

**PLEASE CONTACT THE CITY CLERK OFFICE  
TO VIEW ALL OF THE EMAILS**

November 16, 2021

Dear Mayor and City Council,

2,251 community members submitted individual written public comments regarding Agenda Item 10.3 via email to [agendadesk@sanjoseca.gov](mailto:agendadesk@sanjoseca.gov) in support of staff and Task Force recommendations regarding Coyote Valley. The emails were submitted by 11/15/21. The associated document, which was created by the City Clerk's office, contains a listing of the community members along with the date of submission. The subject line for each of the emails was "Please approve the staff recommendations for the Coyote Valley General Plan amendments". This cover letter is provided to summarize the content of the emails.

A summary of the public comments is as follows: "Please vote to approve the staff recommendations for the Coyote Valley General Plan amendments. Coyote Valley is critically important and needs to be protected for climate resilience, wildlife habitat and connectivity, flood and groundwater protection, and open space and farmland. A Texas-based industrial developer has submitted a last-minute proposal for a 2.3 million square foot industrial warehouse/distribution center, with loading bays for over 500 trucks at a time. Not only would this create visual blight, it would greatly increase the number of bobcats, coyotes and other animals killed on the roads in Coyote Valley with the constant truck traffic. San Jose residents don't want to see this incredible open space area destroyed for warehouses and industrial development. Please vote to approve the staff recommendations!"

Sincerely,  
Juan Estrada  
Advocacy Associate and Organizer  
Green Foothills
