Sylvia Perez, Senior Grants Analyst San Jose, City of 201 West Mission Street San Jose, CA 95110-1701

Subject: NOTIFICATION OF APPLICATION APPROVAL Internet Crimes Against Children Program Subaward #: IC21 12 7928, Cal OES ID: 085-68000

Dear Ms. Perez:

Congratulations! The California Governor's Office of Emergency Services (Cal OES) has approved your application in the amount of \$950,000, subject to Budget approval. A copy of your approved subaward is enclosed for your records.

Cal OES will make every effort to process payment requests within 45 days of receipt.

This subaward is subject to the Cal OES Subrecipient Handbook. You are encouraged to read and familiarize yourself with the Cal OES Subrecipient Handbook, which can be viewed on Cal OES website at www.caloes.ca.gov.

Any funds received in excess of current needs, approved amounts, or those found owed as a result of a close-out or audit, must be refunded to the State within 30 days upon receipt of an invoice from Cal OES.

Should you have questions on your subaward please contact your Program Specialist.

Grant Subaward Certification of Assurance of Compliance

12 Grant Subaward #: IC21 13 7928

AP

Subrecipient: City of San Jose

, Sarah Zarate (Official Designee; same person as Section 15 of the Grant Subaward Face Sheet) hereby certify that the above Subrecipient is responsible for reviewing the Subrecipient Handbook (SRH) and adhering to all of the Grant Subaward requirements (state and/or federal) as directed by Cal OES including, but not limited to, the following areas:

Federal Grant Funds – SRH Sections 14.005 I.

Subrecipients expending \$750,000 or more in federal grant funds annually are required to secure a single audit pursuant to Office of Management & Budget (OMB) Uniform Guidance 2 Code of Federal Regulations (CFR) Part 200, Subpart F and are allowed to allocate federal funds for the audit costs.

Subrecipient expends \$750,000 or more in federal funds annually.

Subrecipient does not expend \$750,000 or more in federal funds annually

П. Equal Employment Opportunity – SRH Section 2.025

It is the public policy of the State of California to promote equal employment opportunity (EEO) by prohibiting discrimination or harassment in employment because of race, color, religion, religious creed (including religious dress and grooming practices), national origin, ancestry, citizenship, physical or mental disability, medical condition (including cancer and genetic characteristics), genetic information, marital status, sex (including pregnancy, childbirth, breastfeeding, or related medical conditions), gender, gender identity, gender expression, age, sexual orientation, veteran and/or military status, protected medical leaves (requested or approved for leave under the Family and Medical Leave Act or the California Family Rights Act), domestic violence victim status, political affiliation, and any other status protected by state or federal law. Subrecipients certify that they will comply with all state and federal requirements regarding EEO, nondiscrimination, and civil rights.

EEO Officer: Jennifer Schembri

Title: Director of Employee Relations

Address: 200 East Santa Clara Street, San Jose, CA 95113-1905

Email Address: jennifer.schembri@sanjoseca.gov

COAOC – Cal OES 2-104 (Revised 7/2021)

Page 2 of 4

III. Drug-Free Workplace Act of 1990 – SRH Section 2.030

The State of California requires that every person or organization receiving a Grant Subaward or contract shall certify it will provide a drug-free workplace.

IV. California Environmental Quality Act (CEQA) – SRH Section 2.035

The California Environmental Quality Act (CEQA) (Public Resources Code, Section 21000 et seq.) requires all Cal OES-funded Subrecipients to certify compliance with CEQA. Subrecipients must certify they have completed, and will maintain on file, the appropriate CEQA compliance documentation.

V. Lobbying – SRH Sections 2.040 and 4.105

Grant Subaward funds, property, and funded positions must not be used for any lobbying activities. This includes, but is not limited to, being paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making of any federal grant, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal grant or cooperative agreement.

VI. Debarment and Suspension – SRH Section 2.045

Subrecipients receiving federal funds must certify that they will adhere to Federal Executive Order 12549, Debarment and Suspension. The Subrecipient certifies that neither the Subrecipient nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, sentenced to a denial of federal benefits by a state or federal court, or voluntarily excluded from covered transactions by any federal department or agency.

The Subrecipient certifies that it will not make any Second-Tier Subaward, or enter into any contract greater than \$25,000, with parties that are debarred, suspended, or otherwise excluded or ineligible for participation in Federal programs or activities.

VII. Proof of Authority from City Council/Governing Board – SRH Section 1.055

Subrecipients accept responsibility for and must comply with the requirement to obtain a signed resolution from governing body (e.g., County Board of Supervisors, City Council, or Governing Board) granting authority for the Subrecipient/Official Designee (see Section 3.030) to enter into a Grant Subaward (and applicable Grant Subaward Amendments) with Cal OES. It is agreed that any liability arising out of the performance of this Grant Subaward, including civil court actions for damages, shall be the responsibility of the Subrecipient. The State of California and Cal OES disclaim responsibility of any such liability. Furthermore, it is also

COAOC - Cal OES 2-104 (Revised 7/2021)

agreed that Grant Subaward funds received from Cal OES shall not be used to supplant expenditures controlled by the governing board.

