6. Ballot Measure to Hold Mayoral Elections Concurrent with Presidential (Cont'd)

Councilmember Chappie Jones expressed misgivings per the process, but supports the initiative because of principle over politics. While recommending a deferral until next week to have a full Committee vetting, he will back the initiative and recommendation to move forward if we believe it will get more young people out to vote.

Councilmember Johnny Khamis noted that the current political system has been in place since 1967, and feels the Mayors elected are a true sentiment of the people in the City. While there is political apathy in the public realm as far as voting is concerned, it's unclear moving election dates around as proposed will fix the apathy.
