SUMMARY OF HEARING PROCEDURES

If you want to address the Commission, please fill out a speaker card located on the table near the Audio Visual Technician and deposit the completed card in the basket. There are also speaker cards in the back of the Chambers and at the side entrance.

The procedure for this hearing is as follows:

- After staff's presentation, applicants and/or appellants may make up to a 5-minute presentation.
- During the public comment period, the chair will call out names on the submitted speaker cards in the order received. As your name is called, line up in front of the microphone at the front of the Chamber.
- Generally, each speaker will be given up to two minutes for public testimony, and speakers using a translator will have up to four minutes. Speakers using a translator will have double the time allotted.
- After the public testimony, the applicant and/or appellant may make closing remarks for up to an additional five minutes.
- Planning Commissioners may ask questions of the speakers. Response to Commissioner questions will not reduce the speaker's time allowance.
- The public hearing will then be closed, and the Planning Commission will take action on the item. The Planning Commission may request staff to respond to the public testimony, ask staff questions, and discuss the item.

If you challenge these land use decisions in court, you may be limited to raising only those issues you or someone else raised at this public hearing or in written correspondence delivered to the City at, or prior to, the public hearing.

The Planning Commission's action on re-zonings, pre-zonings, General Plan Amendments and Code Amendments is only advisory to the City Council. The City Council will hold public hearings on these items. Section 20.120.400 of the Municipal Code provides the procedures for legal protests to the City Council on re-zonings and pre-zonings. The Planning Commission's action on Conditional Use Permits is appealable to the City Council in accordance with Section 20.100.220 of the Municipal Code. - a. [General Plan Four-Year Review Policy Framework.](#)
PROJECT MANAGERS, RUTH CUETO & JERAD FERGUSON

Staff recommends that the Planning Commission make a recommendation to the City Council directing staff to prepare General Plan amendments and ordinances that implement the following recommendations from the General Plan Four-Year Review Task Force process:

1. Residential Capacity
 - a. Increase residential capacity in the Envision San José 2040 General Plan through the following actions:
 - i. Modify the density range of the Mixed Use Neighborhood (MUN) land use designation from up to 30 DU/AC (dwelling units per acre) to 20-50 DU/AC and increase the height to 4 to 5 stories.
 - ii. Modify the density range of the Urban Residential (UR) land use designation from 30-95 DU/AC to 50- 95 DU/AC
 - iii. Modify the General Plan land use designation and zoning of certain parcels in the Winchester Boulevard Corridor as shown in Exhibit A.

- iv. Modify the General Plan land use designation and zoning of certain parcels in The Alameda Corridor as shown in Exhibit B.
 - v. Modify the General Plan land use designation and zoning of Mixed Use Commercial (MUC) -designated parcels using the criteria shown in Exhibit C.
 - vi. Evaluate and modify the General Plan land use designation and zoning of “SB 1333” parcels.
- b. *Public/Quasi-Public (PQP) Lands*: Develop a framework in which the City could consider certain land use changes on PQP sites while maintaining consistency with General Plan Policy LU-1.9. The PQP framework approach would define and consider the following:
- i. Develop criteria for determining the appropriate amount and distribution of PQP land and/or sites throughout the city based on demographic, economic, and other data.
 - ii. Evaluate requests and changes in land use based on the framework criteria to unlock housing potential on certain sites while ensuring that adequate community space exists throughout the city.
2. Small Multifamily / Missing Middle Housing
- a. Develop a small multifamily housing program that includes necessary modifications to the City’s General Plan and Zoning Ordinance with the following parameters:
- i. Increase the density in the Residential Neighborhood land use designation from 8 DU/AC to 32 DU/AC.
 - ii. Allow a maximum building height of 35 feet and 3 stories in Residential Neighborhood.
 - iii. Consider other development standards that may include, but are not limited to, the following:
 - 1) Maximum floor area ratio (FAR)
 - 2) Appropriate setbacks
 - 3) Maximum lot coverage
 - 4) Maximum lot size
 - iv. Evaluate and implement additional development and design standards specifically for historic properties.
- b. Prohibit small multifamily projects for the following types of sites:
- i. Very High and High Fire Severity Zones
 - ii. Airport Safety Zones
 - iii. Environmentally sensitive areas such as wetlands, conservation areas, or habitat areas.
 - iv. Sites with rent-stabilized or rent-regulated units or sites subject to the City’s Ellis Act Ordinance.
- c. Develop a ministerial approval process for small multifamily development in the Residential Neighborhood land use designation. Projects on historic sites of “lesser significance” (Structures of Merit, Identified Structures, and Contributing Structures to Conservation Areas) would be eligible for ministerial permitting but subject to a set of objective development and design standards for historic properties.
- d. Require discretionary approval for small multifamily housing that meets any of the following site parameters:
- i. Within certain flood zones

