My name is jillian kirkham-cullen and I reside in district 10. We have the ability to prevent pandemic mass homelessness, sickness, death, and a total crash for our beloved communities. I would deeply appreciate it if you would fight for this as if your own life depends on it because mine does and i care deeply for my fellow communities. I am grateful to be participating in community crisis support for Sacred Heart Community Service which is currently keeping a very humble, respectable roof over my head. Let's all please give our whole selves in getting us all through this pandemic safely because we can! We must protect our very hardworking and at-risk tenants from being the victims of this pandemic by supporting AB1436 and extending the eviction moratorium. Thank you!
