Good evening Miss Maguire,

With all due respect to Matt Loesch, I must say that I found his "answer" dated April 24th as to why there are hardly any adult cats available for adoption to be rather inadequate.

The stray-wait hold period is 3 days.

The data-point that Mr. Loesch cited from April 15th with 120 cats and kittens on stray wait hold and/or not altered that served as the basis for his narrative about why Cats are not available in the adoption kennels and adoption rooms for the public to adopt is certainly questionable given that we are now 19 days from April 15th and as of 1:00 PM yesterday there were no kittens available for adoption and only 12 cats available for adoption as of today.

One would think that after 19 days from his data-point, we would see a lot of cats filling adoption rooms and adoption kennels in the front of the animal shelter. This certainly has not been the case. Moreover, one would also think that spay/neuter capacity would not be an issue with four full-time vets on staff.

This morning (Sunday, May 4th) of the 12 adult cats listed on *Pet Compass* available for adoption, 4 are in foster and 1 of those in foster is rescue only (see below screenshot).

This means that only 8 cats are available for adoption at the shelter to the public.

Again, I find the way that the shelter is managed by your three highly paid Directors to be quite disappointing. It continues to fail the taxpayer that it serves.

This is yet another example of the shelter dramatically underperforming. It certainly begs the question just what services the San Jose Community is offered by SJACS when there are no kittens available and only 8 adult cats available in early May on a budget of over \$15 million dollars.

Good afternoon Miss Maguire,

I would like to point out to you (and other members of City leadership) that we are now 21-days from the April 15th data-point that Matt Loesch shared with us when he offered his explanation as to why there are hardly any Cats Available for Adoption to the public.

Today is May 6th, and *Pet Compass* shows only 9 Cats and 2 Kittens available for adoption.

And of those 11, there are 3 in foster care.

Thus, only 8 available to the public.

I'm sorry Miss Maguire, but the reply that your Public Works Director offered on April 24th as an "explanation" as to why there are hardly any Cats available for adoption to the public just doesn't hold any "water". His narrative that adoption availability has been "limited" due to the number of Cats on stray-wait hold (120) back on April 15th is highly questionable, if not false. - - - For those that are unaware, stray-wait hold only lasts for 3 days. Additionally, it's hard to imagine that spay/neuter capacity is somehow "limited" given that I believe you have 4 full-time Vets currently on staff.

If Mr. Loesch's explanation held any "water", one would think that we'd see some of those 120 cats that he referenced on stray-wait hold from April 15th, starting to fill-up the adoption rooms and kennels at SJACS. But here we are 21 days later and still only 8 cats are available. This, in and of itself is a prime example of what is so very wrong with the management of this animal shelter.

By the way, this is not the first time that Mr. Loesch has offered a "half-baked" answer to one of my questions.

As you well know, a similar "reply" was offered by Mr. Loesch on February 24th when I showed documentation (invoices) in which SJACS had incurred several months of outstanding (unpaid) bills with *MedVet* - - - for the months of September, October, and November (not to mention May and July as well). In his reply, Mr. Loesch bizarrely replied that I was "wrong" and that the shelter was all paid up as of February - - - not even recognizing the unpaid invoices marked "outstanding" from *MedVet* as of year-end that I had attached and highlighted in my email.

On December 12th in front of the NSE Committee, it also did not go unnoticed that Mr. Loesch was not upfront and forthcoming with NSE Chairman Ortiz when it came to the death of a pit bull from a simple neuter surgery by the name of *Rufus*.

It was at this meeting when asked by Chairman Ortiz if there would be a third-party alternative investigation and necropsy performed, Mr. Loesch replied, "We don't intend to. We think we understand why *Rufus* died."

However, not only did Mr. Loesch and Dr. Kather not disclose how the dog had died and chose to instead embark along a rather circuitous "dance" regarding kennel placement which had nothing to do with the fact that the dog had gone unmonitored post-op while unconscious and most likely died of asphyxia - - - Mr. Loesch and Dr. Kather both ignored sharing with Mr. Ortiz and the NSE Committee that a necropsy had in fact been performed by one of their own vets Dr. Marissa McKinley and moreover, they both chose *not to share its contents or determination of death* with members of the Committee.

I believe that I was not the only one who attended that meeting that day at City Hall that felt deceived.

Miss Maguire, if SJACS is to ever improve and make significant changes for the better, your Directors have got to stop parroting false narratives and "spin" when it comes time to informing the public and elected officials about the operations of your animal shelter.

The fact that your management team repeatedly fails to answer specific shelter operations questions from a solid knowledge base is truly troubling and again, reflective of their poor skillset.