- ii. In riparian corridors
 - iii. Designated City Landmarks
 - iv. Candidate City Landmarks
 - v. City Landmark district properties
3. Urban Village Strategy
- a. Regional Transit Urban Villages: Remove the Blossom Hill Road/Hitachi Urban Village from the list of unplanned Urban Villages.
 - b. Local Transit Urban Villages:
 - i. Consolidate the unplanned Local Transit Urban Villages into four Urban Village plans, so that each plan encompasses multiple Urban Villages along a single transit corridor.
 - ii. Defer planning of the Local Transit Urban Villages that are within SB 79 buffer zones.
 - iii. Apply an overlay to the unplanned Local Transit Urban Villages within the SB 79 buffer zones to incentivize commercial development.
 - iv. Move the Oakridge Mall (Cambrian/Pioneer) and Oakridge Mall (Edenvale) Urban Villages to the Commercial Corridor & Center Urban Villages category.
 - v. Move the East Capitol Expressway/Silver Creek Road and The Alameda (West) Urban Villages to the Neighborhood Urban Villages category.
 - vi. Remove the Arcadia/Eastridge Urban Village area from the list of unplanned Urban Villages.
 - c. Commercial Corridor & Center Urban Villages:
 - i. Prioritize the development of comprehensive plans of the unplanned Commercial Corridor & Center Urban Villages.
 - ii. Move the Santa Teresa Boulevard/Bernal Road Urban Village area to the Neighborhood Urban Village category.
 - d. Neighborhood Urban Villages:
 - i. Change the land use designations and zoning districts of properties within the unplanned Neighborhood Urban Villages as part of a single planning effort, rather than developing individual plans for each.
 - ii. Move the Hamilton Avenue/Meridian Avenue and Kooser Road/Meridian Avenue Urban Village areas to the Commercial Corridor & Center Urban Villages category.
 - e. Urban Village Plan Outreach Strategy: Define a standard outreach strategy for urban village planning that consists of a limited number of public workshops, online resources, and additional outreach to community groups, elected officials, and others as needed.
 - f. Urban Village Plan Documents: Simplify Urban Village plan documents by minimizing the inclusion of unique development and design standards that are not already in the Zoning Code and/or the Citywide Design Standards and Guidelines.
 - g. Mobilehome Parks: Remove three mobile home parks from unplanned Urban Village area boundaries.
4. Jobs-to-Employed Residents (J/ER) Ratio

ABOUT THE PLANNING COMMISSION

The Planning Commission is an eleven-member body, appointed by the City Council, which performs two types of actions:

- One type is “Quasi-Legislative” in nature in which the Planning Commission makes recommendations to the City Council regarding the adoption, amendment, or repeal of general or specific plans, Zoning Code provisions, or regulations related to the land use development, redevelopment, rehabilitation or renewal of the City, including its Capital Improvement Programs.
- The second type of action is “Quasi-Judicial” in nature in which the Planning Commission applies previously adopted legislation to particular applications and acts as a decision-making or appellate body. Examples of these types of actions include Commission decisions on Conditional Use Permits, appeals of the Planning Director’s decisions on certain land use permits, and the certification of Environmental Impact Reports.

A notation of “Administrative Hearing” for an agenda item indicates that the item is a Quasi-Judicial action of the Commission in order to assist the public in understanding the role of the Planning Commission on a particular item.

To effectively manage the Planning Commission Agenda, and to be sensitive to concerns regarding the length of public hearing, the Planning Commission may determine to proceed with remaining agendized items past 11:00 p.m., or to continue this hearing to a later date, or to defer remaining items to the next regularly scheduled Planning Commission meeting date. The decision on how to proceed will be heard by the Planning Commission no later than 11:00 p.m.
