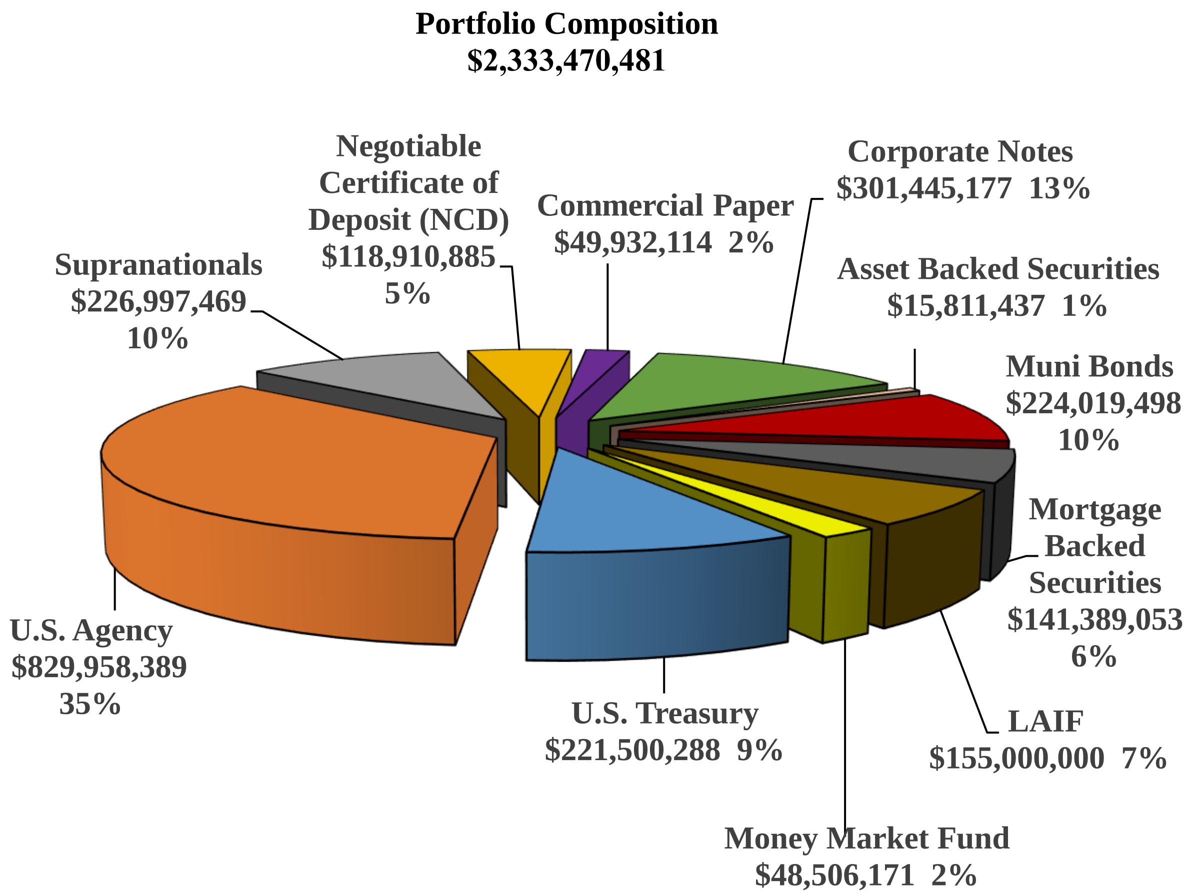
PORTFOLIO STATISTICS

Detailed information can be found in the attachments while summaries are provided below.