It really begs the question why the City has not conducted job searches for professionals with the right skillset to lead and operate SJACS. The recent addition of a highly "green" and unproven Rescue/Foster Coordinator is just one more example of your Directors setting up an employee to fail - - - with more animals suffering and not getting out of the shelter in a timely manner.

The deflection and inability to be **truthful** and **transparent** when answering basic questions is puzzling at best.

Over time, the concerns of the public regarding how the City has been caring for these animals in its custody have repeatedly been discounted, dismissed, and even denied. What's perhaps even more shocking is how your Directors don't ever appear to be held accountable - - - even when a California State Law had been clearly violated by your Directors in October of 2023, the *Hayden Act*. - - - A violation that didn't even trigger a formal investigation by your staff.

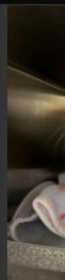

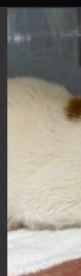

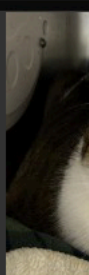

Miss Maguire, this is an insult to the hard-working volunteers and partners of the shelter who go unpaid and give their "everything" to make SJACS a better place for the animals in its care and improve live outcomes.

This charade is growing old.

Sincerely,

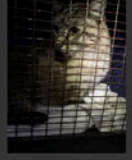

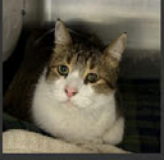

Mike Wagner

Dear Miss Maguire,

These SJAC Outcome numbers for April 2025 vs April 2024 are most troubling.

Cat Adoption down from 137 to 78 (- 43.0%)

Cat Rescue down from 169 to 87 (- 48.5%)

Cat Euthanasia up from 61 to 117 (+ 91.8%)

Cat Foster down from 474 to 0

Sincerely,

Mike Wagner

Note: Outcome Data from the monthly SJACS Kennel Statistics Report via public information request.

April 2025, April 2024, April 2023 data documents attached.

About This Report

This report retrieves all the Kennel/Animal records with the following conditions:

1. Animal Type is CAT and DOG
2. Kennel Location is 'SJACS'
3. Kennel Intake Date between the date range selected
4. Kennel Intake Condition is NOT DEAD
5. Kennel Intake Type is NOT IN ["DISPO REQ", "S/N CLINIC", "SURGERY"]
6. Kennel No is NOT 'SJ HOME'

About This Report

This report retrieves all the Kennel/Animal records with the following conditions:

1. Animal Type is CAT and DOG
2. Kennel Location is 'SJACS'
3. Kennel Intake Date between the date range selected
4. Kennel Intake Condition is NOT DEAD
5. Kennel Intake Type is NOT IN ["DISPO REQ", "S/N CLINIC", "SURGERY"]
6. Kennel No is NOT 'SJ HOME'

Kennel Statistics Report

Outcomes from 4/1/2023 to 4/30/2023

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

Support chartered parks and include protection for parks not yet developed due to lack of funding. There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

To this end, please ensure the following lands are protected:

1. The City owns the land (fee title) or has unrestricted access through an easement in perpetuity, and
 - a. The land has been (or is planned to be) improved with recreational or park amenities, whether passive or active, AND/OR
 - b. The land is (or is planned to be) open to the public for public park purposes.
2. The land is currently used as a public golf course.
3. Creek trails and the City owned properties that they traverse.

Please also direct staff to plan for any necessary Charter amendments necessary to fully accomplish this.

Protect Our Parks.

Sincerely,
Katja Irvin
95116

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

Note: Creek trails and the City owned properties that they traverse are important beyond 24 ft. wide strips. People are drawn to use them for many reasons but clearly the surrounding natural habitat, shade, historical setting, or other items of interest often lie beyond 24 ft.

Support chartered parks and include protection for parks not yet developed due to lack of funding. There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

To this end, please ensure the following lands are protected:

1. The City owns the land (fee title) or has unrestricted access through an easement in perpetuity, and
 - a. The land has been (or is planned to be) improved with recreational or park amenities, whether passive or active, AND/OR
 - b. The land is (or is planned to be) open to the public for public park purposes.

2. The land is currently used as a public golf course.
3. Creek trails and the City owned properties that they traverse.

Please also direct staff to plan for any necessary Charter amendments necessary to fully accomplish this.

Protect Our Parks.

Sincerely,
David Poeschel

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

I appreciate that public golf courses that are on city parkland are considered parkland.

