Council Policy 5-1: Transportation Analysis

- ▶ Adopted February 2018;
- ▶ Established Vehicle Miles Traveled (VMT) in Transportation Analysis as San Jose's CEQA metric for transportation, removing Level of Service (LOS);
- ▶ Aligned City CEQA rules with state requirements (SB 743);
- ▶ Focuses on Regional Level Impacts – Environmental, Public Health, and Access;
- ▶ Promotes Infill Development near Transit.

VMT Policy Update

Further Promote Housing Production

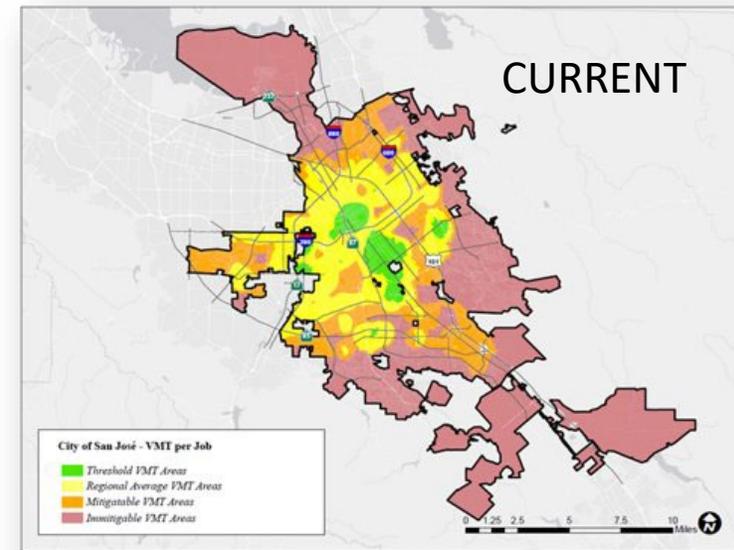

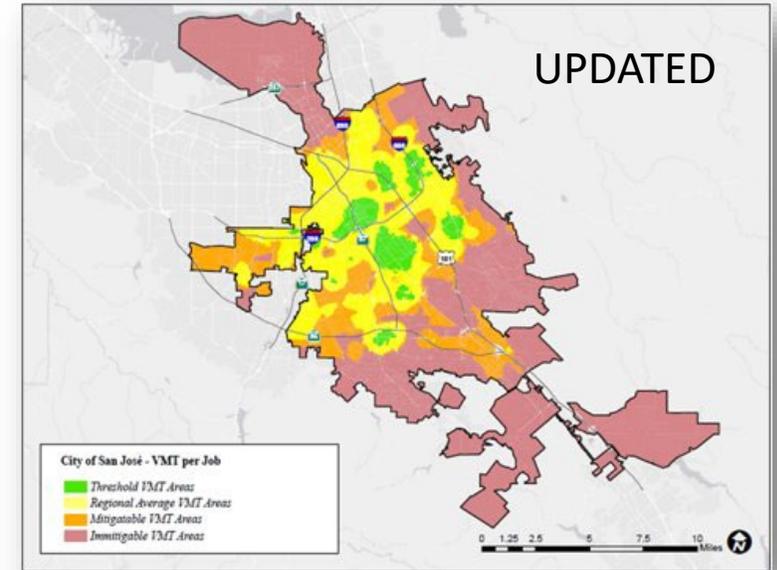

- ▶ Streamline CEQA for more market-rate housing and commercial near transit.
- ▶ Allow all housing projects aligned with the land use policies of the General Plan to be considered for a statement of Significant and Unavoidable Impacts.

Further Promote Affordable Housing

- ▶ Streamline CEQA for more 100% affordable housing.
- ▶ Update screening criteria to allow more affordable housing in high resource areas.

Update and Integrate Maps

- ▶ Update baseline VMT calculations based on recently available land use and transportation data.
- ▶ Adopt Countywide VMT calculator, developed by VTA based on the City's calculator and adopted by neighboring jurisdictions.