Subrecipients are required to obtain written authorization by the governing body (e.g., County Board of Supervisors, City Council, or Governing Board) granting authority for the Subrecipient/Official Designee (see Section 3.030) to enter into a Grant Subaward (and applicable Grant Subaward Amendments) with Cal OES. The Applicant is also required to maintain said written authorization on file and make readily available upon demand.

VIII. Civil Rights Compliance – SRH Section 2.020

The Subrecipient complies with all laws that prohibit excluding, denying or discriminating against any person based on actual or perceived race, color, national origin, disability, religion, age, sex, gender identity, and sexual orientation in both the delivery of services and employment practices and does not use federal financial assistance to engage in explicitly religious activities.

COAOC - Cal OES 2-104 (Revised 7/2021)

All appropriate documentation must be maintained on file by the Subrecipient and available for Cal OES or public scrutiny upon request. Failure to comply with these requirements may result in suspension of payments under the grant or termination of the grant or both and the Subrecipient may be ineligible for Subaward of any future grants if the Cal OES determines that any of the following has occurred: (1) the Subrecipient has made false certification, or (2) violates the certification by failing to carry out the requirements as noted above.

CERTIFICATION	1
I, the official named below, am the same individual authorized to sign the Grant Subaward [Section 15 on Grant Subaward Face Sheet], and hereby swear that I am duly authorized legally to bind the contractor or grant Subrecipient to the above described certification. I am fully aware that this certification, executed on the date and in the county below, is made under penalty of perjury under the laws of the State of California.	2

VSPS Budget Summary Report

12 Grant Subaward #: IC21 13 7928

Subrecipient: City of San Jose

Budget Narrative

Categories A - Personal Services

1) Salaries

Digital Forensic Analyst - 1.0 FTE

Funds will be utilized to retain a highly trained, full-time forensic analyst dedicated to the Silicon Valley Internet Crimes Against Children (SVICAC) Task Force. The Digital Forensic Analyst will assist in digital forensic examinations; improve task force effectiveness to prevent, interdict, investigate, and prosecute Internet crimes against children and technology-facilitated child exploitation; and reduce forensic examination backlog and increase the number of forensic exams that taskforce complete during the project period. The full-time staff will provide an immense benefit to the SVICAC Task Force that currently backlogged in digital forensic examinations.

40 hours per week x \$51.98 x 52 weeks = \$108,118

2) Benefits

Digital Forensic Analyst - 1.0 FTE

Grant Subaward Budget Narrative - Cal OES 2-107 (Revised 4/2021)

Grant Subaward #: IC21 13 7928

Subrecipient: <u>City of San Jose</u>

Funds will be utilized to fund the job benefits of a full time digital forensic analyst, which calculates to 67% of total salaries. Of the 67% benefits, 56% is for retirement contribution and 11% is for medical and dental health benefits. $67\% \times $108,118.00 = $72,439$

3) Overtime

Community Service Officer (CSO) Vigilant Parent

Overtime funds have been budgeted for Community Service personnel to assist in facilitating the Vigilant Parent Initiative. The Vigilant Parent Initiative is an interactive program for parents that provides hands-on access to some of the social media Applications (APPS). Often our children are more tech savvy than parents; however, they are unaware of the dangers of the Internet. This program allows parents to log into fictitious Social Media accounts and see what their children are exposed to. It also teaches them how to use safety filters in APPS most popular with children. Three overtime hours for up to three Community Service personnel (Community Service Officer (CSO) I, II, Senior, and/or Supervising classifications) will assist in facilitating two to three classes a month for 12 months. These hours may vary depending on the school year and outreach events such as National Night Out.

12
 Grant Subaward #: IC21 13 7928
 Subrecipient: City of San Jose

\$87.08 rate x 3 hours x 3 CSOs x 3 session per month x 12 months = \$28,214

Categories B – Operating Expenses

Cellebrite Renewals

Funds have been budgeted for the renewals of vital software that assist in forensic investigations and examinations. Cell phones are becoming a predominant technological medium in the daily lives of everyone including many of the predators that are being investigated. Cellebrite has been essential for SVICAC by providing the appropriate forensic tools that help SVICAC unlock passcodes and encryptions on cell phones. These forensic tools have been essential in reducing case backlogs and speeding up investigations by allowing forensic investigators and detectives to unlock and extract digital data that can then be analyzed, which is critical to meeting SVICAC objectives.

In the response to the increased need for forensic examinations, San Jose is requesting funds to supply one more affiliate with the Cellebrite tool. The Cellebrite tool is a cell phone forensic tool used by a forensic examiner to extract data from suspect and victims' phones to assist in successful investigations. The Cellebrite tool is integral in SVICAC operations and this tool will be assigned to San Francisco Police ICAC, who will share it with the border affiliates.

Grant Subaward Budget Narrative – Cal OES 2-107 (Revised 4/2021)

12 77 Grant Subaward #: IC21 13 7928

Subrecipient: <u>City of San Jose</u>

Cellebrite UFED 4 PC Ultimate renewal \$4,700/renewal x 1 renewal

Cellebrite UFED 4 PC Ultimate renewal for SFPD \$4,700/renewal x 1 renewal

Supplies for San Francisco Police Department

As an integral affiliate for SVICAC task force, funds are being requested to provide essential supplies that will help San Francisco Police Department (SFPD) perform day to day tasks. Their quantity of work requires a memory upgrade, which will help improve system performance and avoid delays associated with storage.

