C. Rules Committee Reviews, Recommendations and Approvals

1. [ROGC](#) Addressing Rising Crime and Expanding Treatment for Arrestees in San
[22-187](#) José. (Mayor, Carrasco, and Mahan)

Recommendation:

Direct the City Manager to participate in meetings with the Mayor's Office, SJPD, and key decision makers with other agencies to establish an approach for addressing the public safety challenges posed by high rates of recidivism and methamphetamine addiction among pretrial releases of arrestees in Santa Clara County. Specifically, the City Manager is directed to focus on actions that will support the following outcomes:

1) Re-arrest Repeat Felony and Violent Offenders: Reduce rate of arrestee reoffending in San Jose neighborhoods after post-arrest release by:

a) Provision of data and advocacy with the Mayor's Office to encourage the revision pandemic-era bail and release policies to implement a stronger presumption of detention upon re-arrest of a defendant who has previously failed to appear on a felony charge after release, and/or where he possesses a violent or serious offense history;

b) Work with the County, District Attorney, and the countywide chiefs of police to discuss formation of a countywide team focused on warrant arrests for defendants who have failed to appear in court, prioritizing felons with violent criminal history.

2) Detain High-Risk Arrestees: Determine what combination of improved training, better coordination, or supplemental non-sworn staffing could most effectively ensure that SJPD prepares accurate bail affidavits with supportive criminal histories, court appearance histories, and other relevant details of prior offenses for SJPD officers to present to County Pretrial Services upon booking, and otherwise support efforts to secure appropriate bail or detention on high-risk arrestees engaged in violent or serious felonies, or in illegal sales of dangerous drugs.

3) Expand Access to Detoxification and Treatment for Released Arrestees:

a) Determine how the City and other partners-including the County and local health plans, such as Anthem or SCFHP-can work together to identify, construct, and operate quick-build housing or rehabilitated motels that incorporate outpatient, on-site detoxification and treatment of drug-involved arrestees released by the courts.

i. Submit an application by the May 31, 2022 deadline for state funding under California's Behavioral Health Continuum Infrastructure Program (BHCIP) and Community Care Expansion (CCE) with ongoing treatment and staffing funding through the recently-federally approved Cal-AIM state program;

ii. Ensure sufficient detoxification and treatment focus on

criminogenic stimulants, such as methamphetamine and cocaine;

b) Explore partnerships to secure state funding to pilot a contingency management behavioral treatment program for addicted arrestees in San José;

4) Relief for Victimized Small Businesses: Provide relief for small retailers, grocery stores, and homeowners suffering from underreported theft and larceny by:

a) Uploading Video Evidence: Improve the functionality of SJPD's recently revamped digital evidence collection system by providing an easily identifiable, user-friendly, public-facing portal through the existing SJPD.org website where a reporting party can upload of store-security or home-camera video associated with an online report or an SJPD-issued case number.

b) Crime Cameras for Small Businesses in High-Crime Neighborhoods: Return through the budget process to discuss how to allocate Council-approved funding and state grants for businesses seeking to install surveillance cameras in high-crime areas.

c) Halt online fencing: Supporting federal legislation, the INFORM for Consumers Act, and a similar state bill, SB301, to halt the online fencing that fuels many burglaries by mandating that digital marketplaces require vendors to fully disclose and verify their identities, as eBay does already.

d) Theft Enforcement: Securing funding for local anti-theft efforts announced by Governor Newsom and Attorney General Bonta in November 2021 to support:

- Deploying Community Service Officers or other non-sworn staff to draft warrant applications for the arrest of high-frequency repeat thieves (e.g., those readily identified through store cameras)

- Partnerships with retailers to use decoy technology (e.g., embedded "AirTags" in displayed merchandise) for theft detection;

or

- Other strategies crafted by SJPD in partnership with community stakeholders to address retail theft afflicting small business owners

5) Improve Accountability and Inform Policy: Work with other local agencies to collect and present data for the public, our local Assembly and State legislative delegation, the judiciary, and other local policymakers relating to the effect of elevated rates of pretrial releases on public safety, including but not limited to:

a) Release outcomes: including the rates of recidivism of

defendants on pretrial release, distinguishing between those ordered to wear electronic monitoring (EM) devices from non-EM defendants;

b) Public costs of re-arrest, including:

- The cost to the City taxpayers for SJPd officers' travel to other counties and states to arrest defendants for extradition where those individuals have fled upon release from bail;

- Cases in which SJPd has declined to engage in extradition due to resource constraints;

- The cost to City and County taxpayers of re-arrest within Santa Clara County of individuals released prior to trial who have reoffended or failed to appear.