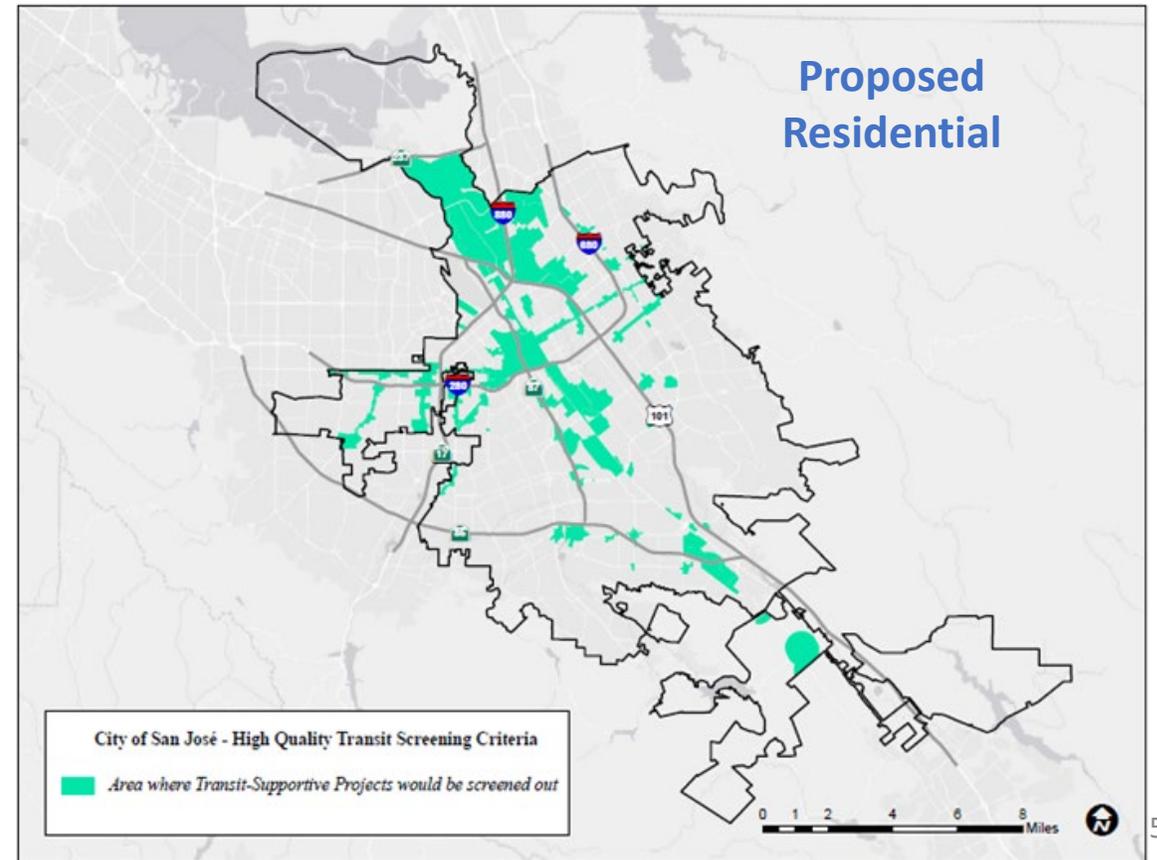

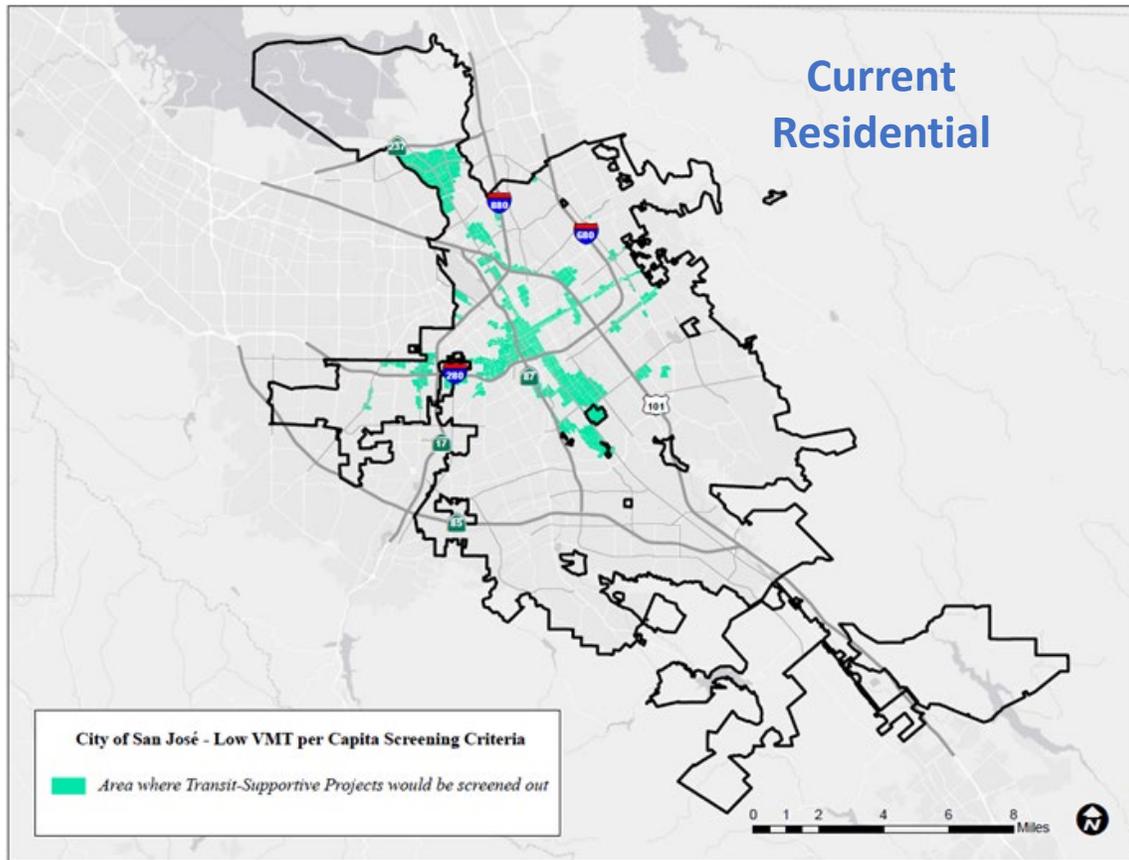

Current Streamlined Projects

- ▶ Small Infill Projects;
- ▶ Local-Serving Retail;
- ▶ Local-Serving Public Facilities;
- ▶ *Transit Supportive Projects in Planned Growth Areas with Low VMT and High Quality Transit;*
- ▶ *Restricted Affordable, Transit Supportive Residential Projects in Planned Growth Areas with High Quality Transit;*
- ▶ Transportation Projects that reduce or do not increase VMT.