Support chartered parks and include protection for parks not yet developed due to lack of funding. There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

To this end, please ensure the following lands are protected:

1. The City owns the land (fee title) or has unrestricted access through an easement in perpetuity, and
 - a. The land has been (or is planned to be) improved with recreational or park amenities, whether passive or active, AND/OR
 - b. The land is (or is planned to be) open to the public for public park purposes.
2. The land is currently used as a public golf course.
3. Creek trails and the City owned properties that they traverse.

Please also direct staff to plan for any necessary Charter amendments necessary to fully accomplish this.

Protect Our Parks.

Sincerely,
Alie Victorine

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

I appreciate that public golf courses that are on city parkland are considered parkland.

Support chartered parks and include protection for parks not yet developed due to lack of funding. There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

To this end, please ensure the following lands are protected:

1. The City owns the land (fee title) or has unrestricted access through an easement in perpetuity, and
 - a. The land has been (or is planned to be) improved with recreational or park amenities, whether passive or active, AND/OR
 - b. The land is (or is planned to be) open to the public for public park purposes.
2. The land is currently used as a public golf course.
3. Creek trails and the City owned properties that they traverse.

Please also direct staff to plan for any necessary Charter amendments necessary to fully accomplish this.

Protect Our Parks.

Sincerely,
Alie Victorine
95111

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

It is vital the city council protect city parks and golf courses owned by the city. Especially Rancho del Pueblo which is the only affordable recreational golf course for youth, families and seniors in east San Jose.

Support chartered parks and include protection for parks not yet developed due to lack of funding. There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

To this end, please ensure the following lands are protected:

1. The City owns the land (fee title) or has unrestricted access through an easement in perpetuity, and
 - a. The land has been (or is planned to be) improved with recreational or park amenities, whether passive or active, AND/OR
 - b. The land is (or is planned to be) open to the public for public park purposes.

2. The land is currently used as a public golf course.
3. Creek trails and the City owned properties that they traverse.

Please also direct staff to plan for any necessary Charter amendments necessary to fully accomplish this.

Protect Our Parks.

Sincerely,
Victor M. Arrañaga, Jr.

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

First Tee – Silicon Valley's youth development program dates back to 2000 when the San Jose Sports Authority (SJSA) and founding Board Chair, Victor M. Arrańaga, Jr. created the Eagles junior golf program for East San José youth at Rancho del Pueblo. In 2005, the Eagles became a chapter within the First Tee national organization. Our unique approach to youth development transforms lives and gives kids and teens a brighter future. We teach life skills and golf skills on-course, in- school, and after-school. Our programs are accessible to youth of different backgrounds and perspectives and affordable to families experiencing financial hardship. We have taught our life skills and golf skills curriculum to over 100,000 youth since 2000. Rancho del Pueblo Golf Course continues to be our program home and is critically important to fulfilling our mission.

Support chartered parks and include protection for parks not yet developed due to lack of funding. There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

To this end, please ensure the following lands are protected:

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

Most San Jose parks are a disgrace for this city. Millions have been spent to develop the newer parks but then no one maintains them.

Older parks, Alum Rock, Lake Cunningham, are in bad shape because of lack of maintenance over the years,

We have few parks in San Jose that we can be proud of!

Support chartered parks and include protection for parks not yet developed due to lack of funding. There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

To this end, please ensure the following lands are protected:

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

Our parks and future parks help keep our city cool in the summer and provide spaces for people to gather and enjoy nature. It refreshes their souls and spirit. If climate change is to be dealt with, parks, open spaces, trees and gardens are one step in the right direction.. But I think golf courses are a waste of water and spaces that would be used by more people if they were turned into parks.

Support chartered parks and include protection for parks not yet developed due to lack of funding. There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

To this end, please ensure the following lands are protected:

1. The City owns the land (fee title) or has unrestricted access through an easement in perpetuity, and
 - a. The land has been (or is planned to be) improved with recreational or park amenities, whether passive or active, AND/OR
 - b. The land is (or is planned to be) open to the public for public park purposes.
2. The land is currently used as a public golf course.
3. Creek trails and the City owned properties that they traverse.

Please also direct staff to plan for any necessary Charter amendments necessary to fully accomplish this.

Protect Our Parks.

Sincerely,
Hector Hernandez
95116-2989

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

Public Parks are so necessary to the health of our City and our Residents. We need to build even more parks and golf courses to combat climate change.

Support chartered parks and include protection for parks not yet developed due to lack of funding. There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

Dear Mayor and City Council,

I'm writing to respectfully urge you to take action to ensure the long-term protection of our city's parks, open spaces, and recreational lands.

