<b>Department(s):</b> Environmental Services	<b>CEQA:</b> Not a Project, File No. PP17-006, Grant application with no commitment or obligation to enter into an agreement at the time of application.	<b>Coordination:</b> City Attorney's Office, City Manager's Budget Office, and Energy Department	<b>Dept. Approval:</b> /s/ Kerrie Romanow
<b>Council District(s):</b> Citywide			<b>CMO Approval:</b>  11/16/2023

**SUBJECT: ACTIONS RELATED TO AN APPLICATION FOR ENERGY EFFICIENCY AND CONSERVATION BLOCK GRANT PROGRAM**

**RECOMMENDATION:**

Adopt a resolution authorizing the City Manager, Director of Finance, or their designees to:

- (a) Apply for, negotiate, and execute any documents and take any other actions necessary to secure funding and fulfill grant requirements of the United States Department of Energy's Energy Efficiency and Conservation Block Grant Program in the estimated amount of \$834,110.00, or in any other amount that the DOE may award to the City; and
- (b) Negotiate and execute any grant, payment agreements, and any other related documents to accept, receive, utilize, or disburse funding and take any other actions to fulfill the grant requirements of the Department of Energy Emergency Efficiency and Conservation Block Program upon award.

**BASIS FOR RECOMMENDATION:**

The Energy Efficiency and Conservation Block Grant (EECBG) Program is authorized under Title V, Subtitle E of the Energy Independence and Security Act of 2007, as amended, and signed as Public Law 110-140 on December 19, 2007. The United States Department of Energy (DOE) released grant application guidelines and a notice of funding availability for the EECBG Program on January 18, 2023 (**Attachment A**). All applicants must submit an application by January 31, 2024, in order to be considered for funding. The final formula grant funding allocations by Local Government for the EECBG Program - Sec. 40552(b) of the Infrastructure Investment and Jobs Act of 2021 is \$299.2 million. To be eligible for the grant funds, the approved City Council resolution must be submitted to the DOE by January 31, 2024. The City of San José is eligible for \$834,110 through this grant program, based on estimates provided by the DOE (**Attachment B**).

EECBG grant funds will enable the City to achieve and exceed requirements set out in the EECBG Program through a number of approaches approved by the DOE. The funds will be used towards implementing a residential building electrification accelerator program with incentives. The program will focus on serving San José's disadvantaged communities, allowing the City to make significant advancement toward its building electrification and carbon neutrality goals.

Commission Recommendation/Input: No commission recommendation or input is associated with this action.

**COST AND FUNDING SOURCE:**

DOE provided grant funding allocation amounts for applicants to budget anticipated costs (see Attachment B). The grant term for funding begins in February 2024 (tentative) and ends in January 2026 (tentative). All grant-eligible expenditures and costs must be incurred within this period. Grant funds will be provided upfront. The funding of \$834,110 is planned to provide increased incentives for low and middle-income households to make the transition to electrification.

Applications are not necessarily considered complete upon submission. For additional information on application requirements, see Section 6.0 of the application instructions.**

## REGISTRATION/SUBMISSION REQUIREMENTS

### **Registration Requirements (GRANT APPLICANTS ONLY): Allow at least 21 days to complete.**

If you have not already registered, there are several one-time actions grant applicants must complete:

1. Register with the System for Award Management (SAM) at <https://www.sam.gov>. Designating an Electronic Business Point of Contact (EBiz POC) and obtaining a special password called an MPIN are important steps in SAM registration. **Please update your SAM registration annually.** Upon registration, SAM will automatically assign a Unique Entity ID (UEI).

Unique Entity ID and System for Award Management (SAM) — Each applicant (unless the applicant is excepted from those requirements under 2 CFR 25.110) is required to: (1) be registered in the SAM at <https://www.sam.gov> before submitting its application, (2) provide a valid UEI number in its application; and (3) continue to maintain an active SAM registration with current information at all times during which it has an active federal award or an application or plan under consideration by a federal awarding agency. DOE may not make a federal award to an applicant until the applicant has complied with all applicable UEI and SAM requirements. If an applicant has not fully complied with the requirements by the time DOE is ready to make a federal award, the DOE will determine that the applicant is not qualified to receive a federal award and use that determination as a basis for making a federal award to another applicant.