Portfolio Composition

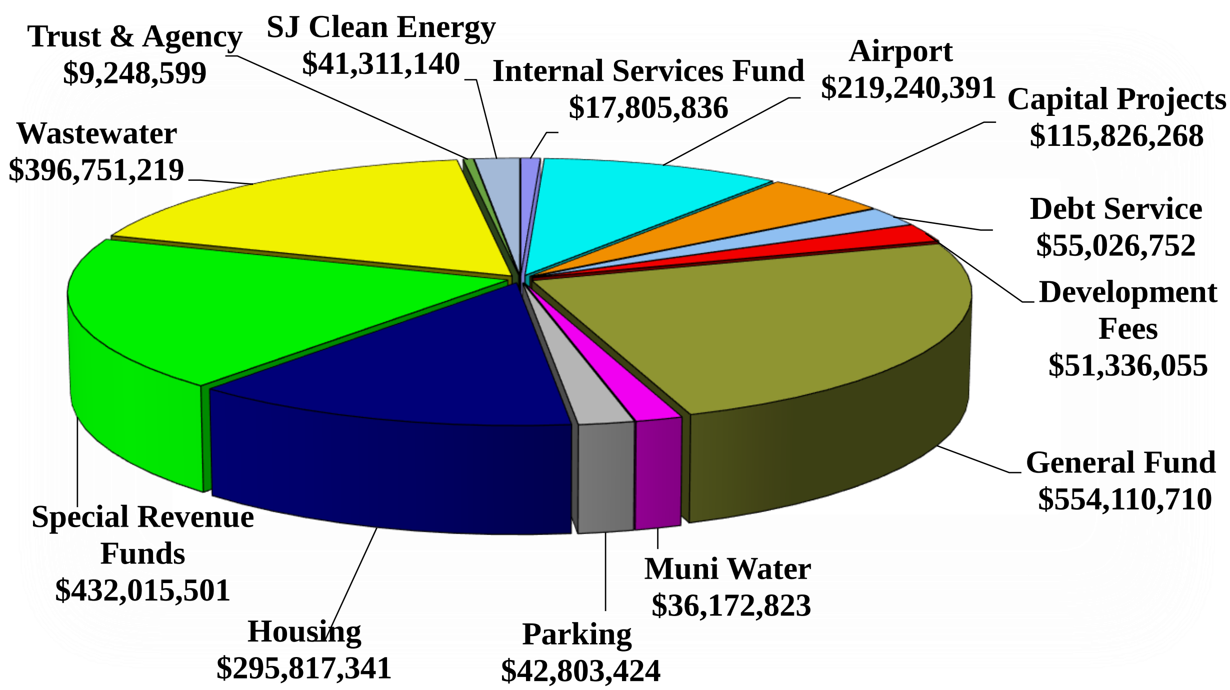
Within this section are snapshots of the City's total investment portfolio as of March 31, 2022.

The first graph shows the portfolio composition by investment type.



The graph below reflects the reconciliation of total balances reported by the investment program's record-keeping system to the City's Financial Management System (FMS).

Balances by Fund Type[2]
$2,267,466,058



Portfolio Balance	$2,333,470,481
General Banking Balance	2,963,723
Deposit-in-Transit, Outstanding Checks[3]	(68,968,146)
Total Balances per FMS	$2,267,466,058

[2] General Fund includes $508,488,547 of General Fund (Fund 001) as well as $45,622,163 of other General Fund funds which are separately tracked including the Emergency Reserve Fund, Coronavirus Aid, Relief, and Economic Security Act (CARES Act), American Rescue Plan Act of 2021 (ARPA) including Emergency Rental Assistance funds established by ARPA, Developer Fees, Depositor Funds, and other smaller funds and reserves.
[3] Reflects timing difference between when deposits are made and accounted for in FMS or when checks are written and not yet cashed by the receiving party.

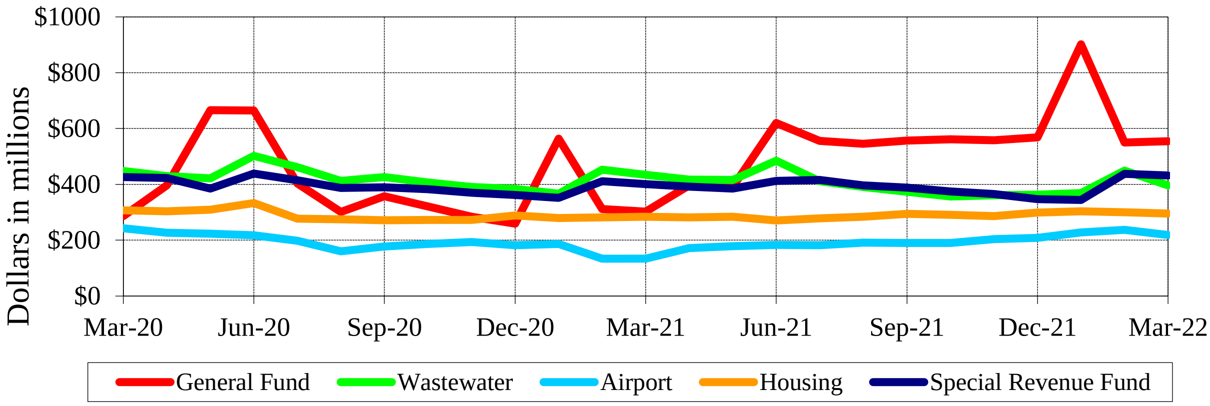
General Fund Balances

The General Fund balances decreased by $14.7 million during the quarter and ended with a balance of $554.1 million as of March 31, 2022. General Fund cash balances usually peak during the months of January and June, when the bulk of property taxes are received, and decline in the summer months due to retirement prefunding, debt service payments and operational expenditures.