Specifically, I ask that you prioritize protection for lands that meet the following criteria:

The City owns the land in fee title or holds a permanent, unrestricted easement, and

a. The land has been developed—or is planned to be developed—with recreational or park amenities (passive or active), and/or

b. The land is currently open—or planned to be opened—for public park purposes.

Land that is currently operated as a public golf course.

Creekside trails and the City-owned properties through which they pass.

Additionally, I respectfully request that the Council direct staff to begin planning for any necessary Charter amendments to ensure these protections are permanent and enforceable.

Let's take this opportunity to safeguard the green spaces that make our city livable, equitable, and vibrant. Let's Protect Our Parks. While at it PLEASE STOP USING ROUNDUP in the parks and city managed properties.

Sincerely,
Gina Spada

Support chartered parks and include protection for parks not yet developed due to lack of funding. There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

To reduce or refuse to protect parkland is to willingly sacrifice the well-being, physical health, and mental health of the citizens of San Jose. Please prioritize green space and protected parklands in future city planning.

Support chartered parks and include protection for parks not yet developed due to lack of funding. There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

Please protect our parks and open spaces. This is important for the quality of life for all citizens, both for recreation and for environmental services (habitat for wildlife, carbon entrapment, and flood control). We have so many empty storefronts and warehouses that would provide excellent places for development with utilities already in place.

Support chartered parks and include protection for parks not yet developed due to lack of funding. There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

To this end, please ensure the following lands are protected:

1. The City owns the land (fee title) or has unrestricted access through an easement in perpetuity, and
 - a. The land has been (or is planned to be) improved with recreational or park amenities, whether passive or active, AND/OR

b. The land is (or is planned to be) open to the public for public park purposes.

2. The land is currently used as a public golf course.

3. Creek trails and the City owned properties that they traverse.

Please also direct staff to plan for any necessary Charter amendments necessary to fully accomplish this.

Protect Our Parks.

Sincerely,

Christine Nagel

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

The amount of open space (parks, creeks, rivers and golf & sports areas) for a population the size of San Jose is minimal at best. Further, these areas add to the attractiveness and appeal of the city. We need to focus on expanding the open space rather than converting it to other projects. There are ample spaces for building housing and apartment complexes.

Support chartered parks and include protection for parks not yet developed due to lack of funding. There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

To this end, please ensure the following lands are protected:

1. The City owns the land (fee title) or has unrestricted access through an easement in perpetuity, and
 - a. The land has been (or is planned to be) improved with recreational or park amenities, whether passive or active, AND/OR

b. The land is (or is planned to be) open to the public for public park purposes.

2. The land is currently used as a public golf course.

3. Creek trails and the City owned properties that they traverse.

Please also direct staff to plan for any necessary Charter amendments necessary to fully accomplish this.

Protect Our Parks.

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

Stop waiving park fees for development. We need far more park lands. The retired golf course should remain entirely park land, some developed for park uses and some more natural for walking, sitting, biking, etc., so people can be close to nature for better physical and mental health.

Support chartered parks and include protection for parks not yet developed due to lack of funding.

There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

We must protect our parks for the influx of people that will need them. If you want the population to increase, then you have to create community spaces in nature as well as libraries and schools.

Support chartered parks and include protection for parks not yet developed due to lack of funding. There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

To this end, please ensure the following lands are protected:

1. The City owns the land (fee title) or has unrestricted access through an easement in perpetuity, and
 - a. The land has been (or is planned to be) improved with recreational or park amenities, whether passive or active, AND/OR
 - b. The land is (or is planned to be) open to the public for public park purposes.
2. The land is currently used as a public golf course.
3. Creek trails and the City owned properties that they traverse.

Please also direct staff to plan for any necessary Charter amendments necessary to fully accomplish this.

Protect Our Parks.

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

I've lived here all of my life and have enjoyed the city parks. But now, not so much. Maintaining the parks seems to be a low priority and that's sad. Alum Rock, our "crown jewel" is falling apart. Having parks and green spaces is not enough. There must be a budget to maintain them. If not, the good citizens of SJ will stop going and the parks will be taken over by drug addicts and gangs. Please help!

Support chartered parks and include protection for parks not yet developed due to lack of funding. There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

Children need parks and open spaces to play and learn. I watched my "parks", farmland, disappear acre by acre as subdivisions were created.

To the extent even public school lands are disappearing due to housing needs, the city will be poorer.

If the city took away home ownership privileges for anyone or any entity owning more than 100 homes, or 50 homes, more housing would become available and we could save our open space.

Support chartered parks and include protection for parks not yet developed due to lack of funding.

