Protecting the Public from Predatory Criminal Behavior Pending
Investigations of Employee Misconduct (Mayor)

Recommendation:

1. Direct the Independent Police Auditor (IPA), within this calendar
year, to:

a. Initiate a review and report findings in public session to the City
Council concerning San Jose Police Department investigation of
misconduct amounting to predatory criminal behavior by City
employees.

b. Make recommendations regarding SJPd policies and procedures
to ensure protection of the public from such behavior. The scope of that
review shall include:

i. SJPd's investigatory and disciplinary treatment of sexual
battery allegations regarding Officer Matthew Dominguez in May of
2021, and the decisionmaking regarding whether he would be placed on
administrative leave or reassigned pending that investigation; and

ii. The SJPd's determination that it could not or would not
investigate two anonymous complaints- received in December of 2018
and February of 2019- against former City of San Jose Code
Enforcement Inspector William Gerry, recently sentenced to a term of
35 years of prison on sexual assault, bribery, and extortion charges; and

iii. Any other examples in which place at issue the timeliness or
responsiveness of a SJPd investigation of allegations of criminally
predatory behavior by any other City employees that could pose a risk
on the community.

c. The City Auditor and City Manager shall work in coordination
with the IPA to ensure she has access to a complete factual record that
includes any work previously performed by those offices.

d. To the extent that the City Attorney determines that the scope of
this direction exceeds the authority of the Independent Police Auditor,
the Council shall consider an independent investigation pursuant to
Section 416 of the San Jose City Charter.

2. Direct the City Manager to return to Council to describe what
citywide policies have been implemented-or will be implemented-to
address the risk of exposing the public to harmful behavior pending
investigations of City employees' criminal conduct, such as by
establishing that credible allegations of predatory criminal conduct
constitute a clear "trigger" for mandatory leave until an investigation has
concluded.