The City's receipt of federal relief and recovery assistance (e.g., CARES Act funds, ARPA[4]) over the past two fiscal years has altered the pattern of cash receipts. It is important to note that while the City budgets Coronavirus relief funds separately from the General Fund – relief funds are held within their own budgeted funds and interest earnings are proportionately allocated to each of these funds – they are classified as General Fund resources in this report in accordance with accounting standards.

The following graph compares monthly balances of five largest City funds as reported by FMS.

Monthly Comparison of Balances by Fund Type
March 2020 – March 2022



Prefunding of Annual Retirement Contributions

The City opted to prefund Tier 1 annual employer retirement contributions for Fiscal Year 2021-22. The prefunding amount was $426 million. In anticipation of this cash outflow, the City set aside $141 million in cash and matured investments and issued $285 million Tax Revenue Anticipation Notes (TRANs) on July 1, 2021, that were purchased directly by Bank of America, N.A. (Bank). The cash, matured investments, and TRANs proceeds were sufficient to prefund the retirement contribution. The 2021 TRANs structure also provides the flexibility to defer all 2021 TRAN repayment to June 30, 2022[5].

---

[4] The City has received, or anticipates receiving, funding from Federal, State and local sources in response to the COVID-19 pandemic totaling approximately $796 million, primarily from the CARES Act and ARPA.

[5] The City prepaid $25 million of TRANs in January and prepaid the balance of the half of the 2021 TRANs issued in variable rate mode on February 7, 2022. The remaining half of the TRANs were issued with a fixed rate and are due on June 30, 2022.

Successor Agency to the Redevelopment Agency of the City of San José

Historically, the Redevelopment Agency participated in the City investment pool with both restricted bond proceeds and operating cash balances. As of February 1, 2012, redevelopment agencies in California were dissolved by legislative action and the City, as the Successor Agency to the Redevelopment Agency (SARA), transferred the Redevelopment Agency funds from the investment pool to SARA bank accounts. In July 2018, the City entered the final stage of dissolution and absorbed the remaining SARA operations into City operations. City staff will continue to manage SARA's accounts until all assets are liquidated and bonds are redeemed.

As of March 31, 2022, SARA reported cash balances as outlined in the table below:

SARA CASH SUMMARY

	Pledged for Bond/Enforceable Obligations	
LAIF	$4,643,648	
Wells Fargo:

