Subject: Appeal for Body Cam Footage/public records

[External Email]

To whom it may concern

I requested body cam footage from a report that took place in 2020 and was denied despite being the victim of the crime. I was told I could appeal and it be reviewed through this email.

Hello Katherine,

The attached request was received by the Operational Support Services Division of the San Jose Police Department and provided to the Research & Development

Unit for processing.

The request requires review of the referenced incident as the requested body camera footage is considered records of investigation and California Government Code 6254(f) details to whom records of records of investigation can be provided. I am not able to search for the incident using the referenced Internal Affairs complaint number. Please advise if you have the event number or I would need to