**NOTE: Due to the high demand of UEI requests and SAM registrations, entity legal business name and address validations are taking longer than expected to process. Entities should start the UEI and SAM registration process as soon as possible. If entities have technical difficulties with the UEI validation or SAM registration process, they should utilize the HELP feature on SAM.gov. SAM.gov will work on entity service tickets in the order in which they are received and asks that entities not create multiple service tickets for the same request or technical issue. Additional entity validation resources can be found here: [GSAFSD Tier 0 Knowledge Base - Validating your Entity](#).**

All awards made under this program shall comply with applicable laws and regulations including, but not limited to, [2 CFR Part 200](#) as amended by [2 CFR Part 910](#) and Section 40552 of the [Infrastructure Investment and Jobs Act](#) (IIJA) (PL 117-58).

## **PART II AWARD INFORMATION**

### **A. TYPE OF AWARD INSTRUMENT**

DOE will award grants or vouchers.

Entities eligible for formula EECBG Program allocations, including state, local, and Tribal governments can apply to DOE for an EECBG Program award. States are eligible to apply for a grant. Local and Tribal governments can apply for either a grant or a voucher. Vouchers may be used for technical assistance and/or equipment rebates. Local governments and Tribal entities must **choose either a grant or voucher and must allocate 100% of their EECBG Program funding to either a voucher or a grant**. States are not eligible to apply for a voucher. Local and Tribal governments are encouraged to indicate whether they are choosing a grant or a voucher as soon as possible, but no later April 28, 2023, by submitting the Pre-Award Information Sheet. See “EECBG Program Application Instructions” for additional details.

### **B. ESTIMATED FUNDING**

Entities shall administer DOE funds received under the EECBG Program in accordance with Federal rules and regulations as well as applicable state, local or Tribal policies and procedures. The Grantee is to manage Federal Funds in a prudent, effective, and efficient manner to accomplish program objectives.

The Infrastructure Investment and Jobs Act, Section 40552 provides \$550 million for EECBG Program for fiscal year 2022, to remain available until expended. DOE will distribute \$440 million in formula and competitive EECBG Program funding to eligible units of local government, states, and Indian tribes. Of the amount appropriated by IIJA, DOE will allocate funds as prescribed in section 543 of EISA:

- 34% to eligible units of local government-alternative 1 through formula grants;
- 34% to eligible units of local government-alternative 2 through formula grants;
- 28% to states through formula grants;
- 2% to Indian tribes through formula grants; and
- 2% for competitive grants to ineligible local governments and Indian tribes.<sup>2</sup>

IIJA allocations for EECBG Program direct formula awards from the DOE, as adjusted, are based on the following funding amounts:

- \$299,200,000 for formula awards to eligible units of local government
  - \$149,600,000 to eligible units of local government-alternative 1
  - \$149,600,000 to eligible units of local government-alternative 2
- \$123,200,000 for formula awards to states

---

<sup>1</sup> 42 U.S.C. 17151 et seq.

<sup>2</sup> 42 U.S.C. 17153(a).

- Each state (except for those noted as exempt in Section 6.3.E of the application instructions) is required to pass not less than 60% of its allocation through to cities and counties within the state that are ineligible for direct formula grants from DOE.
- \$8,800,000 for formula awards to eligible Indian tribes

DOE also intends to allocate \$8.8 million for competitive grants available to units of local government (including Indian tribes) and consortia of units of local government that are not eligible to receive direct formula grants from DOE. Availability of competitive grants will be announced through a separate future Funding Opportunity Announcement (FOA).

Prior to distributing funding to eligible entities, DOE intends to utilize \$110 million to ensure delivery of an effective and efficient EECBG Program and to provide technical assistance to eligible entities throughout the lifetime of the EECBG Program.

**Funding Amount:** Funding allocations to states, local governments, and Indian tribes are included as attachments to this document.

### **C. PERIOD OF PERFORMANCE**

Grants will consist of a **3-year** Project and Budget Period for States, and a **2-year** Project and Budget Period for Local Governments and Indian tribes. Vouchers to Local Governments and Indian tribes will be for a **2-year** Project and Budget Period. Recipients may request a no-cost time extension (or a modification to shorten the period of performance) of their grant or voucher.