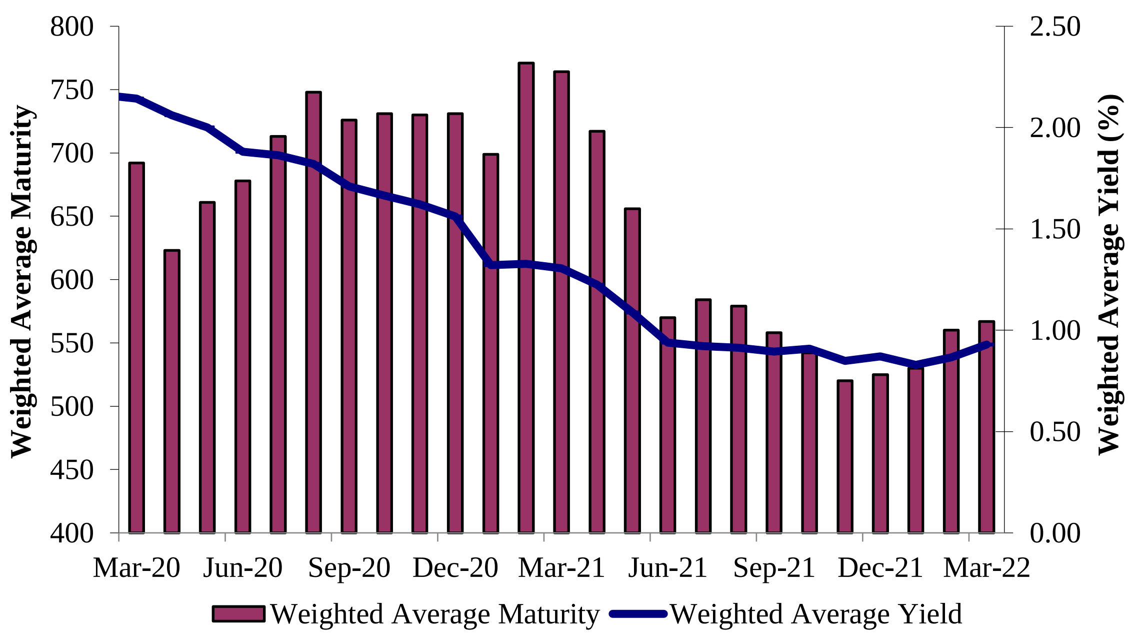
Yield and Maturity Trend

The following graph illustrates the monthly dollar-weighted average maturity (WAM) of Fund 3 Portfolio (bar graph) along with the weighted average yield (line graph) for the past two years.

Fund 3 Portfolio Yield and Maturity Trends
March 2020 – March 2022



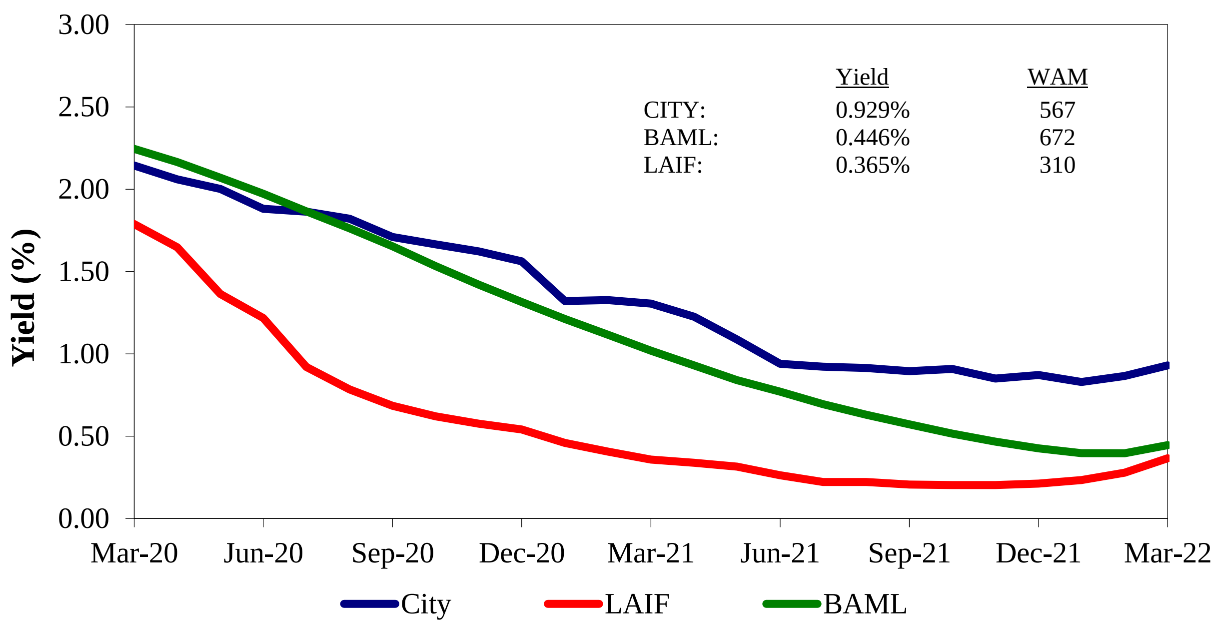
The Fund 3 Portfolio's WAM increased from 525 days as of December 31, 2021, to 567 days on March 31, 2022. The weighted average yield increased from 0.871% as of December 31, 2021 to 0.929% on March 31, 2022.

During the quarter $46 million of investments were called before maturity. Due to the rising interest rate environment, many new investments were purchased at similar yields, compared with matured securities. As a result, the aggregate portfolio yield increased. The WAM also increased as investment activity targeted longer maturities to capture higher yields once enough liquidity to meet operational expenditures was achieved.

