 - b. Please list your past community experience and other qualifications for the role.
 - c. What do you think is the biggest challenge the city faces? What is the biggest challenge specific to the council district you aspire to be appointed to represent?
- 2. The selection process shall take place as follows:

- b. Each applicant will provide an opening statement of up to three (3) minutes.

- d. After all applicants have made their statements and answered each question, the Mayor will open public comment.
- e. After public comment, each councilmember will have the opportunity ask a single follow-up question that may arise based on the initial round of questioning and the public comment. Each follow-up question and answer will be completed within two (2) minutes.

BACKGROUND

I deeply appreciate the thoughtful effort our City Clerk has put into developing a comprehensive process to ensure a rigorous and equitable appointment procedure. This preparation lays the foundation for us to approach this important responsibility with clarity and efficiency.

It is imperative that we prioritize filling the District 3 council seat swiftly and thoughtfully. District 3 represents the heart of San Jose, encompassing some of our most vibrant yet vulnerable communities. From residents facing housing insecurity to small business owners struggling to recover from economic challenges, this district includes individuals who rely heavily on their representative to advocate for their needs and amplify their voices. Having a voting councilmember for District 3 is not just a procedural necessity—it is a moral imperative to ensure that these residents have a voice in the decisions that shape their lives and their futures.

To facilitate a productive appointment process and ensure consistency, I believe we should adopt the same approach used during the District 8 and District 10 appointments in 2023. Following a proven process will help us avoid unnecessary procedural debates and focus on selecting the best candidate to serve this critical district.

Establishing a clear and structured process ahead of the meeting is essential for thorough preparation and for minimizing extended deliberations about procedures. To maintain fairness and transparency, all candidates should respond to the same initial set of questions, which will provide a consistent basis for evaluation. Time limits will help ensure the interviews remain concise and on schedule, enabling us to focus on assessing each candidate's qualifications. While councilmembers are not required to ask additional questions, any question posed should be directed to every candidate to uphold fairness and impartiality.

District 3 cannot afford to wait any longer for effective representation. By approaching this process with intentionality and fairness, we can ensure that the next councilmember is equipped to advocate for the district's needs and to represent its residents with the urgency and dedication.