## **PART III ELIGIBILITY INFORMATION**

### **A. ELIGIBLE APPLICANTS**

In accordance with Section 543 of EISA, eligible entities for EECBG Program formula allocations include States (including U.S. Territories, and the District of Columbia, hereinafter referred to as “states”), local governments, and Indian tribes.<sup>3</sup> Eligibility for this award is restricted to eligible states, local governments and Indian tribes applying for formula grant financial assistance under the EECBG Program. ### **3. Environmental Review in Accordance with National Environmental Policy Act (NEPA)**

The Office of the Under Secretary for Infrastructure’s decision whether and how to distribute Federal funds is subject to the National Environmental Policy Act (42 U.S.C. 4321, et seq.). NEPA requires Federal agencies to integrate environmental values into their decision-making processes by considering the potential environmental impacts of their proposed actions.

For further information on NEPA requirements, see section 6.3.G in the Application Instructions.

### **4. Build America, Buy America Requirements**

Federally assisted projects which involve infrastructure work, undertaken by applicable recipient types, require that:

- All iron, steel, and manufactured products used in the infrastructure work are produced in the United States; and
- All construction materials used in the infrastructure work are manufactured in the United States.

Whether a given project must apply this requirement is project-specific and dependent on several factors, such as the recipient’s entity type, whether the work involves “infrastructure,” as that term is defined in Section 70914 of the BIL, and whether the infrastructure in question is publicly owned or serves a public function.

Applicants are strongly encouraged to consult the Build America, Buy America Guidance and Resources<sup>4</sup> to determine whether their project may have to apply this requirement, both to make an early determination as to the need of a waiver, as well as to determine what impact, if any, this requirement may have on the proposed project’s budget.

---

<sup>4</sup> See: <https://www.madeinamerica.gov> and <https://www.whitehouse.gov/omb/management/made-in-america/build-america-buy-america-act-federal-financial-assistance/>

## 5. Definitions

*a. For purposes of the Buy America requirements, the following definitions apply:*

- **Construction materials** includes an article, material, or supply—other than an item of primarily iron or steel; a manufactured product; cement and cementitious materials; aggregates such as stone, sand, or gravel; or aggregate binding agents or additives—that is or consists primarily of:
  - non-ferrous metals;
  - plastic and polymer-based products (including polyvinylchloride, composite building materials, and polymers used in fiber optic cables);
  - glass (including optic glass);
  - lumber; or
  - drywall.
- **Infrastructure** includes, at a minimum, the structures, facilities, and equipment for, in the United States, roads, highways, and bridges; public transportation; dams, ports, harbors, and other maritime facilities; intercity passenger and freight railroads; freight and intermodal facilities; airports; water systems, including drinking water and wastewater systems; electrical transmission facilities and systems; utilities; broadband infrastructure; and buildings and real property. Infrastructure includes facilities that generate, transport, and distribute energy.

In addition to the above, the infrastructure in question must be publicly owned or must serve a public function; privately owned infrastructure that is solely utilized for private use is not considered “infrastructure” for purposes of Buy America applicability. The Agency, not the applicant, will have the final say as to whether a given project includes infrastructure, as defined herein. Accordingly, in cases where the “public” nature of the infrastructure is unclear, DOE strongly recommends that applicants complete their full application with the assumption that Buy America requirements will apply to the proposed project.
- **Project** means the construction, alteration, maintenance, or repair of infrastructure in the United States.

*b. Buy America Requirements for Infrastructure Projects (“Buy America” Requirements)*

In accordance with Section 70914 of the BIL, none of the project funds (includes federal share and recipient cost share) may be used for a project for infrastructure unless:

- (1) all iron and steel used in the project are produced in the United States—this means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States;
- (2) all manufactured products used in the project are produced in the United States—this means the manufactured product was manufactured in the United States; and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation; and

(3) all construction materials<sup>5</sup> are manufactured in the United States—this means that all manufacturing processes for the construction material occurred in the United States. The Buy America requirements only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor do Buy America requirements apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project, but are not an integral part of the structure or permanently affixed to the infrastructure project.