Comparison with Benchmarks

The City Total Portfolio is not compared to benchmarks as it includes various funds which have separate cash flows and investment requirements. Only the City's Fund 3 Portfolio is compared against benchmarks for performance purposes. The following graph demonstrates a yield comparison by month of the City Fund 3 Portfolio, the California LAIF, and the BAML Index for the period from March 2020 to March 2022.

Portfolio vs. Benchmarks
March 2020 – March 2022



Notes:
1. **City** refers to City's Fund 3 Portfolio, and the yield data are month-end weighted average yields.
2. **LAIF** refers to the State of California Local Agency Investment Fund and yield data are average monthly effective yields.
3. **BAML** refers to Bank of America Merrill Lynch 1-3 Year AAA-A US Corporate & Government Index, and yield data are rolling 2-year effective yields.

LAIF is a short-term investment option available to local agencies in California. LAIF's WAM was 310 days as of March 31, 2022, much shorter than the City Fund 3 portfolio's WAM of 567 days. Therefore, LAIF has a higher turnover of security holdings and its yield decreases faster than the City's yield when interest rates are falling, and conversely LAIF's yield will rise faster than the City's when rates are rising.

The BAML Index is a broad market index and tracks dollar-denominated, investment-grade, bonds with a remaining maturity up to three (3) years. The City Investment Policy allows investments, in some sectors, up to a 5-year final maturity.

Unrealized Losses and Gains

As shown in the Investment Summary Table on page one of this report, the total portfolio size as of March 31, 2022, was approximately $2.33 billion. The following table illustrates the net unrealized gains or losses on the portfolio when comparing the portfolio's market value to both its original cost and amortized cost.

UNREALIZED GAINS & LOSSES
Cash Basis

Original Cost		**Amortized Cost**	
Market Value	$2,306,225,494	**Market Value**	$2,306,225,494
Original Cost	(2,333,470,481)	**Amortized Cost**	(2,328,280,236)
Net Unrealized Loss	$ (27,244,987)	**Net Unrealized Loss**	$ (22,054,742)

An inverse relationship exists between changes in interest rates (Yield) and the value (Price) of fixed income investment securities. As interest rates decrease, the value of fixed income investments increases. Conversely, as interest rates increase, the value of fixed income investments decreases. The City's investment practice, per the Investment Policy, is generally to hold securities to maturity, with exceptions as noted in the Investment Policy. The net unrealized losses noted above are "paper losses" and would only be realized if securities were sold prior to maturity.

Interest rates have increased significantly in this quarter. Given the inverse relationship between interest rates and value, this has led to an increase in unrealized losses from $10 million (original cost basis) and $4 million (amortized cost basis) as of December 31, 2021 to losses of $27 million (original cost) and $22 million (amortized cost) as of March 31, 2022, respectively, as shown in the table above. As interest rates are expected to continue to rise, this may lead to additional unrealized losses. This is partly offset over time by maturing securities being replaced by new purchases at rates more in line with current market value.

Earned Interest Yield

The earned interest yield of the total investment portfolio for the quarter ended March 31, 2022 was 0.876%, 0.017% higher than the previous quarter and 0.531% lower than a year ago.

COMPLIANCE REPORTING REQUIREMENTS

Pursuant to Section 21.0 of the City's Investment Policy, "No less than semi-annually each year, a compliance audit shall be conducted of the City's investment program to determine whether the City's investments within the City's pooled portfolio are in compliance with the City's Investment Policy, internal controls and department procedures." These compliance audits per the Investment Policy can be included in the City Auditor's work plan or can be conducted by an external auditor at the request of the Director of Finance. During the quarter, the City Auditor's Office engaged the services of Macias, Gini, & O'Connell LLP ("MGO") to audit the City's investments within the pooled portfolio.

MGO completed its evaluation for the six-month ended December 31, 2021 and found the City's investment program to be in compliance with the City's Investment Policy, internal controls and department procedures. The report noted no exceptions to the Investment Policy. A copy of the Independent Accountant's Agreed-Upon Procedures Report is attached to this quarterly report (Section F).