\$500/memory upgrade x 1 memory upgrade

Renewals for Affiliates

Our agency affiliates have benefited from the ADF provided to them as well as the XRY tools. The XRY tool is a cell phone forensic tool used by a forensic examiner to extract data from suspect and victims' phones to assist in a successful investigation. These tools have been integral in the investigations for our affiliates and need to be renewed to help continue to meet SVICAC objectives.

\$1,650/ADF renewal x 4 ADFs = \$6,600

\$3,400/XRY renewal x 3 XRYs = \$10,200

Grant Subaward Budget Narrative – Cal OES 2-107 (Revised 4/2021)

Grant Subaward #: IC21 13 7928
Subrecipient: City of San Jose

Equipment and Tools for Salinas County Forensic Van

Funds are being requested for equipment and tools that will help Salinas County with investigations and forensic examinations. San Jose ICAC is responsible for ensuring that all affiliates have the proper equipment to successfully conduct ICAC investigations. The goal of the San Jose ICAC is to expand not only the investigator side of the Task Force, but the Forensic side as well. The time and expertise that is needed to conduct forensic examinations can be facilitated with technology. Salinas Police Department is in the final stages of building their Grant Funded Forensic vehicles. In preparation for the completion of these vehicles, they will need some equipment and tools. Funds are being requested for forensic laptops, which are designed to be used during Forensic examinations. Forensic examinations require laptops equipped with specifications that allow the forensic team to properly utilize the tools required to complete forensic investigations and examinations. Additionally, funds are requested for one forensic laptop for SVICAC and San Jose Police Department Human Trafficking to process the evidence material in a safe and expedited manner \$4,500/forensic laptop x 2 laptops for Salinas = \$9,000 4,500/forensic laptop x 1 laptop for HT = 4,500

⁷⁷ Grant Subaward #:<u>IC21 13 7928</u> Subrecipient: City of San Jose

Licenses for Contra Costa County

Funds are being requested to supply Contra Costa County with licenses and equipment required to respond to the increased need for forensic examinations. The XWAYS product is a forensics analytical tool for conducting an examination on phones and computers. There are many small agencies in the task force that do not have the budget for these types of tools. Contra Costa County has their own Forensic examiners and they handle the Northern part of the Task Force. The goal is to train as many forensic examiners in the Task Force due to the time and expertise needed to complete forensic examinations.

Additionally, funds are being requested to supply Contra Costa County with a Cellebrite Digital Collector license. The Cellebrite Digital Collector product is a forensics analytical tool for conducting examination on Apple Products only. SVICAC is seeing a large increase of Apple products being used and many small agencies in the task force that need the appropriate tools to examine these products. Contra Costa County has their own Forensic examiners and will help handle the Northern part of the Task Force.

\$3,000/XWAYS x 1 XWAYS

\$1,450/Digital Collector x 1 Digital Collector

Grant Subaward Budget Narrative – Cal OES 2-107 (Revised 4/2021)

12 77 Grant Subaward #: IC21 13 7928 Subrecipient: City of San Jose

SVICAC Social Awareness

The use of social media is increasing significantly amongst the members of our community. SVICAC has the goal of increasing our Social Media footprint to engage with the community in an effort to raise awareness and education. Funds are being requested to help increase our Social Media footprint and ensure that updates to our website are up to date and provided frequently. Hootsuite Social Media Manager is a social media management tool that allows SVICAC to manage multiple social media networks and view analytical data from the social media engagement that is attained from the public. SVICAC is finding that social media engagement has significantly helped to educate community members with information on how to better protect the youth. Social media has been a vital medium of communication with the community. Additionally, funds are requested to work on a billboard campaign to further increase outreach with the community.

\$600/media manager x 1 media manager

Traffic Software

Funds are being requested to purchase traffic jam software that will allow detectives to monitor and locate ads being posted by human traffickers. SVICAC

Grant Subaward Budget Narrative – Cal OES 2-107 (Revised 4/2021)

12 77 Grant Subaward #: IC21 13 7928

Subrecipient: City of San Jose

has recently merged with San Jose Human Trafficking Team and the Human Trafficking team is now part of ICAC, working on joint operations. Human traffickers are not only trafficking young children, but they are also manufacturing child sexual abuse images to create ads on various sex workers advertisement websites. With the use of traffic jam software, detectives and investigators will be able to locate ads and better complete their examinations and investigations. \$1,375/traffic software x 4 traffic software's = \$5,500

Wellness Training

The Wellness Retreat Training was created with the collaboration with the five California ICAC Commanders, who are not only working together on cases but are facing the same issues in the field. This training was designed for California ICAC'S only, due to the uniqueness in being the only state with more than 3 ICAC's. The plan for the training is separated into three categories:

The first category is to let the detectives and Commander's confer with each other to discuss strategies in working complex cases and share new ideas and innovative approaches to challenges faced.

The second category is to arrange representatives within Industry where they present 1-2 blocks on their platform and the trends they are seeing. We will

77 Grant Subaward #: IC21 13 7928

12

Subrecipient: City of San Jose

also roundtable on different ways to process the thousands of Cyber Tips that come in every year. San Jose ICAC and LA ICAC alone receive almost 30,000 Cyber Tips a year.

The third and most important category is wellness. The final day of this training will be dedicated to shift wellness. The Shift Wellness staff provide one full day of activities dedicated to helping Detectives deal with and process the issues that they encounter.