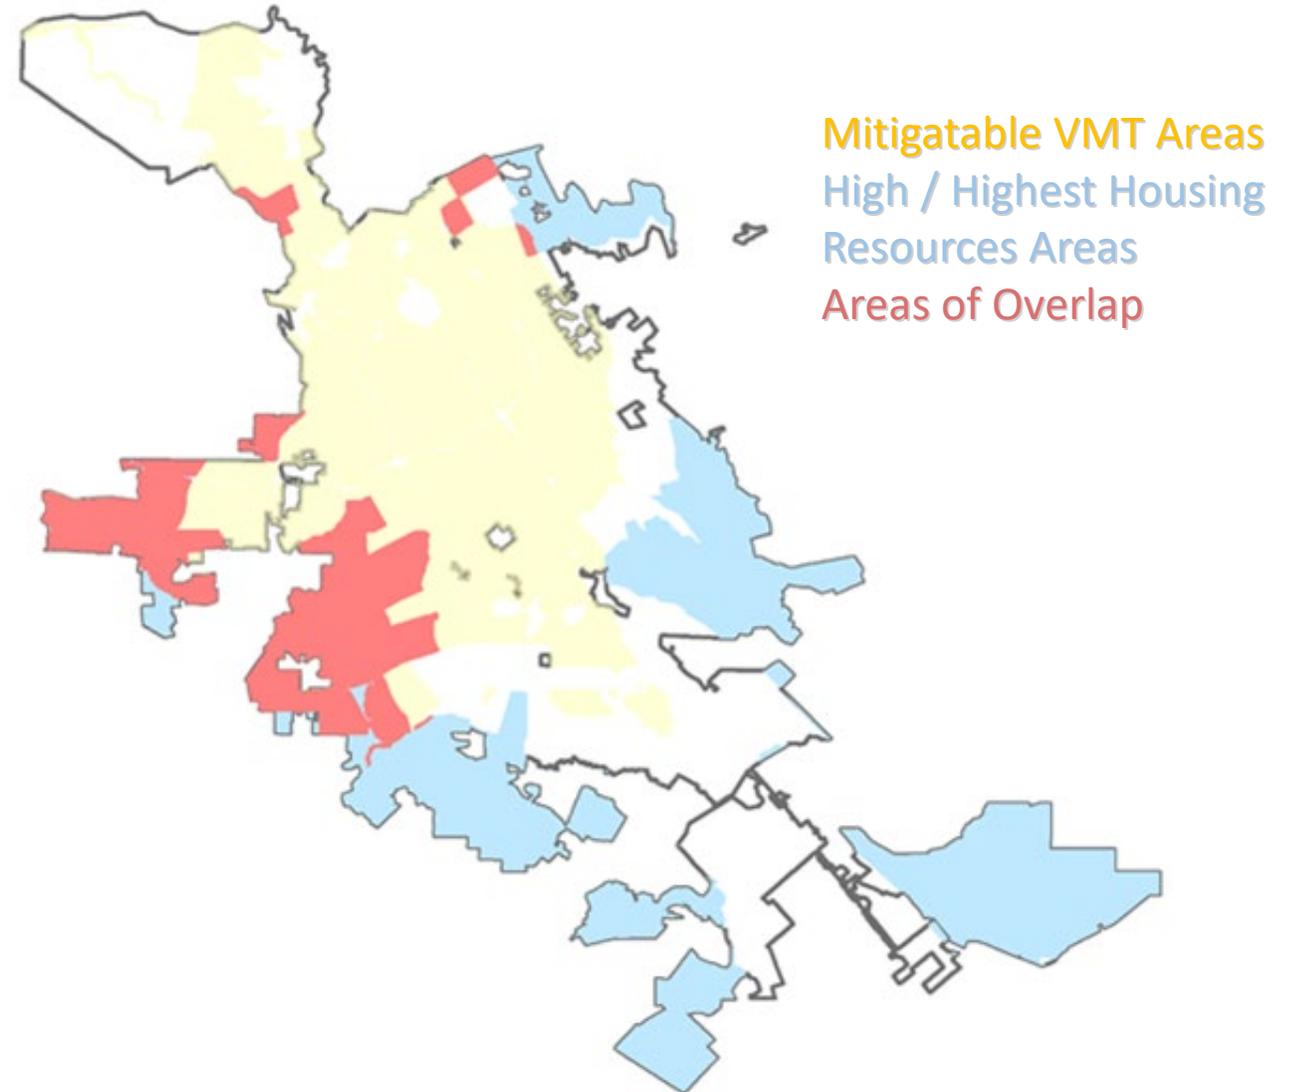

Promote Housing Production

- ▶ Transit Supportive Projects in Planned Growth Areas ~~with Low VMT~~ and High Quality Transit.

