The Office of Mayor Sam Liccardo; District1; District2; District3; District4; District5; District 6; District7; District8; District9;

District 10; Agendadesk

Mayor and Councilmembers,

I want to thank you for your vote to use the city's platform for economic and social justice and to stand by our workers. I also want to thank you for your support of looking into a public bank.

I am excited to have staff begin to look at how a public bank would benefit our city and start to positively impact our communities that need it most.

I want to get my support on record for adding AB857 to the legislative priorities of the city's intergovernmental relations department.

Sincerely,

Judy Young

South Bay Progressive Alliance, Public Banking Action Team

Hon. Mayor and Councilmembers,

I wanted to thank you for your vote to use the city's platform for economic and social justice and to stand by our workers. I also wanted to thank you for your support of looking into a public bank as well as your strong position of refraining from doing business with corporations that have a history of wage theft, corporations such as Chase and Wells Fargo.

I am excited to have staff begin to look at how a public bank would benefit our city and start to positively impact our communities that need it most. I just wanted to get my support on record for adding AB857 to the legislative priorities of the city's intergovernmental relations department.

In short, public banks invest more of our taxpayer dollars towards the needs of our community. The more people learn about what a public bank can do, the more people love the concept. I have confidence that you will too.

Sincerely,

Jeffrey I Levin
Executive Board Member
Silicon Valley Democratic Club
& Communications Chair

Idle cash is an asset to be used for the city's benefit in a public bank account!

Sincerely,
Gerald Hunt, CPA (Retired)

Dear Mayor and Councilmembers,

Thank you for your support for looking into a public bank. I hope you will vote today to add AB 857 to the legislative priorities of the city's intergovernmental relations department. A public bank's transparency, cost-savings and reinvestment into the local and regional economy benefits everyone in the long run. A network of public banks in California will enable our state to weather Wall Street's cycles of boom and bust and abuse, build climate resiliency and a better California for all.

Sincerely,
Melanie Liu

Re: Agenda Item 3.4, March 26, 2019: Quarterly Intergovernmental Relations Report

Dear Mayor Liccardo and Councilmembers,

I would like to thank you for your recent vote for economic and social justice and to stand by our workers. I also wanted to thank you for your support of looking into a public bank.

I am very excited to have staff begin to look at how a public bank would benefit San Jose and start to positively impact our communities that need it most. I would also ask that you strongly support AB857 now before to the California Legislature, which is the enabling legislation that would permit San Jose to apply for a Charter for its own Public Bank.

Sincerely,

Brian Haberly