\$1,725.67/person x 12 = \$20,708

Dell Laptops for Affiliates

Funds are being requested to supply San Jose ICAC affiliates with the proper equipment to successfully conduct ICAC investigations. The goal of the San Jose ICAC is to expand not only the investigator side of the Task Force, but the Forensic side. The time and expertise that is needed to conduct forensic examinations is increasing with technology. We currently have 105 affiliate agencies and over 250 members. One of the many tasks required of an ICAC affiliate is to investigate Cyber Tips that are distributed from the National Center for Missing and Exploited Children to San Jose. The Cyber Tips are then rerouted to the appropriate jurisdiction. The Cyber Tips all involve contraband that most

12 77 Grant Subaward #: IC21 13 7928

Subrecipient: <u>City of San Jose</u>

affiliate agencies do not want on their agency computers. The above computers will be distributed to affiliates to investigate Cyber Tips. SVICAC is seeing an increase in the number of affiliates that are working Cyber Tips with limited number of laptops. By providing these affiliate agencies with laptops we will be able to better process the Cyber Tips in a more efficient manner.

\$1,523.55/laptop x 20 laptops = \$30,471

Category C – Equipment

Cellebrite Premium

As the number of cell phone evidence increases, SVICAC is requesting funds to purchase Cellebrite premium, an essential solution that will allow full file system extraction on any iOS device and Android devices. This allows forensic examiners to extract more data than what is possible through other methods of extractions. This product will allow SVICAC to gain access to 3rd party app data, chat conversations, downloaded emails, email attachments, and deleted content, which allows SVICAC a better opportunity to find and stop predators. \$125,000/premium x 1 premium

Gray Key renewals

Grant Subaward Budget Narrative – Cal OES 2-107 (Revised 4/2021)

10

12 77 Grant Subaward #:<u>IC21 13 7928</u>

Subrecipient: <u>City of San Jose</u>

Funds will be used to renew 8 GrayKey cell phone forensic licenses. iPhones are among the most secure mobile systems available today. Without the user's passcode to access the iPhone, law enforcement is unable to advance ICAC investigations. GrayKey is a forensic tool designed to unlock any iOS devices that are password protected. Areas such as San Francisco, San Jose, and Contra Costa have been plagued with similar types of criminal investigations. The taskforce includes over 100 agencies within 11 counties. \$23,500/Gray Key renewal x 8 renewals = \$188,000

Magnet Axiom for Contra Costa County

In the response to the increased need for Forensic examinations San Jose is requesting funds to supply Contra Costa County with an Axiom License. The Axiom license is a forensics analytical tool used for conducting examination on phones and computers. Axiom is the only tool that currently does Cloud based forensics.

\$7,500/Axiom x 1 Axiom

Investigator Cold Towers

Grant Subaward Budget Narrative – Cal OES 2-107 (Revised 4/2021)

Grant Subaward #: IC21 13 7928 Subrecipient: City of San Jose

Funds are being requested to purchase investigator cold towers. San Jose ICAC currently has 8 investigators who work ICAC cases including Cyber Tips. San Jose ICAC writes and executes hundreds of search warrants a month to various ISP/ESP's. The returns they get from those companies are hundreds sometimes thousands of pages long. They also get Forensic extractions from the forensics team from computer and cell phone dumps that are also several hundred pages long. The Forensic towers will facilitate the processing of the materials in a safe and expedited manner. Currently, City-issued computer towers are used, which do not have the proper capabilities to handle the volume of pages and information. The cell phone towers are necessary in order to decrease the processing time and better perform investigations and examinations.

Funds are requested to purchase Forensic towers that will allow SVICAC and San Jose Police Department Human Trafficking to process the evidence material in a safe and expedited manner. An additional tower is requested for SFPD due to the high volume of evidence being processed by the agency. This forensic tower will make it possible to process a high volume of data, that will expedite examinations and investigations.

\$13,780/tower x 10 towers = \$137,800

77 Grant Subaward #: IC21 13 7928

Subrecipient: City of San Jose

Analytical Licenses for Investigations and Examinations

Funds are being requested to purchase three Penlink Licenses that will help detectives organize data. SVICAC has seen an increase in social media search warrants and many of these warrant returns are as much as 2,500 pages. The Penlink license will allow detectives to track suspects with proper legal service as well as parse out returns. This will save detectives hours of time during an investigation. Additionally, funds are being requested to purchase two cellebrite pathfinder licenses and a one-time server fee. This analytical tool will help with the processing evidence and data from a variety of digital devices and cloud sources. These licenses will provide investigators with the analytical tools that will ensure successful analysis of digital data and ensure successful investigations and examinations.

\$15,000/Penlink license (including annual training) x 2 Penlink licenses = \$30,000\$50,000/Cellebrite Pathfinder license (including server fee) x 1 = \$50,000

Wellness and Health – Gym Equipment

SVICAC Detectives have varying tasks than other detectives in police work in that they spend 10-12 hours a day in front of a computer. The long hours of data that they are viewing on a daily basis, the age of victims and violence

Grant Subaward Budget Narrative – Cal OES 2-107 (Revised 4/2021)

13

12 77 Grant Subaward #: IC21 13 7928

Subrecipient: <u>City of San Jose</u>

associated with the content can be traumatizing to detectives over time. Taking preventative measures to help prevent detectives from suffering from trauma is a number one priority. SVICAC is housed at an offsite facility in a private location, which does not provide the task force with access to any gym without travel. A big part of the Wellness Program is to encourage good physical fitness. The gym equipment will allow Detectives ensure they are physically healthy, which is integral to ensuring employee retention and vital for productivity.