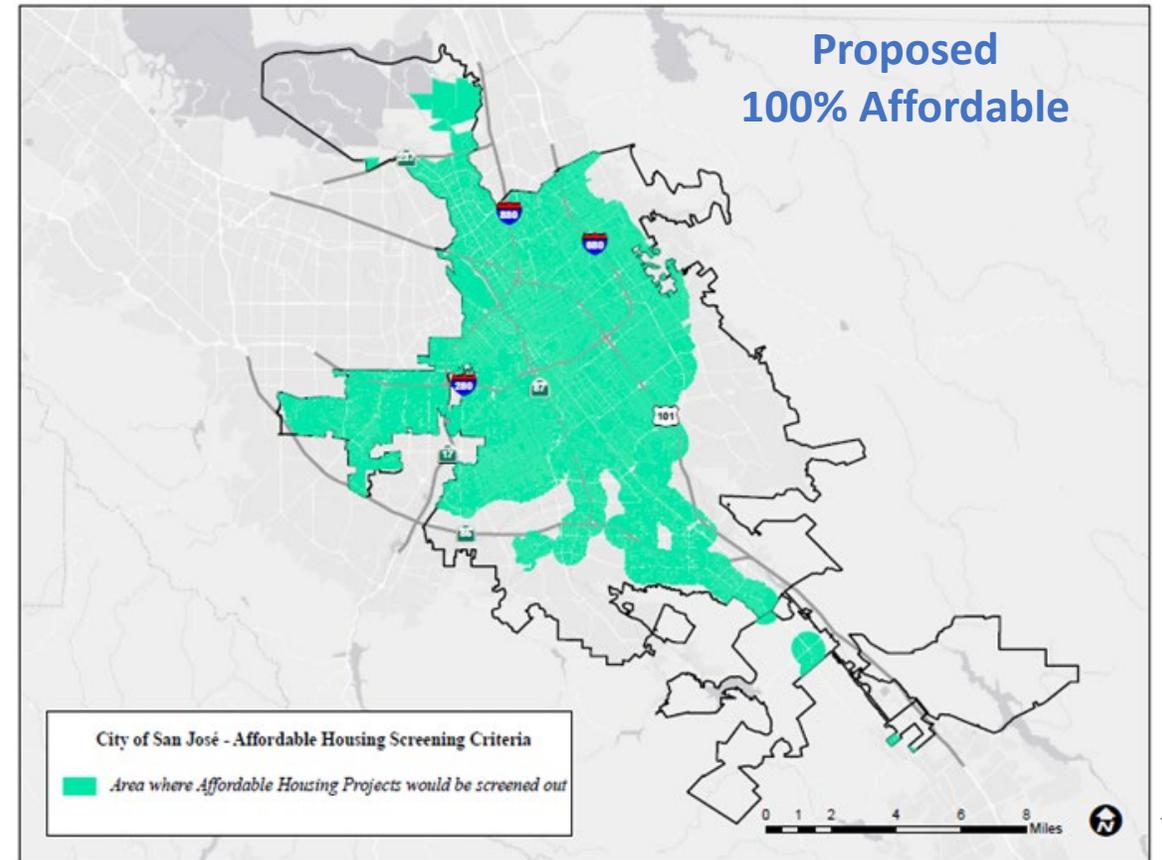

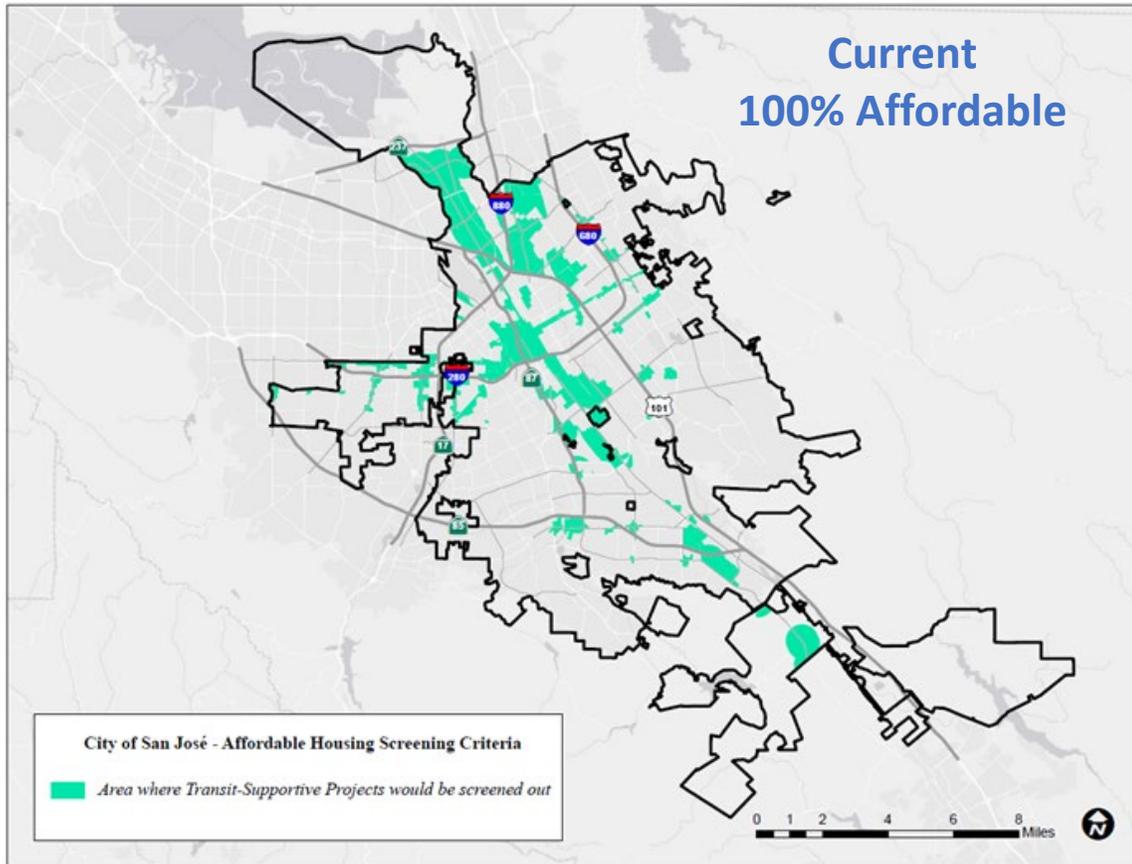

Affordable Housing and Resources Areas: Equity Analysis

- ▶ Policy 5-1 aims to reduce the City's environmental footprint from land use development by incentivizing growth in Low VMT areas
- ▶ High/Highest Housing Resource Areas in San José are located in high VMT neighborhoods, with a narrower path under existing Policy 5-1 for residential development