Cash Management Projection

Based on the Finance Department's pooled cash flow projection as of March 31, 2022, total revenues and investment maturities for the next six months are anticipated to be approximately $2.39 billion. This is sufficient to cover projected expenditures of approximately $2.22 billion. The difference is due in large part to the fact that the majority of property tax revenues, the largest revenue source for the City, is received during the second half of the fiscal year (i.e., the next three months). As noted above, during Fiscal Year 2021-22 the City prefunded retirement plan contributions with a combination of cash and TRANs. On July 1, 2021, the City issued Tax and Revenue Anticipation Notes in the original aggregate principal amount of $285 million (2021 TRANs). The City used the proceeds of the 2021 TRANs, together with cash on hand of approximately $141 million, to prefund its employer retirement contributions for the City pension and healthcare plans for Tier 1 employees for 2021-2022. Based on prevailing investment opportunities and the availability of additional revenues, the Finance Department paid half the 2021 TRANs by February 2022 ($25 million in January, the balance in February), with the remaining half of the TRANs, issued as fixed rate notes, scheduled to be paid as due on June 30, 2022.

Statement of Compliance with the Policy

There were no exception or violation outstanding for the quarter ended March 31, 2022. Investments in the portfolio meet the requirements of the City Investment Policy and conform with California Government Code section 53601.

Comparison of Portfolio Investment Earnings to FY 2021-22 Budget

The following is a comparison of actual General Fund investment earnings, on an accrual basis, to the Fiscal Year 2021-22 budget. The Fiscal Year 2021-22 Budget included $4.0 million for interest earnings for the General Fund, based on an assumed net interest yield of 0.97%. The schedule below compares the unaudited actual net investment earnings to the General Fund budget for the quarter ended December 31, 2021. The interest earning rates are less than the forecast for the quarter and for the fiscal year.

(b) Reflects the earned interest yield less costs to administer the investment program, adjusted for funds with negative cash balances at month end.

INVESTMENT TRADING ACTIVITY

Section E provides a detail of the City's investment activities, including purchases, maturities, amortization, interest received, and realized gains or losses from trading activities.

In general, the City holds all securities to maturity. On rare occasions, the City may liquidate holdings to raise cash or as allowed under the Investment Policy.

INVESTMENT STRATEGY AND MARKET UPDATE

The Investment Program continues to focus on its core mandates of safety, liquidity, and yield. Staff continues its effort to match known cash flow outlays in the next 24-month horizon with investment maturities. Beyond the 24-month horizon, staff selectively invests in various assets classes and maturity buckets to diversify the portfolio structure and maximize the portfolio's earnings potential, as allowed by the Investment Policy.

Economic activity improved during the third quarter of FY 2022. Gross Domestic Product (GDP) increased in the fourth quarter of 2021 to a 6.9% annualized rate from the previous quarter rate of 2.3%. Initial jobless claims and continuing claims continued to steadily decrease to new lower pandemic-era levels and the national unemployment rate declined to 3.6% in March 2022. With decreasing COVID-19 infection rates, mask and business-restriction mandates around the country were eased and eliminated in some areas. Higher inflation, Russia's invasion of Ukraine, and future Federal Reserve Bank action dominated headlines during this quarter. Year-over-year inflation rose to another 40-year high of 8.5% in March 2022. Russia's invasion of Ukraine in February 2022 caused considerable volatility in the global markets and propelled oil prices past $100 per barrel. Additional effects are expected on prices from the war, as Ukraine is a large food exporter. Continued shipping challenges, material and labor shortages, and higher commodity prices contributed to the Federal Reserve raising its benchmark rate by 0.25%, the first increase since 2018, in a bid to curb inflation, with strong signals for potential future increases.

Investment staff will closely monitor market developments, continue to focus on the overall quality of the portfolio and invest with care, prudence and diligence.

Future Commitments – As of March 31, 2022, the City had no obligations to sell securities and no commitments to participate in securities trading.

Executed Reverse Repurchase Agreements – No reverse repurchase agreements were executed this quarter.

Restructuring – No restructuring activities took place during this quarter.

CONCLUSION

The total investment portfolio as of March 31, 2022 was $2,333,470,481 an increase of approximately $177 million from the previous quarter. For the quarter ended March 31, 2022, the earned interest yield increased from 0.859% to 0.876% for the quarter ended December 31, 2021 and the weighted average days to maturity increased from 520 days to 562 days over the same period. As of March 31, 2022, approximately 44% of the total portfolio was invested in U.S. Treasuries and Agency securities.

Applying Agreed-Upon Procedures

Members of the Public Safety, Finance &
Strategic Support Committee and the
San José City Council
San José, California

We have performed the procedures enumerated below on evaluating whether the investments within the City of San José's (City) pooled portfolio are in compliance with the City's Investment Policy dated March 9, 2021 (Investment Policy) and Finance Department procedures as of December 31, 2021. The City's management is responsible for the City's compliance with those requirements.