Gym Equipment \$20,000

VIGILANT PARENT PSA AND OUTREACH

Funds are being requested for PSA funds that will help with one of the most fundamental missions of ICAC: to provide education and awareness to those being targeted by predators and their parents. The victims of crimes investigated by SVICAC are juveniles and do not understand the dangers of the internet. SVICAC is finding that parents also do not understand the dangers of the internet. SVICAC is working on spreading our awareness through billboard campaigns and community outreach events that will not only encourage questions and start the conversations, but it leads them to the SVICAC site directly, where they are able to find resources that facilitate education and reporting. The use of these funds

⁷⁷ Grant Subaward #: IC21 13 7928

Subrecipient: City of San Jose

will increase accessibility to information which is vital for those who do not know where to attain this information. Parents and youth will be exposed to large amounts of information that is useful in preventing internet crimes and helps facilitate reporting.

PSA Billboard Campaign and Outreach Materials = \$20,000 x 1

UNDERCOVER OPERATION CAMERA SYSTEM

In the past ICAC concentrated on Internet Crimes against Children exclusively including Peer2Peer File Sharing and Cyber Tips. Due to the fast-paced nature of technology, ICAC has evolved to integrate undercover Chat Operations where detectives go into chat rooms and pose as children and chat with adults that are preying upon them. The objective is to get the suspect to travel to meet with who they believe is a juvenile for purposes of sex. In addition to Chat Operations, ICAC has also started working cases where juveniles are posting sex ads on Social Media sites for the purposes of meeting with adult males for sex.

These operations are very dangerous as Law Enforcement does not know the identity of the suspect until he arrives at the designated location. In order to ensure the success of the operations, the ICAC task force uses motels or

12 77 Grant Subaward #: IC21 13 7928

Subrecipient: <u>City of San Jose</u>

occasionally parks. Covert cameras are very small and give real time footage for use in covert operations. The cameras are small enough to be put in public places and not be discovered. This will help guarantee the success of undercover operations by allowing officers to watch all angles of the operation, which is particularly vital in the event more than one suspect arrives. The purchase of these undercover covert cameras further let officers record the operation for future court proceedings.

\$20,333.33/system x 3 systems = \$61,000

Grant Subaward Budget Narrative – Cal OES 2-107 (Revised 4/2021)

12 77 Grant Subaward #: IC21 13 7928 Subrecipient: City of San Jose

Project Narrative

a. Problem Statement

The access to computers and other technology-related communication devices in the United States today has increased at an immeasurable rate. Computers are available to the children in our homes, schools, public libraries, community youth centers, and countless other public places youth congregate. Smart phone devices with internet access are becoming more and more common among youth. Based on data from the Internet Live Stats (2021), it is estimated that there are over 5.1 billion internet users in the World with over 312 million in the United States alone. Many of these users are children, who are accessing the internet at ever-increasing levels. In 2021, Facebook estimated over 2.9 billion people utilized their site for social networking (Internet live stats). This is an increase from 2010, when 149 million users were updating their status on Facebook. Keeping these statistics in mind, Internet Crimes Against Children (ICAC) investigators face an overwhelming task of educating our youth; while at the same time investigating those who try to claim their childhood innocence. Unfortunately, the technology has also brought an increased potential for online victimization of these same children and youth to include; unwanted exposure to sexual material, unwanted sexual solicitations, and online harassment. Over

Grant Subaward Programmatic Narrative – Cal OES 2-108 (Revised 4/2021)

⁷⁷ Grant Subaward #: IC21 13 7928

Subrecipient: <u>City of San Jose</u>

the last several years, the aggressive marketing of sexual material on the Internet has increased. Children and youth encounter unsolicited exposure to sexual material through pop-up ads and malicious software. These items have even been found bundled in game demos.

Children and youth continue to receive unwanted sexual solicitations while surfing online. Approximately, one in five youth ages 10 to 17 years-old received a sexual solicitation or were approached over the Internet, according to GuardChild 2017. Ninety percent (90%) of youth ages 8-16 years-old have accidently encountered online pornography, when entering an innocent search term while doing their homework (GuardChild 2019).

Particularly disturbing trends in these solicitations are requests for youth to send sexual pictures of themselves. It is a crime, under federal laws, to take, distribute, or possess sexually explicit images of children younger than 18. Many of these photographs would constitute as child pornography. If a child or teen were to comply with these requests, they may be unable to realize the potential negative impact of their actions. The pictures could be circulated online to hundreds of people and the victim would have no way of retrieving these images.

