However, this modification would be contingent upon CAO confirmation that this is proper use of the funding source. Item #3 - The City Manager's Office of Administration, Policy, and Intergovernmental Relations will complete an information memorandum summarizing state and federal bills seeking to update legislation related to ADA compliance. YELLOW LIGHT: The Administration recommends Council send this Nominated Idea to the Priority Setting Process due to (describe cost implications, workload impacts, or other factors). Item #2 - Additional resources will be needed to promote and market a new program. This capacity currently does not exist in the OED Business Development Team workplan. 2a would be one of the tactics that would be included in the marketing and communications strategy for the new program. Depending on the nature and scope of a new program, additional communications tactics may be appropriate and would be dependent on the availability of additional resources.	Analysis
GREEN LIGHT: The Administration can implement this Nominated Idea under its current work plan. Item should be sent to Council to add to Department work plan. (1) How will the Idea be approached? (2) If adopted, what is its impact and/or tradeoff to the City Roadmap or to a Department work plan, including strategic support? (3) What is the minimum viable scope to move the Idea forward and reduce its complexity? Item #1 - There is an existing grant program in place that could be modified to allocate \$1,000 specifically and solely for CASp inspections. However, this modification would be contingent upon CAO confirmation that this is proper use of the funding source.