There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

To this end, please ensure the following lands are protected:

1. The City owns the land (fee title) or has unrestricted access through an easement in perpetuity, and
 - a. The land has been (or is planned to be) improved with recreational or park amenities, whether

passive or active, AND/OR

b. The land is (or is planned to be) open to the public for public park purposes.

2. The land is currently used as a public golf course.

3. Creek trails and the City owned properties that they traverse.

Please also direct staff to plan for any necessary Charter amendments necessary to fully accomplish this.

Protect Our Parks.

Sincerely,

Michael Richter

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

When I compare San Jose to San Francisco and its Golden Gate Park, I become sad for San Jose and the few parks we have. San Jose should protect its parks, develop new ones. It is something necessary for human beings to feel a connection with nature and its beauty.

Support chartered parks and include protection for parks not yet developed due to lack of funding.

There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

To this end, please ensure the following lands are protected:

1. The City owns the land (fee title) or has unrestricted access through an easement in perpetuity, and
 - a. The land has been (or is planned to be) improved with recreational or park amenities, whether passive or active, AND/OR
 - b. The land is (or is planned to be) open to the public for public park purposes.

2. The land is currently used as a public golf course.

3. Creek trails and the City owned properties that they traverse.

Please also direct staff to plan for any necessary Charter amendments necessary to fully accomplish this.

Protect Our Parks.

Sincerely,

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

Support chartered parks and include protection for parks not yet developed due to lack of funding.

There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

To this end, please ensure the following lands are protected:

1. The City owns the land (fee title) or has unrestricted access through an easement in perpetuity, and
 - a. The land has been (or is planned to be) improved with recreational or park amenities, whether passive or active, AND/OR
 - b. The land is (or is planned to be) open to the public for public park purposes.
2. The land is currently used as a public golf course.
3. Creek trails and the City owned properties that they traverse.

Please also direct staff to plan for any necessary Charter amendments necessary to fully accomplish this.

Protect Our Parks.

Sincerely,

Mark Luiso

95118

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

I've been a resident of San Jose , California for all my 63 years of life growing up playing at parks is what I did. I still go visit those parks. Alot of them are clean and respected by people, but some do need attention. Please keep our parks open, maintained so the people who love thier city can continue to use them . Thank you

Support chartered parks and include protection for parks not yet developed due to lack of funding. There are planned park sites that are still awaiting funding.

Our public lands currently used as recreational golf spaces used by children and seniors must also be protected. Protect this public opportunity.

Also protect our creek trails, which benefit people and nature along with protecting property from flooding and erosion.

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

Subject line: Maria Burrus 95112 – Protect Our Parks: Definition of Chartered Parkland

Dear San Jose City Council,

Save and protect our parks, both current and planned, plus public golf courses used by seniors and children.

We need to have proper signs with law enforcement codes saying what you can't do at the parks.

Need detour homelessness, drugs, alcohol, and post when the parks are closed, and no food trucks, no camping, no booths, car shows, and no sales of any kind.

Support chartered parks and include protection for parks not yet developed due to a lack of funding.

There are planned park sites that are still awaiting funding.

Our public lands, currently used as recreational golf spaces used, by children and seniors, must also be protected. Protect this public opportunity.

Also, protect our creek trails, which benefit people and nature, along with protecting property from flooding and erosion.

To this end, please ensure the following lands are protected:

The City owns the land (fee title) or has unrestricted access through an easement in perpetuity, and

a. The land has been (or is planned to be) improved with recreational or park amenities, whether passive or active, AND/OR

b. The land is (or is planned to be) open to the public for public park purposes.

The land is currently used as a public golf course.

Creek trails and the city-owned properties that they traverse.

Please also direct staff to plan for any necessary Charter amendments necessary to fully accomplish this.

Protect Our Parks.

Sincerely,

Maria Burrus

[External Email. Do not open links or attachments from untrusted sources. [Learn more](#)]

Dear Mayor Mahan and San Jose City Council,

I ask you to rise to the challenge rather than cave to bullies intent on stifling the input of disadvantaged communities. The City needs to immediately restore virtual public comment for all City Council, Committee, and Commission meetings.

It is clear there is an effort to silence members of disadvantaged communities. Many residents rely on being able to provide virtual public comment due to reasons of disability, health, work schedules, parenting and other demands of modern life. The strategy appears to be to engage in racist and hateful speech in order to bully the Council into eliminating virtual public comment. The bullies scored a victory when the Council decided to eliminate this option without first seeking community input and not at the bequest from community members.

By eliminating remote access on the heels of restricting access to the council chambers in December, San Jose has fallen from a model of good government dedicated to promoting civic participation to a city displaying troubling behavior and giving the impression that hearing from its residents is a bother.