Grant Subaward Programmatic Narrative – Cal OES 2-108 (Revised 4/2021) 2

Grant Subaward #: IC21 13 7928

Subrecipient: <u>City of San Jose</u>

Due to evolving technology, the Silicon Valley Internet Crimes Against Children (SVICAC) Task Force has experienced an increase in the amount of digital evidence confiscated (laptops, desktop, Smartphone's, CD's, USB flash drives, and tablets) throughout the course of investigations. Unfortunately, almost all computers described have the capability to utilize an external USB flash drive and/or a Micro SD Card. USB flash drives are often used for the same purposes for which floppy disks or CDs were once used (i.e. storage, data backup, and transfer of computer files). USB flash drives and/or micro SD cards are smaller, faster, have thousands of times more capacity, more durable and reliable because they have no moving parts.

Smartphone devices with Internet access are becoming more and more common. Most smartphones access the Internet at high speeds, as a result of 5G and high powered 5G data networks. The growth of Wi-Fi also allows users to access the Internet to browse their favorite websites. Although all cell phones have the ability to send or receive text messages, a smartphone has the ability to send or receive multimedia messages, which includes picture and video messaging.

Smartphone's can handle small programs or mini applications that perform a wide variety of functions. Some Smartphone's come with additional storage

⁷⁷ Grant Subaward #: IC21 13 7928

Subrecipient: <u>City of San Jose</u>

options such as Micro SD Cards and/or external expandable storage. We are experiencing the growth in technology, which has seen Smartphones being as big as 1TB. External storage devices and iCloud storage can give you virtually unlimited extra space for music, movies, photos, documents and other data. Many of them are surprisingly affordable. While executing search warrants the average number of computer components located and confiscated is approximately 23 items per household.

External USB flash drives and/or Micro SD Cards are also hard to detect with the naked eye. To avoid detection from law enforcement; suspects are utilizing these disguised USB drives as well as Micro SD cards to store/conceal child pornography and other illegal contraband. Some drives are the size of a human fingernail while others are disguised to appear as various items such as:

- 1. Lipstick container
- 2. Jewelry
- 3. Toys (Transformers)
- 4. Desserts (ice cream)
- 5. Food (Sushi)
- 6. Paperclips
- 7. Erasers

Grant Subaward Programmatic Narrative – Cal OES 2-108 (Revised 4/2021)

DRAFT--Contact the Office of the City Clerk at (408) 535-1260 or CityClerk@sanjoseca.gov for final document.

TT Grant Subaward #: IC21 13 7928 Subrecipient: City of San Jose

> Being in the heart of the Silicon Valley, home of the world's largest high-tech companies and developers, the national statistics represent what is occurring locally in our SVICAC Task Force's multi-county service area. The SVICAC Task Force represents 11 counties in Northern California, which include Napa, Sonoma, Marin, Contra Costa, Alameda, San Francisco, San Mateo, Santa Clara, Santa Cruz, Monterey, and San Benito. The San Jose Police Department (SJPD) is the lead agency for the SVICAC Task Force.

The SVICAC Task Force is currently on pace to receive over 10,000 CyberTips this year from the National Center for Missing and Exploited Children. This will be over a 100% increase from 2019. CyberTips are investigative leads generated by the Internet service providers, law enforcement agencies, and residents. These leads relate directly to cases involving child sexual exploitation on the Internet. The SVICAC Task Force continues to receive documented complaints regarding the manufacture, distribution, and possession of child pornography. In addition to the documented complaints and CyberTips received, the SVICAC Task Force receives countless phone calls, emails, and referrals from parents, teachers, relatives, and other agencies regarding possible online crimes committed against children and youth.

Grant Subaward #: IC21 13 7928 Subrecipient: City of San Jose

> Both the national and local statistics point to the fact that the online victimization of children is not going away, in fact, is growing rapidly. More than 30 million children in the United States use the Internet on a regular basis (Online Risks for Youth, n.d). 94% of children between 3 to 17-year-old children use the Internet (American Community Survey Report, 2019). This attributes to an increase in the number of online child predators, an increase in access to computers and other technology devices by both children/youth and predators, an increase in the technological advances of the computer devices that we use, an increase in the amount of time children and youth spend using the internet each day, or this increase could be attributed to a combination of all of these factors listed above.

> The SVICAC Task Force is working hard to provide parents with Smartphone and Social Media awareness, while also providing them with the tools they need to keep their children safe. Community and school presentations are also conducted with the focal point on Cyberbullying and Internet safety. In addition, the SVICAC.ORG website is in full operation. This website is an excellent tool for providing resource information for parents, children, law enforcement, and the community so that they may stay safe online. We have also recently launched the Vigilante Parent Initiative, which is an interactive

Grant Subaward #: IC21 13 7928
 Subrecipient: City of San Jose

training class for parents only. This program is seeing great success and we have launched it Nationwide.

SVICAC consists of 106 local, state, and federal law enforcement agencies, which is the largest ICAC task force within the state of California. The Task Force is responsible for investigating child sexual exploitation and child sexual abuse investigations. Our region expands across 11 different counties within the peninsula. The two farthest compass locations within the Task Force are Monterey County and Sonoma County.

b. <u>Plan</u>

The SVICAC Task Force was formally established in March of 2003. The mission of the SVICAC Task Force is to identify, apprehend, and prosecute Internet sexual predators who exploit children using computers, and to sponsor community education efforts regarding the prevention of Internet crimes against children. All participating agencies acknowledge that the SVICAC Task Force is a joint operation in which all agencies act as partners in a joint effort to address Internet crimes against children.

