## **OUTCOME**

Adoption of the resolution will approve a Side Letter Agreement between the City and MEF to allow for a special pensionable pay increase for the following classifications:

<b>Classification</b>	<b>Union</b>	<b>Pensionable Increase</b>
Latent Fingerprint Examiner I (2241)	MEF	15.92%

## **BACKGROUND**

Classifications in the Latent Fingerprint Examiner series provide identification services in support of criminal investigations including, but not limited to, finger and palm print analysis, writing reports based on findings, and giving expert witness testimony in court.

As part of the City's efforts to fill vacancies, the City has taken efforts to update classification specifications to clarify and streamline minimum and desirable qualifications, and ensure that the duties contained in classification specifications align with the City's expectations for incumbents in these positions. As a result of recent recruitments in the Latent Fingerprint Examiner series that failed to yield many applicants, the City made updates to the classification specifications for the Latent Fingerprint Examiner I/II/III classifications, including revisions to minimum qualifications, revised competencies, skills, and abilities. These revisions were approved by the Civil Service Commission on March 3, 2022. Simultaneously, the City identified that recruitment and retention issues exist within the Latent Fingerprint Examiner series.

As a result of the classification specification revisions and the identification of recruitment and retention issues within this classification series, the City conducted a survey that found that the City's classifications were below the average of comparable classifications within the City's marketplace of agencies. The City and MEF reached an agreement to provide these classifications with the following special pensionable wage increases that would increase the rates of pay for each classification to the average of comparable classifications within the City's marketplace of agencies:

<b>Classification</b>	<b>Union</b>	<b>Pensionable Increase</b>
Latent Fingerprint Examiner I (2241)	MEF	15.92%
Latent Fingerprint Examiner II (2242)	MEF	14.31%
Latent Fingerprint Examiner III (2246)	MEF	1.27%

The Side Letter Agreement is attached to this memorandum. The increases shown in the table, above, would result in the following changes to the salary ranges of classifications within the Latent Fingerprint Examiner series:

<b>Classification</b>	<b>Current Pensionable Salary Range (Annual)</b>	<b>New Pensionable Salary Range (Annual)</b>
Latent Fingerprint Examiner I (2241)	\$62,545.60 - \$76,024.00	\$72,508.80 - \$88,129.60

Latent Fingerprint Examiner III (2246)	\$99,528.00 - \$120,931.20	\$100,796.80 - \$122,470.40

In addition to the pensionable rates of pay indicated above, per Article 12.1.1 of the MEF MOA, incumbents in the Latent Fingerprint Examiner I/II/III classifications currently receive a 5.00% ongoing non-pensionable compensation increase.