These requirements must flow down to all sub-awards, all contracts, subcontracts, and purchase orders for work performed under the proposed project. For additional information related to the application and implementation of these Buy America requirements, please see OMB Memorandum M-22-11, issued April 18, 2022: <https://www.whitehouse.gov/wp-content/uploads/2022/04/M-22-11.pdf>.

*c. DOE Submission Requirements for Full Application*

Within the activity file, applicants must provide a short statement on whether the project will involve the construction, alteration, and/or repair of infrastructure in the United States. The ultimate determination about whether a project includes infrastructure remains with DOE. However, the applicant’s statement will assist project planning and integration of domestic preference requirements, which may impact the project’s proposed budget.

**Waivers<sup>6</sup>**

In limited circumstances, DOE may waive the application of the Buy America requirements where DOE determines that:

- (1) applying the Buy America requirements would be inconsistent with the public interest;
- (2) the types of iron, steel, manufactured products, or construction materials are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality;
- or,
- (3) the inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25 percent.

If an applicant is seeking a waiver of the Buy America requirements, it must include a written waiver request with the Full Application. A waiver request must include:

- A detailed justification for the use of “non-domestic” iron, steel, manufactured products, or construction materials to include an explanation as to how the non-domestic item(s) is essential to the project
- A certification that the applicant or recipient made a good faith effort to solicit bids for domestic products supported by terms included in requests for proposals, contracts, and nonproprietary communications with potential suppliers
- Applicant /Recipient name and Unique Entity Identifier (UEI)
- Total estimated project cost, DOE and cost-share amounts

---

<sup>5</sup> Excludes cement and cementitious materials, aggregates such as stone, sand, or gravel, or aggregate binding agents or additives.

<sup>6</sup> As of the date this guidance was written, OMB guidance on waivers and the waiver process is still relatively sparse. As more information is provided to the Agencies, this guidance will be updated.

- Project description and location (to the extent known)
- List and description of iron or steel item(s), manufactured goods, and construction material(s) the applicant or recipient seeks to waive from Domestic Content Procurement Preference requirement, including name, cost, country(ies) of origin (if known), and relevant PSC and NAICS code for each.
- Waiver justification including due diligence performed (e.g., market research, industry outreach) by the applicant or recipient
- Anticipated impact if no waiver is issued DOE may require additional information before considering the waiver request.

DOE may require additional information before considering the waiver request. See [DOE Buy America Requirement Waiver Requests | Department of Energy](#)

Waiver requests are subject to public comment periods of no less than 15 days and must be reviewed by the Made in America Office. There may be instances where an award qualifies, in whole or in part, for an existing waiver described at <https://www.madeinamerica.gov/waivers/>.

Form submittal will be administered through the iBenefits system (<https://doeibenefits2.energy.gov>) or its successor system.

Recipients of funding under this ALRD will also be required to undergo DBA compliance training and to maintain competency in DBA compliance. The Contracting Officer will notify the recipient of any DOE sponsored DBA compliance trainings. The U.S. Department of Labor (“DOL”) offers free Prevailing Wage Seminars several times a year that meet this requirement, at <https://www.dol.gov/agencies/whd/government-contracts/construction/seminars/events>.

For additional guidance on how to comply with the DBA provisions and clauses, see <https://www.dol.gov/agencies/whd/government-contracts/construction> and <https://www.dol.gov/agencies/whd/government-contracts/protections-for-workers-in-construction>.

When a FOIA request covers information submitted to DOE by an applicant, and the cognizant DOE FOIA Officer cannot make an independent determination regarding the public releasability of this information, the cognizant DOE FOIA Officer will contact the submitter and ask for comment regarding the redaction of information under one or more of the nine FOIA exemptions. However, the cognizant DOE FOIA Officer will make the final decision regarding FOIA redactions. Submitters are given a minimum of 7 days to provide redaction comments and if DOE disagrees with the submitter's comment, DOE will notify the submitter of the intended public release no less than seven (7) days prior to the public disclosure of the information in question." ([10 CFR Part 1004.11](#)).

## H. **PROTECTED PERSONALLY IDENTIFIABLE INFORMATION**