The SVICAC Task Force will conduct both proactive and reactive investigations into computer/technology crimes perpetrated against children throughout its geographic service area. These investigations target suspects who are sharing

⁷⁷ Grant Subaward #: IC21 13 7928

Subrecipient: <u>City of San Jose</u>

child pornography online or who are attempting to exploit children. The SVICAC conducts undercover criminal investigations by utilizing specific software, which allows investigators to conduct peer-to-peer file-sharing investigations. These investigations target predators that are sharing child pornography online or attempting to exploit children. In addition, the Task Force conducts undercover investigations in various on-line chat forums. These investigations target suspects that are "sexting" and/or are attempting to lure children to meet a sexual predator - also known as traveler investigations. The investigations usually culminate with an arrest warrant, search warrant, or both.

Despite being in the heart of the Silicon Valley, the SVICAC Task Force does not have adequate equipment to facilitate an ICAC computer-based training center. SVICAC has limited facilities designated to host ICAC training. Each law enforcement agency has very stringent security guidelines within their own agency. This prohibits outside law enforcement agencies from utilizing their computer components.

A detailed action plan for meeting each of the project objectives is outlined in the Objectives and Activities section of this application. The SVICAC Task Force will collect data relative to the listed objectives monthly. The SVICAC Task Force Commander will utilize existing statistical information gathered in a monthly

12 77 Grant Subaward #: IC21 137928

Subrecipient: City of San Jose

statistics sheet and a quarterly case-tracking form to measure the number of investigations (reactive/proactive), how they are investigated, and their subsequent dispositions. Statistics on community outreach and the number of attendees will be collected and maintained. Child sexual Internet crime trends will be identified and tracked.

The SVICAC Task Force will track and report, on a quarterly basis, information about cases submitted to local, state, and/or federal prosecutors using the ICAC Case Tracker report submission form. The SVICAC Task Force will solicit statistical information from affiliated agencies on a monthly and quarterly basis. This statistical information will be compiled onto the ICAC Case Tracker report form and uploaded into the ICAC data portal. The number of arrests, community presentations and prosecutions will be compiled and compared to previous statistical information to determine the effectiveness of the project.

Objectives and Activities (during 12-month performance period)

<u>Objective #1</u>: The SVICAC Task Force will serve as an investigative resource for communities and agencies within its geographic service area.

Activities #1:

The Task Force will:

Grant Subaward Programmatic Narrative – Cal OES 2-108 (Revised 4/2021) 9

12 77 Grant Subaward #: IC21 13 7928

Subrecipient: City of San Jose

 Conduct criminal investigations initiated from Task Force members, allied agencies (local, state, and federal), resident

complaints, the National Center for Missing and Exploited

Children's Cybertip line, and other similar sources;

- Assess initial report information;
 - Identify jurisdiction-related to prosecution and additional investigative follow up;
 - Develop suspect information;
 - Develop probable cause through investigative techniques (surveillance, undercover operations, and stings.);
 - Write and execute search and arrest warrants;
 - Collect and process evidence;
 - Coordinate case presentation with the appropriate prosecutorial designee (District Attorney, Deputy Attorney General, and/or the Assistant United States Attorney);
- Identify potential training classes applicable to affiliated agencies;
 - Advise affiliated agencies of training classes and ascertain interest and availability for classes; and

Grant Subaward #: IC21 13 7928 Subrecipient: City of San Jose

• Make available the forensic van and forensic officer to

affiliated agencies when available.

<u>Projected Goal #1</u>: 750 SVICAC-related technical assistance and requests received and forwarded to the appropriate agency per year.

<u>Objective #2:</u> The SVICAC Task Force will conduct both proactive and reactive investigations into the computer/technology crimes perpetrated against children and youth.

Activities #2:

To achieve this objective for <u>reactive cases</u>, the Task Force will complete the following activities:

- Conduct criminal investigations initiated from Task Force members, allied agencies (local, state, and federal), resident complaints, teachers, Cybertips, the National Center for Missing and Exploited Children, and other similar sources. The Task Force will strive to integrate federal, state and local efforts as identified in the U.S. Attorney General's Project Safe Childhood Initiative;
- Assess initial report information;

12 Grant Subaward #: IC21 13 7928

Subrecipient: City of San Jose

Identify the responsible jurisdiction- related to prosecution and

additional investigative follow up;

- Develop suspect information;
- Develop probable cause through appropriate investigative techniques;
- Write and execute search and arrest warrants;
- Collect and process evidence;
- Coordinate case presentation with the appropriate prosecutorial designee (District Attorney, Deputy Attorney General, and/or the Assistant United States Attorney.); and
- Complete a statistical tracking form for investigation to include information on case outcomes (arrests).

To achieve this objective for <u>proactive cases</u>, the Task Force will complete the following activities:

 Conduct undercover investigations to include, but not limited to, online chat, Peer-to-Peer, monitoring of social network sites (e.g., Craigslist, Omegle.com, Facebook, Tagged.com). The Task
 Force will strive to integrate federal, state and local efforts as stated in the Project Safe Childhood Initiative;

12 77 Grant Subaward #: IC21 13 7928

Subrecipient: City of San Jose

• Identify the responsible jurisdiction related to prosecution and

additional investigative follow up;

- Develop suspect information;
- Develop probable cause through appropriate investigative techniques;
- Write and execute search and arrest warrants;
- Collect and process evidence;
 - Coordinate case presentation with the appropriate prosecutorial designee (District Attorney, Deputy Attorney General, and/or the Assistant United States Attorney); and
 - Complete a statistical tracking form for investigation to include information on case outcomes (arrests).