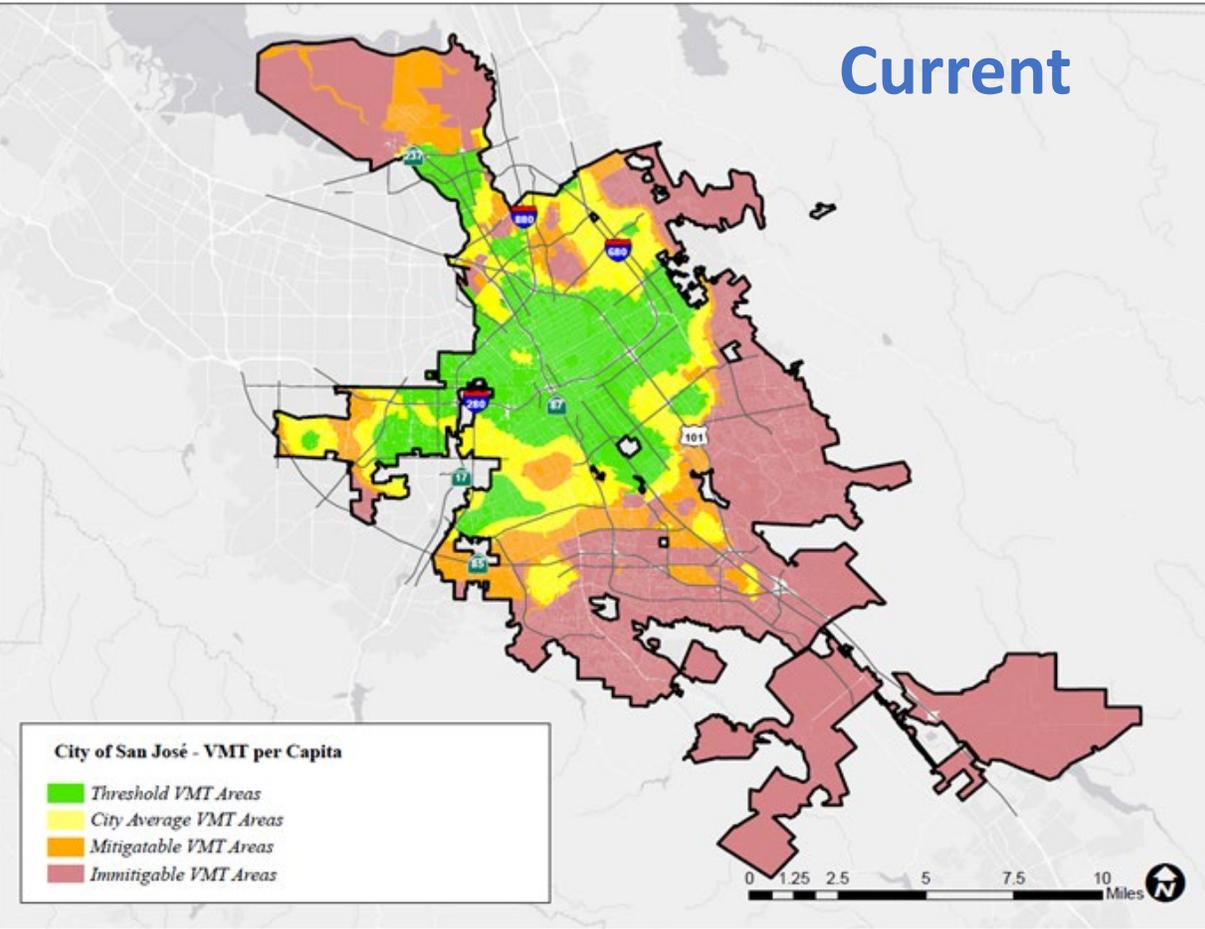

Promote Affordable Housing Production

- ▶ Restricted Affordable, Transit Supportive Residential Projects in ~~Planned Growth Areas~~ with High Quality Transit;
- ▶ Areas of the City outside of Urban Villages are open Affordable Housing