We agree that the comments of a few bad actors are vile and have no place in a community meeting. Rather than using racist and hateful speech as an excuse to cut off community participation and hamper people's First Amendment right to petition their government, however, the City should rise to the challenge of finding solutions to preserve access for everyone while continuing to facilitate public comment by providing a virtual option.

Ending the process of remote participation, is to deny a large segment of the community the opportunity to participate in our democratic process. Some examples include:

- Disabled residents who rely on technology to speak, or who otherwise have to arrange rides with Paratransit.
- Immunocompromised residents who take on unnecessary risks to their health by spending hours in a packed room.
- Working people without the ability to arrange their schedules around hours-long council meetings.
- Parents with small children who can't take time off to attend City meetings.

For example, budget season is the most critical time of year for civic engagement. The ban on remote comments means the people most in need of an equitable city budget will be sidelined throughout the process.

The possibility that the ban on remote comments might only last months is no comfort to those who wish to comment on current City Council, Committee and Commission matters in order to ensure that quality of life in San Jose is maximized. I ask that you immediately restore virtual public comment to ensure that you and the City once again benefit from the voices silenced by your recent decision.

Dear Mayor Mahan and San Jose City Council,

I ask you to rise to the challenge rather than cave to bullies intent on stifling the input of disadvantaged communities. The City needs to immediately restore virtual public comment for all City Council, Committee, and Commission meetings.

It is clear there is an effort to silence members of disadvantaged communities. Many residents rely on being able to provide virtual public comment due to reasons of disability, health, work schedules, parenting and other demands of modern life. The strategy appears to be to engage in racist and hateful speech in order to bully the Council into eliminating virtual public comment. The bullies scored a victory when the Council decided to eliminate this option without first seeking community input and not at the bequest from community members.

By eliminating remote access on the heels of restricting access to the council chambers in December, San Jose has fallen from a model of good government dedicated to promoting civic participation to a city displaying troubling behavior and giving the impression that hearing from its residents is a bother.

We agree that the comments of a few bad actors are vile and have no place in a community meeting. Rather than using racist and hateful speech as an excuse to cut off community participation and hamper people's First Amendment right to petition their government, however, the City should rise to the challenge of finding solutions to preserve access for everyone while continuing to facilitate public comment by providing a virtual option.

Ending the process of remote participation, is to deny a large segment of the community the opportunity to participate in our democratic process. Some examples include:

- Disabled residents who rely on technology to speak, or who otherwise have to arrange rides with Paratransit.
- Immunocompromised residents who take on unnecessary risks to their health by spending hours in a packed room.
- Working people without the ability to arrange their schedules around hours-long council meetings.
- Parents with small children who can't take time off to attend City meetings.

For example, budget season is the most critical time of year for civic engagement. The ban on remote comments means the people most in need of an equitable city budget will be sidelined throughout the process.

The possibility that the ban on remote comments might only last months is no comfort to those who wish to comment on current City Council, Committee and Commission matters in order to ensure that quality of life in San Jose is maximized. I ask that you immediately restore virtual public comment to ensure that you and the City once again benefit from the voices silenced by your recent decision.

I ask that you immediately restore virtual public comment to ensure that you and the City once again benefit from the voices silenced by your recent decision.

Virtual Public Comment is a process that makes alot of sense. It allows a very basic part of Democracy to take place; allowing those who cannot physically attend meetings provide valuable input so that all voices can be heard and prevents elimination of participation of those individuals what, for whatever reason, cannot attend a meeting in person. This opens up access and participation in our Democratic process. Denying this is something that should not be tolerated!

Dear Mayor Mahan and San Jose City Council,

I ask you to rise to the challenge rather than cave to bullies intent on stifling the input of disadvantaged communities. The City needs to immediately restore virtual public comment for all City Council, Committee, and Commission meetings.

It is clear there is an effort to silence members of disadvantaged communities. Many residents rely on being able to provide virtual public comment due to reasons of disability, health, work schedules, parenting and other demands of modern life. The strategy appears to be to engage in racist and hateful speech in order to bully the Council into eliminating virtual public comment. The bullies scored a victory when the Council decided to eliminate this option without first seeking community input and not at the bequest from community members.

By eliminating remote access on the heels of restricting access to the council chambers in December, San Jose has fallen from a model of good government dedicated to promoting civic participation to a city displaying troubling behavior and giving the impression that hearing from its residents is a bother. We agree that the comments of a few bad actors are vile and have no place in a community meeting. Rather than using racist and hateful speech as an excuse to cut off community participation and hamper people's First Amendment right to petition their government, however, the City should rise to the challenge of finding solutions to preserve access for everyone while continuing to facilitate public comment by providing a virtual option.

