Please state why you want to become a member of this Board or Commission including specific objectives which you would work toward as a member. If you are applying for the Board of Fair Campaign and Political Practices, please indicate any familiarity or experience you may have with campaign laws.

I'm interested in improving the lifestyle of the older adults living in East San Jose, the perception is that the city doesn't do enough for our community and I want to change that perception.

Please state any other information which you feel would be useful in reviewing your application

During my career with AT&T I had the opportunity to help start the first Hispanic center and became the main person in charge of community outreach to our community. I attended fairs, churches, non-profits and celebrations etc. in an effort to educate the public on the services we provided. This program was so successful we grew the center from 5 customer service reps to over 500 statewide and then branching off into the Vietnamese Center and Chinese Centers.

I had a fantastic experience when I was on the Board of the Emergency Housing Consortium. As a board member I was able to procure a \$70,000 grant them from AT&T to help the homeless. I not only served on the board but I would also go to the shelters with my daughter to feed the homeless and have always been driven to help those in need.

Question applies to Senior Citizens Commission

Please describe a leadership role you have assumed within the last five years.

As a Project Manager for AT&T I was responsible in leading our team to success, the way I did that was by setting realistic goals and achieving them on time and within budget. I managed 250-400 projects daily and communicated with different departments to ensure we always met our goals. As a community person I have taken upon myself to help the children in our neighborhood improve their reading skills, gain confidence and enrolled them in book clubs at the library. I drove them over the summer each month and gave them private reading lessons so that they will succeed in life.

How would you handle differences in opinions or positions on issues being heard at a Senior Commission meeting?

I listen to all sides of a position first before I come to my own decision. I can bullet point the pro's and cons to all sides and quickly determine a solution that is win win for all.

Question applies to Senior Citizens Commission

What makes you knowledgeable about senior issues in the community?

I am a senior that currently belongs to the Age Friendly Advisory Council. I am attending different meetings to familiarize myself with different facets that impact the seniors in our community. I also joined the Gen2Gen program and will be attending my first meeting tomorrow.

I would like to say . . .

I believe I am the right choice for this council as I will give 110% of my time, energy and resources to ensure we succeed.