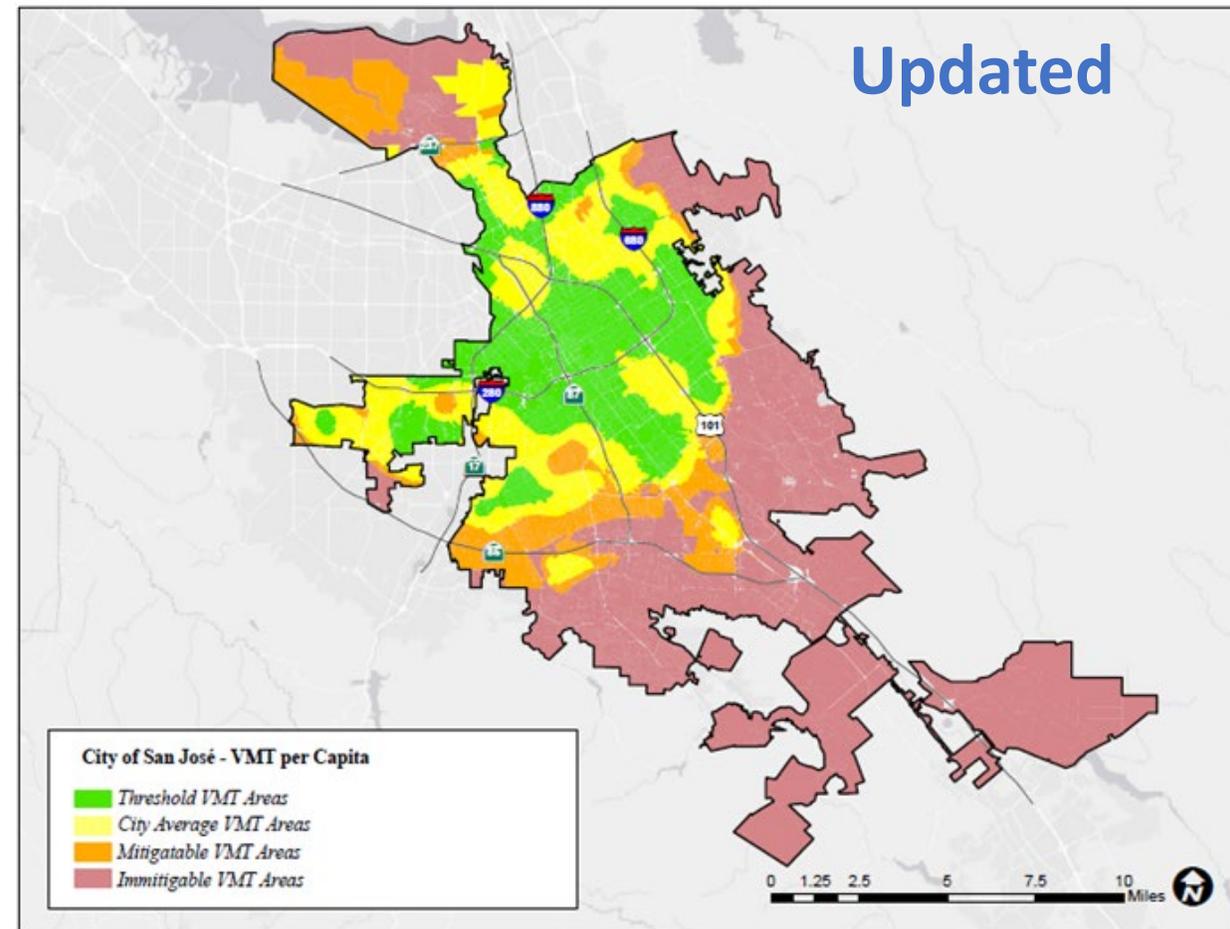

Update Maps VMT per Resident

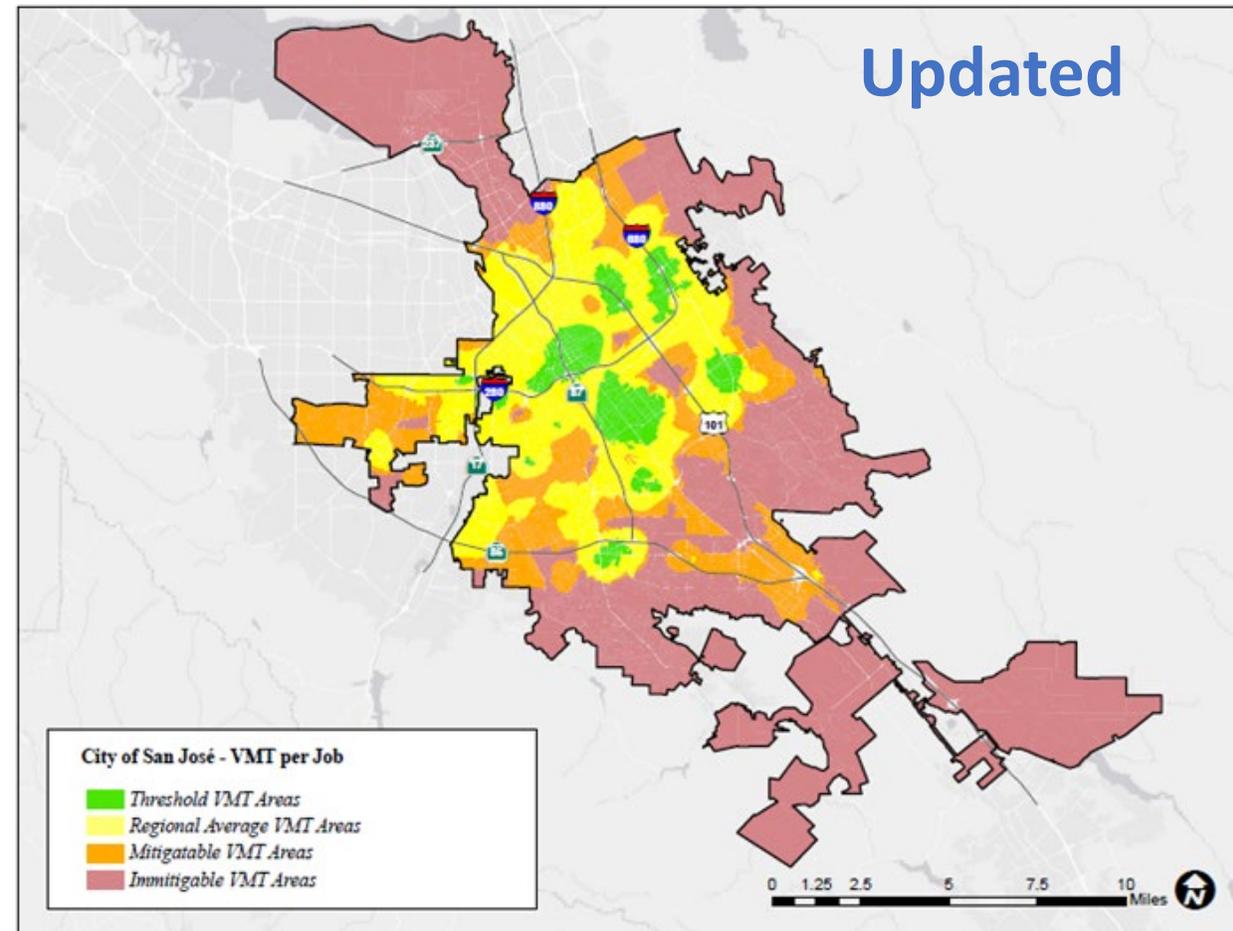

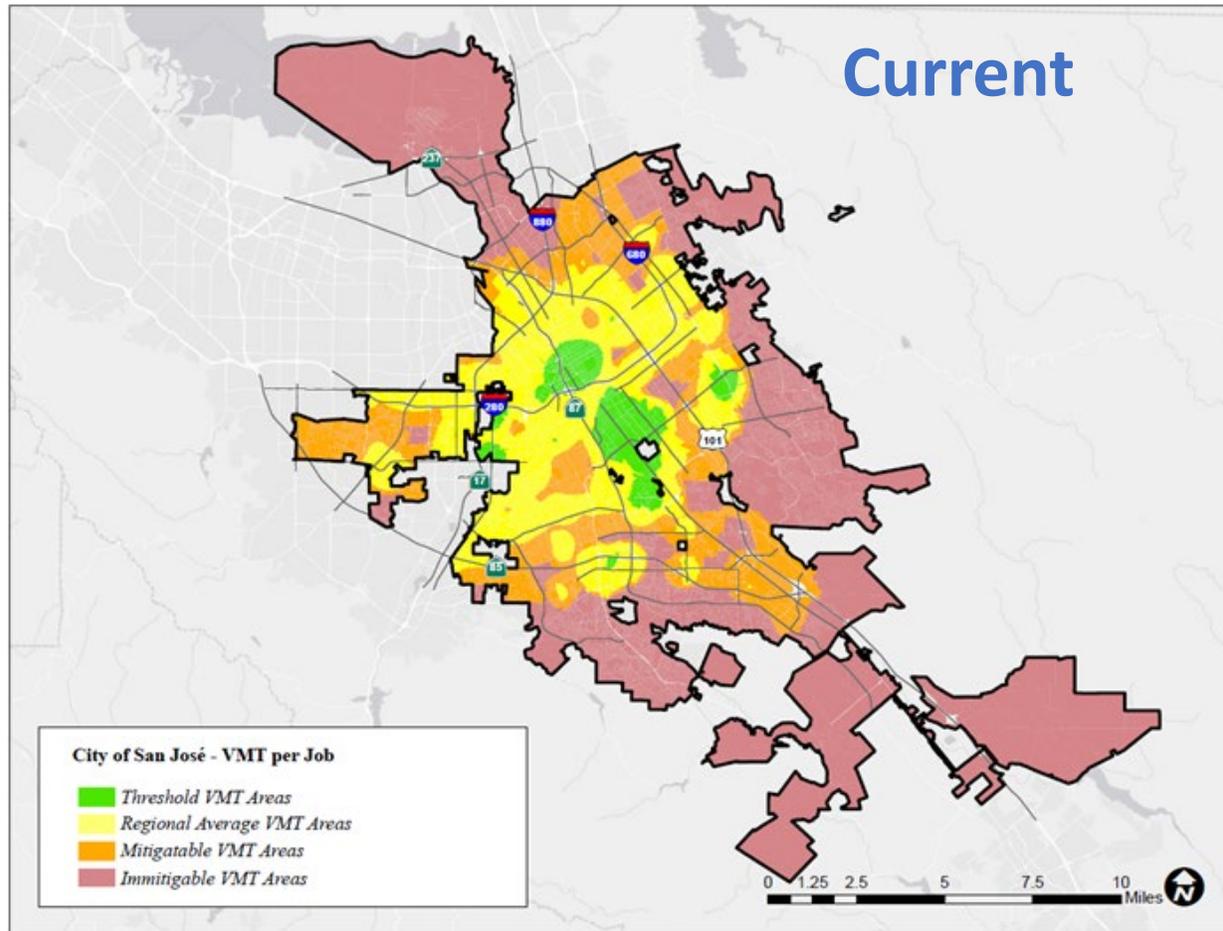

Current

Updated

Update Maps VMT per Job

Integrate Maps: VMT Tool

- ▶ Recommendation: phase out San Jose's VMT Evaluation Tool and adopt the VTA Countywide VMT Evaluation Tool to assess a project's potential VMT based on the project's description, location, and attributes.

Santa Clara Countywide VMT Evaluation Tool - Version 2