Ending the process of remote participation, is to deny a large segment of the community the opportunity to participate in our democratic process. Some examples include:

- Disabled residents who rely on technology to speak, or who otherwise have to arrange rides with Paratransit.
- Immunocompromised residents who take on unnecessary risks to their health by spending hours in a packed room.
- Working people without the ability to arrange their schedules around hours-long council meetings.
- Parents with small children who can't take time off to attend City meetings.

For example, budget season is the most critical time of year for civic engagement. The ban on remote comments means the people most in need of an equitable city budget will be sidelined throughout the process.

The possibility that the ban on remote comments might only last months is no comfort to those who wish to comment on current City Council, Committee and Commission matters in order to ensure that quality of life in San Jose is maximized. I ask that you immediately restore virtual public comment to ensure that you and the City once again benefit from the voices silenced by your recent decision. These are just common sense solutions. Don't think that everyday citizens don't want to participate and have an opinion about their community and lives. People need flexibility .

Thank you,

Linda

Dear Mayor Mahan and San Jose City Council,

I ask you to rise to the challenge rather than cave to bullies intent on stifling the input of disadvantaged communities. The City needs to immediately restore virtual public comment for all City Council, Committee, and Commission meetings.

It is clear there is an effort to silence members of disadvantaged communities. Many residents rely on being able to provide virtual public comment due to reasons of disability, health, work schedules, parenting and other demands of modern life. The strategy appears to be to engage in racist and hateful speech in order to bully the Council into eliminating virtual public comment. The bullies scored a victory when the Council decided to eliminate this option without first seeking community input and not at the bequest from community members.

By eliminating remote access on the heels of restricting access to the council chambers in December, San Jose has fallen from a model of good government dedicated to promoting civic participation to a city displaying troubling behavior and giving the impression that hearing from its residents is a bother.

We agree that the comments of a few bad actors are vile and have no place in a community meeting. Rather than using racist and hateful speech as an excuse to cut off community participation and hamper people's First Amendment right to petition their government, however, the City should rise to the challenge of finding solutions to preserve access for everyone while continuing to facilitate public comment by providing a virtual option.

Ending the process of remote participation, is to deny a large segment of the community the opportunity to participate in our democratic process. Some examples include:

- Disabled residents who rely on technology to speak, or who otherwise have to arrange rides with Paratransit.
- Immunocompromised residents who take on unnecessary risks to their health by spending hours in a packed room.
- Working people without the ability to arrange their schedules around hours-long council meetings.
- Parents with small children who can't take time off to attend City meetings.

For example, budget season is the most critical time of year for civic engagement. The ban on remote comments means the people most in need of an equitable city budget will be sidelined throughout the process.

The possibility that the ban on remote comments might only last months is no comfort to those who wish to comment on current City Council, Committee and Commission matters in order to ensure that quality of life in San Jose is maximized. I ask that you immediately restore virtual public comment to ensure that you and the City once again benefit from the voices silenced by your recent decision.

The council was elected to bring forth the requests by their constituents, not the business community. As citizens of San José, we must be given the right to speak out on issues that involve us. The council seems to be in the pocket of business interests and not working for the interests of residents.

For example, budget season is the most critical time of year for civic engagement. The ban on remote comments means the people most in need of an equitable city budget will be sidelined throughout the process.

The possibility that the ban on remote comments might only last months is no comfort to those who wish to comment on current City Council, Committee and Commission matters in order to ensure that quality of life in San Jose is maximized. I ask that you immediately restore virtual public comment to ensure that you and the City once again benefit from the voices silenced by your recent decision.

As elected officials put into office to REPRESENT the residents/taxpayers/voters of San Jose you MUST restore virtual public comment at all City Council meetings. You have no right to exclude the very people you were elected to represent from expressing their opinions. If we must pay for your decisions with our tax money and with the loss of quality of life in San Jose due to those decisions, we have every right to be heard.

Patricia Blevins

**FOR IMMEDIATE RELEASE**

May 7, 2025

Contact: [REDACTED] (Lofgren)
[REDACTED] (Newhouse)

Bipartisan House Members Reintroduce the Farm Workforce Modernization Act of 2025

WASHINGTON, DC – U.S. Representatives Zoe Lofgren (D-CA-18), Dan Newhouse (R-WA-04), Mike Simpson (R-ID-02), Jim Costa (D-CA-21), David Valadao (R-CA-22), and Adam Gray (D-CA-13) reintroduced the Farm Workforce Modernization Act, H.R. 3227, which creates a workforce solution for America's agriculture industry, one of the most critical sectors of the national economy.

