Honorable San Jose Council members,

In November 2021, we urge you to vote for Council member Carrasco's memo in support of AB 1400, the California Guaranteed Healthcare for All Act (CalCare).

AB1400 will guarantee all California residents full healthcare coverage without co-pays, deductibles, or any other out-of-pocket costs, regardless of employment status, immigration status, or any other criteria. This bill will save money for our City, while improving the quality of life for all our residents. This bill will help to remove the crushing burden healthcare costs place on our small businesses. This model of healthcare will encourage more entrepreneurship and put CA businesses on a more even footing with foreign businesses.

Thank you for your support and service.

I am not a resident of your City but I think it vitally important for each municipality to support this life changing legislation as it would enable our state to contain costs while simultaneously giving us comprehensive care. People with chronic illness would get their needs met. It would also cut down on the homeless population since so many

people that end up homeless needed critical health care before becoming homeless and because they did not get that care their condition deteriorated. For example, if someone suffers from a disability and can not get the care they need they may turn to drugs to help ameliorate their pain and become addicted where the addiction may lead to homelessness. <https://www.addictioncenter.com/addiction/disability/>

Honorable San Jose Councilmembers,

On Tuesday, November 30, 2021, we urge you to vote for Councilmember Carrasco's memorandum in support of AB 1400, the California Guaranteed Health Care for All Act (CalCare).

AB1400 will guarantee that all California residents will be covered for comprehensive health care without premiums, deductibles, co-pays, or network restrictions, regardless of employment status, immigration status, or any other criteria.

The enormous costs of COVID-19 in lost lives, added to the human and financial costs of maintaining the current inequitable health care system, are too much to bear for our working families and communities. The lives and livelihoods of our San Jose families cannot be left to this patchwork system corrupted by profit-seeking.

We call on you to vote for the memorandum supporting AB1400 at the City Council meeting.

Honorable San Jose Council members,

In November 2021, I urge you to vote for Council member Carrasco's memo in support of AB 1400, the California Guaranteed Healthcare for All Act (CalCare).

AB1400 will guarantee all California residents full healthcare coverage without co-pays, deductibles, or any other out-of-pocket costs, regardless of employment status, immigration status, or any other criteria.

This bill will save money for our City, while improving the quality of life for all our residents. This bill will help to remove the crushing burden healthcare costs place on our small businesses. This model of healthcare will encourage more entrepreneurship and put CA businesses on a more even footing with foreign businesses.

Thank you for your support and service.

Isabel Storey

As a Nurse Practitioner, I've seen first-hand the countless disparities in our employer-based health "insurance" system. Even folks with so-called "good" insurance often delay or forego care due to cost. It's

beyond time we take care of everyone, regardless of employment or income status.