The City's Finance Department and the Office of the City Auditor (City Auditor) have agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of assisting specified parties in evaluating whether the investments within the City's pooled portfolio are in compliance with the City's Investment Policy and Finance Department procedures as of December 31, 2021. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

1. The management of the City provided us with a copy of the FY 2021-22 Second Quarter Investment Report (Investment Report) as of December 31, 2021 and we traced and agreed individual investments, which includes investment description, maturity date, CUSIP number, book and market value, to supporting documentation such as custodian/bank statements obtained from the City.

   Finding: No exceptions were found as a result of applying the procedure.

2. We traced total investments listed on the Investment Report as of December 31, 2021 to the City's general ledger.

   Finding: No exceptions were found as a result of applying the procedure.

3. We compared the types of investments listed in the Investment Report as of December 31, 2021 with the types of investments that are authorized by the City's Investment Policy.

   Finding: No exceptions were found as a result of applying the procedure.

4. We read the Investment Report as of December 31, 2021 to verify that it contains the information/data required by the City's Investment Policy and whether it meets the timing requirements of the City's Investment Policy, as follows:

   a. The Investment Report includes the type of investment, issuer, date of maturity, par and dollar amount invested on all securities, investments and monies held by the City.

   b. The Investment Report includes market value (and source) as of the date of the report of all securities held by the City or under management of any outside party.

   c. The Investment Report includes a statement addressing the portfolio's compliance with the portfolio to the City's Investment Policy.

   d. The Investment Report includes a statement addressing the ability of the City to meet the pool's expenditure requirements for the next six months.

   Finding: No exceptions were found as a result of applying the procedure.

5. We compared the types of investments listed in the Investment Report as of December 31, 2021 to the list of permitted investments in the City's Investment Policy.

   Finding: No exceptions were found as a result of applying the procedure.

6. We calculated the total investment amounts on a cost basis for the investment types listed in the Investment Report as of December 31, 2021, and compared those totals to the maximum portfolio limitations imposed by the City's Investment Policy for specified investment types.

   Finding: No exceptions were found as a result of applying the procedure.

7. We agreed individual investment maturity dates listed in the Investment Report as of December 31, 2021 to the custodian/bank statements and determined whether they conform to the maturity requirements of the City's Investment Policy.

   Finding: No exceptions were found as a result of applying the procedure.

8. We obtained and read the third-party custodial agreement(s) and broker/dealer agreement(s) in effect at the date of the Investment Report to determine if the agreements contained a clause addressing delivery of securities and that the delivery method conformed to the City's Investment Policy.

   Finding: No exceptions were found as a result of applying the procedure.

9. We recomputed and reviewed supporting documentation relevant to the repurchase agreements and, if applicable, the reverse repurchase agreements held by the City on December 31, 2021, to ascertain whether the investments conform to the City's Investment Policy.

   Finding: Not applicable. No repurchase or reverse repurchase agreements were held by the City on December 31, 2021.

10. We determined through inquiry and observation whether the responsibilities for initiating, evaluating, and approving transactions are separate from detail accounting and general ledger functions.

    Finding: No exceptions were found as a result of applying the procedure.

    Finding: No exceptions were found as a result of applying the procedure.

14. We selected an investment purchase and maturity transaction between July 1, 2021 and December 31, 2021 and determined through inquiry and document inspection whether the City counts and/or confirms its investments as transactions occur.

    Finding: No exceptions were found as a result of applying the procedure.

We selected an investment purchase and maturity transaction between July 1, 2021 and December 31, 2021 and determined through inquiry and document inspection whether counts and/or investment confirmations and detailed subsidiary records are prepared by an Accountant and reviewed by a Senior Accountant.

    Finding: No exceptions were found as a result of applying the procedure.

16. We selected an investment purchase and maturity transaction between July 1, 2021 and December 31, 2021 and determined through inquiry and document inspection whether investment income is reviewed monthly for accuracy by the Deputy Director of Finance, Debt and Treasury Management, and Assistant Director of Finance or Director of Finance.

    Finding: No exceptions were found as a result of applying the procedure.

17. We selected an investment purchase and maturity transaction between July 1, 2021 and December 31, 2021 and determined through inquiry and document inspection whether reconciliations between detailed subsidiary records and general ledger control accounts are prepared by an Accountant and reviewed by a Senior Accountant or Supervising Accountant.

    Finding: No exceptions were found as a result of applying the procedure.