The bill, which passed the House of Representatives with strong bipartisan support in the [116th](#) and [117th](#) Congresses, and introduced in the [118th](#) Congress, updates the H-2A agricultural guest worker program and is a compromise solution that provides needed stability for farms and farmworkers.

"The men and women who work America's farms feed the nation. However, in the past few years, we've seen labor shortages contribute to high food prices," **said Rep. Zoe Lofgren**. "As economic chaos and confusion continues, it is essential we provide stability to this critical workforce. The Farm Workforce Modernization Act would do so, which will protect the future of our farms and our food supply. It is well-past time we get this bipartisan legislation twice passed by the House of Representatives to the President's desk."

"The workforce crisis has come to a boiling point for farmers across the country. Reintroducing the Farm Workforce Modernization Act sends a clear message to farmers that we are working hard to find solutions that ease the burdens brought on by the current state of the H-2A program. This legislation is necessary to lay the groundwork for continued negotiations, and I am committed to working closely with my colleagues to enact long-term, durable reforms to our agriculture guest worker programs. This issue has been, and remains, my top priority and unified Republican government is an opportunity to deliver for our farmers and ranchers," **said Rep. Dan Newhouse**.

Background

The bill was negotiated over eight months in 2019 with input from farmers, agricultural stakeholders, labor organizations, and farmworker advocates. In December 2019, it became the first agriculture labor reform legislation to pass the House of Representatives since 1986. Since its passage, a bipartisan coalition of Members has continually been working to move the bill through the legislative process.

Why? Because farmers and ranchers across the United States are in desperate need of a high-quality, reliable workforce, farmworkers need a stable future, and the current H-2A guestworker program needs meaningful, bipartisan reform.

The bill:

- Reforms the H-2A program to provide more flexibility for employers, while ensuring critical protections for workers.
- Establishes a program for agricultural workers in the United States to choose to earn legal status through continued agricultural employment and contribution to the U.S. agricultural economy.
- Focuses on modifications to make the program more responsive and user-friendly for employers and provides access to the program for industries with year-round labor needs.

Support

"Across America, farm workers are still going to work everyday to put food on our tables," **said UFW President Teresa Romero**. "Yet even as they feed our nation, too many farm workers are living in fear and uncertainty. The farm workers who feed America have earned the right to call America home. This bipartisan, common sense legislation will create an opportunity for these workers to step out of the shadows and become full members of the society they feed."

With the reintroduction of the Farm Workforce Modernization Act, we thank Representatives Lofgren and Newhouse for their continued leadership on this important issue. During this legislative process, we implore Congress to provide much-needed updates to this bill to provide both immediate relief and long-lasting solutions for American agriculture. As always, we stand ready to engage with our elected officials on both sides of the aisle and in both houses of congress to develop legislation that can be signed into law," **said Western Growers' CEO Dave Puglia**.

"The workforce crisis is the most important issue facing agriculture in our country," **said Rep. Mike Simpson**. "Supporting American agriculture means providing a stable, reliable, and legal workforce, and this legislative solution addresses one of the most pressing concerns our farmers and ranchers face. Now that we finally have an administration taking the border crisis seriously, Congress must address this issue and enact necessary reforms. It is well past time we solve this problem. I look forward to working with my colleagues and getting this critical legislation across the finish line to President Trump's desk for his signature."

"American agriculture depends on a reliable workforce and nowhere is that more true than in California's San Joaquin Valley, where farmworkers are the backbone of our economy. This legislation is a common-sense, bipartisan solution that provides stability for our farmers and dignity for the workers who feed America. If President Trump is serious about fixing our broken immigration system, he should work with us to get this bill across the finish line," **said Rep. Jim Costa**.

"Central Valley farmers are the backbone of our nation's agricultural industry, but they continue to face serious challenges finding and retaining a reliable workforce," **said Rep. David Valadao**. "The current H-2A program doesn't meet the labor needs of many producers, but the Farm Workforce Modernization Act is a positive step to addressing our agriculture workforce needs and securing our food supply chain. Food security is national security, and I look forward to continuing to work with my colleagues on both sides of the aisle to find long-term solutions that support our farmers and strengthen our food supply chain."

"Farm workers and the larger agricultural community are the backbone of the Central Valley's economy," **said Rep. Adam Gray**. "Labor shortages on our farms could lead to higher food prices across the country and the Valley cannot afford to be shorthanded. This commonsense bipartisan bill would stabilize our vital workforce and make sure Valley farmers can continue to feed families across the country."
