing
- Adopt resolution of the City of San José Financing Authority Board approving the issuance of up to \$21 million of Commercial Paper Notes
