[External Email]

Dear City Council,

**Protect our Parks. Protect our Park Impact Fees.**

**Thank you for attempting to address the housing crisis and for protecting Park Impact Fees. The city's consultant has noted that the city could consider waiving or further reducing Park Impact Fees, which provide funds for new and existing parks. One should not suggest that we attempt to address one crisis by worsening another. Our community needs adequate housing. Our community also needs public parks and urban green space, which promote physical and mental health. For the benefit of residents, just like the housing needed.**

***Please let's make San Jose the beautiful City it once was- especially the Eastside that gets ignored!!***

Anya Meissner
