

Memorandum

TO: HONORABLE MAYOR
AND CITY COUNCIL

FROM: John Ristow

SUBJECT: Amendment to the Heritage
Tree List

DATE: July 27, 2026

Approved

Date:

8/4/26

COUNCIL DISTRICT: Citywide

RECOMMENDATION

Adopt a resolution amending the San José Heritage Tree List pursuant to Chapter 13.28 and Chapter 13.32 of the San José Municipal Code.

SUMMARY AND OUTCOME

This proposed update adds 125 trees that meet the Heritage Tree criteria due to size, history, ecological value, or unique quality, and removes seven trees due to health or structural concerns since the list was last updated.

Approval of the resolution will result in an updated Heritage Tree List that reflects current field conditions, community nominations, and staff review. The action will ensure the City maintains an accurate official record of Heritage Trees for public reference, permit review, and implementation of the City's tree preservation requirements.

BACKGROUND

San José Municipal Code Chapter 13.28 provides that the City Council may adopt a resolution designating certain significant trees located in San José as Heritage Trees. The Heritage Tree resolution identifies trees that have special significance to the community because of their size, history, cultural significance, or unique quality. The Heritage Tree resolution was last adopted by the City Council in 2022 (Resolution Number 80762) and needs to be updated periodically to add or delete certain trees. For example, some Heritage Trees need to be removed because of health or structural concerns that have arisen since the resolution was last updated.

The City Forestry team uses feedback from the community to monitor and track the condition of existing Heritage Trees and to consider updates to the Heritage Tree resolution. Attachment A indicates which trees are to be removed and added to the Heritage Tree List. Attachment B is the updated Heritage Tree List after the proposed edits.

The recommended action will result in a net increase in the number of Heritage Trees from 784 to 902. A map displaying locations of Heritage Trees in San José is shown in Attachment C. The map, along with the Heritage Tree resolution, is also available on the City's website at: <https://www.sanjoseca.gov/your-government/departments-offices/transportation/landscaping/trees/heritage-trees>.

ANALYSIS

Updating the Heritage Tree List by resolution ensures that the City's official record is consistent with current tree conditions and supports clear implementation of the Municipal Code. The proposed additions were reviewed by the City Forestry team and meet the Heritage Tree criteria because of their size, history, species, or unique quality. Including these trees in the Heritage Tree List recognizes their community value and ensures they are considered during future permitting, maintenance, and development review processes.

The proposed deletions are limited to trees that have developed health or structural concerns since the Heritage Tree List was last updated. Removing these trees from the resolution will keep the official list, public map, and related City records accurate. The recommended action does not authorize new tree removals, construction, or other physical changes to the environment.

Climate Smart San José

The recommendation supports Climate Smart San José by promoting stewardship of the City's urban forest and preserving trees that provide shade, carbon sequestration, stormwater interception, habitat value, and heat island reduction benefits. Because this action updates an administrative list and does not approve physical work, it does not directly affect energy use, water use, vehicle miles traveled, or development density.

EVALUATION AND FOLLOW-UP

The Transportation Department's City Forestry team will continue to maintain the Heritage Tree List, update the City's public Heritage Tree map and website as appropriate, monitor the condition of listed trees through community feedback and staff review, and return to the City Council with future updates when additions or deletions are needed. No additional follow-up action with the City Council is expected at this time.

COORDINATION

This memorandum was coordinated with the City Attorney's Office, City Manager's Budget Office, Parks, Recreation, and Neighborhood Services Department, and the Planning, Building, and Code Enforcement Department.

PUBLIC OUTREACH

This memorandum will be posted on the City Council Agenda website for the August 18, 2026 City Council meeting.

BOARD, COMMISSION, COMMITTEE RECOMMENDATION AND INPUT

No board, commission, or committee recommendation or input is associated with this action.

CEQA

Not a Project, File No. PP17-008, General Procedure and Policy Making resulting in no changes to the physical environment.

PUBLIC SUBSIDY REPORTING

This item does not include a public subsidy as defined in section 53083 or 53083.1 of the California Government Code or the City's Open Government Resolution.
