Subject: Approve Coyote Valley Purchase and Mayor/Councilmember Memo Recommendations

Dear Mayor and City Councilmembers,

Please vote to approve the recommendations in the Staff memo and in the November 1 Memorandum from Mayor Liccardo, Vice Mayor Jones and Councilmembers Jimenez, Peralez, and Foley. The recommendations proposed in the Mayor/Councilmember Memo will provide for a master planning process involving the public with the goals of protecting, restoring and enhancing wildlife habitat and connectivity, floodplain restoration, climate resilience, and low-impact, nature-based public access. This process is an important counterpart of the land acquisition and is necessary to achieve the goals of the Measure T funding which makes this acquisition possible.

On behalf of all the residents of San Jose and the entire region, thank you for supporting the protection and restoration of open space in Coyote Valley!

Sincerely,

Evelyn Cayaban

Dear Mayor and City Councilmembers,

Please vote to approve the action item and in the November 1 Memorandum from Mayor Liccardo, Vice Mayor Jones and Council members Jimenez, Peralez, and Foley. The recommendations proposed in the Mayor/Councilmember Memo will provide for a master planning process involving the public with the goals of protecting, restoring and enhancing wildlife habitat and connectivity, floodplain restoration, climate resilience, and low-impact, nature-based public access. This vision has been building for more than a decade. I am excited to see the City of San Jose take these steps. This process is an important counterpart of the land acquisition and is necessary to achieve the goals of the Measure T funding which makes this acquisition possible.

I have explored and seen Coyote Valley. It is a special place for the wildlife, plants, indigenous people and everyone. On behalf of all the residents of San Jose and the entire region, thank you for supporting the protection and restoration of open space in Coyote Valley!

Sincerely,

Kristal Caidoy

Subject: Approve Coyote Valley Purchase and Mayor/Councilmember Memo Recommendations

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor and City Councilmembers,

Please vote to approve the recommendations in the Staff memo and in the November 1 Memorandum from Mayor Liccardo, Vice Mayor Jones and Councilmembers Jimenez, Peralez, and Foley. The recommendations proposed in the Mayor/Councilmember Memo will provide for a master planning process involving the public with the goals of protecting, restoring and enhancing wildlife habitat and connectivity, floodplain restoration, climate resilience, and low-impact, nature-based public access. This process is an important counterpart of the land acquisition and is necessary to achieve the goals of the Measure T funding which makes this acquisition possible.

On behalf of all the residents of San Jose and the entire region, thank you for supporting the protection and restoration of open space in Coyote Valley!

Sincerely,

Kim Lemmer

Re: Item 19-1026, Actions Related to the Purchase and Sale of the Brandenburg and Sobrato North Coyote Properties

Dear Mayor and City Council Members,

On behalf of SPUR, we are writing in full support of the staff recommendation to allocate Measure T funds to preserve land in North Coyote Valley and permanently designate it for open space and agricultural use.

SPUR has been deeply invested in San Jose for the past seven years advocating for smart growth, good government, and environmental best practices. We have watched the City make considerable progress to prioritize transit, infill development and increase economic opportunity over the last several years. Many of these accomplishments are attributed to the vision and strategy laid out in Envision 2040. Additionally, the City has adopted new policies that impact land use designations made in the general plan, such as, Climate Smart San Jose and Vehicle Miles Travel (VMT).

However, some aspects from the Envision 2040 plan no longer align with the transit-oriented vision for the City's future. This mismatch between the current plan and a better vision of growth is especially true for Coyote Valley. **Now is the time to confirm a new vision for Coyote Valley, one that upholds the values and goals to proactively address climate change and resiliency through open space preservation.**

The preservation of North Coyote Valley is a once in a lifetime opportunity for the City of San Jose to invest in flood protection, groundwater recharge, wildlife habitat and greenhouse gas reduction... and make an impact that will last for generations.

Speaking of generational impact, we must applaud the willingness of the private owners of the property—each of whom has been deeply engaged in community for generations—who have negotiated with the open space advocates to preserve land they purchased with the understanding they could one day develop commercially. They, as well as city leadership and staff, have evolved their thinking and now recognize that investing in natural infrastructure and the agriculture sector is a valid economic development and resiliency strategy.

We want to congratulate the City of San Jose for this tremendous step and want to extend our thanks and recognition to Mayor Liccardo, Santa Clara Valley Open Space Authority, Peninsula Open Space Trust, The Sobrato Organization and Brandenburg Properties for working together negotiate a mutually agreeable purchase agreement for land in North Coyote Valley.

We also want to recognize Councilmember Jimenez and Assemblymember Kalra for their longstanding efforts to champion a new vision of preservation of working open space lands in Coyote Valley.

We look forward to the next steps in discussing how best to use this land to achieve the city's climate goals.

Sincerely,

A black rectangular redaction box covering the signature of Teresa Alvarado.

San José Mayor and City Councilmembers
200 E Santa Clara Street
San José, CA 95113

Dear Mayor and City Councilmembers,

The Bay Area Ridge Trail Council requests the approval of the acquisition and master planning process in Coyote Valley. The proposed process would involve public input with the goals of protecting, restoring and enhancing wildlife connectivity, floodplain restoration, public access and regional trail connections.

The eventual completion of the Ridge Trail connection between Santa Teresa County Park to Coyote Creek Parkway will be another big step towards the eventual completion of the envisioned 550-mile continuous multi-use Bay Area Ridge Trail along ridgelines as well as the central Santa Clara County route through the heart of San José along the Coyote and Penitencia Creek Trails, connecting the urban population to the vast protected open spaces nearby and beyond. When the gap between Santa Teresa County Park and Coyote Creek Parkway is completed, one will be able to get on the Coyote Creek Trail at Tully Road in San José and walk or bike continuously to the top of Mt Umunhum along the completed Ridge Trail and continue to Lexington Reservoir.

We appreciate the significant long-term effort and partnership put forth by City, Peninsula Open Space Trust and Santa Clara Valley Open Space Authority to acquire and quickly open the property to docent-led public access. The docent-led outings will partially close this Ridge Trail gap.

On behalf of the Ridge Trail supporters throughout the nine Bay Area counties, thank you for supporting the protection, restoration and regional trail connections in Coyote Valley!

Sincerely,

A black rectangular box redacting the signature of Liz Westbrook.

Liz Westbrook
Trail Director
Bay Area Ridge Trail Council