<u>Projected Goal #2:</u> 375 <u>reactive</u> investigations and 275 <u>proactive</u> cases that will

be investigated per year.

<u>Objective #3:</u> The SVICAC Task Force will serve as a forensic resource to affiliate agencies and other agencies within our Task Forces geographical area of service.

Activities #3:

Grant Subaward Programmatic Narrative – Cal OES 2-108 (Revised 4/2021) 13

12 Grant Subaward #: IC21 13 7928 Subrecipient: City of San Jose

To achieve this objective, the Task Force will complete the following activities:

- Receive forensic requests from Task Force members, affiliate agencies, and other agencies within the Task Forces service area;
- Assess forensic requests received for appropriateness as related to the ICAC Program;
- Refer non-ICAC related referrals and requests to the appropriate agency;
- Triage forensic requests based on Task Force guidelines (based on pending court dates, and crime types);
- Coordinate forensic requests/requirements with the respective prosecutor to minimize unneeded analysis;
 - Assign forensic requests to the forensic examiner most skilled in the area needed;
 - Examine media for the requested information;
 - Prepare forensic reports based on Task Force policy; and
 - Complete statistical tracking form for forensic examinations completed.

12 ⁷⁷ Grant Subaward #: IC21 13 7928

Subrecipient: <u>City of San Jose</u>

Projected Goals #3: 1,500 forensic examinations that will be completed per

year.

<u>Objective #4:</u> The SVICAC Task Force will assist and enhance, to the extent possible, with the effective prosecution of cases at the appropriate level.

Activity #4:

To achieve this objective, the Task Force will:

- Prepare cases for prosecution based on prosecutor's standards;
- Complete statistical tracking to include the number of cases submitted for federal prosecution, the number of cases accepted for federal prosecution, the number of cases submitted for state prosecution, and the number of cases submitted for local prosecution; and
- Complete statistical tracking to include case dispositions (e.g., unfounded, suspended, plea, or trial).

<u>Projected Goal #4</u>: 240 cases will be submitted for federal, state, or local prosecution per year.

⁷⁷ Grant Subaward #: IC21 137928

Subrecipient: <u>City of San Jose</u>

Objective #5: The SVICAC Task Force will effectively respond to referrals from

agencies (other task forces, federal partners, and Cybertips).

Activity #5:

To achieve this objective, the Task Force will:

Accept referrals from participating agencies, residents, teachers,

NCMEC, and other related entities;

- Assess referrals for appropriateness as related to the ICAC Program;
 - Refer non-ICAC related referrals and requests to the appropriate agency;
 - Identify information/resources needed by requesting party;
 - Provide requested information/resources to the requesting party;
 - Provide other information identified by assessment to the requesting party; and
 - Document actions taken on the statistical reporting form.

<u>Projected Goal #5</u>: 3,000 ICAC-related referrals from the state and local law enforcement agencies that the Task Force will address per year.

Grant Subaward #: IC21 13 7928 Subrecipient: City of San Jose

<u>Objective #6:</u> The SVICAC Task Force will engage in law enforcement and community outreach activities to include training, prevention, and educational activities.

Activities #6:

To achieve this objective, the Task Force will:

- Receive requests via telephone, mail and email for presenters from people representing law enforcement agencies and community groups (community groups includes, but is not limited to, schools, youth organizations, community-based organizations, state and local law enforcement associations and chapters, local businesses, business organizations, victim service providers, faith-based organizations, the media, and family advocacy organizations);
 - Complete the Speaker Request Form with information pertaining to the date/time of the event, the identity and contact information of the requestor, the location of the event, the number of people expected, and the topic desired;

12 Grant Subaward #:<u>IC21 13 7928</u> Subrecipient: City of San Jose

TT

• Search for and identify the Task Force member with the skills

and knowledge to make the requested presentation;

Coordinate with the identified presenter to ensure that

he/she is available on the date requested;

- Provide the identified speaker with the information needed (copy of the Speaker Request Form);
- Re-contact the requestor to provide the name of the chosen presenter;
- Provide copies of the Speaker Request Form to supervisors and the Task Force Records Officer;
- After the presentation, follow-up to ascertain the number of attendees via a sign-in sheet (if applicable); and
- Report the presentations on the monthly statistical reports.

Projected Goal #6: 75 community outreach and 100 law enforcement

presentations will be conducted to include training, prevention and education activities per year.

12 ⁷ Grant Subaward #:<u>IC21 13 7928</u>

Subrecipient: <u>City of San Jose</u>

Objective #7: The SVICAC Task Force will formalize law enforcement

partnerships through signed Memorandums of Understanding (MOU's) and

Operational Agreements.

Activity #7:

To achieve this objective, the Task Force will:

- Contact agencies that have requested assistance, training, or information in the past year;
 - Discuss with these agencies the advantages of having a signed MOU. Ensure the MOU includes language requiring affiliated agencies to adopt ICAC Task Force Investigative Standards for all ICAC-related investigations;
 - Provide a copy of ICAC Task Force Investigative Standards to all partner agencies;
 - Provide a copy of the MOU to the agency;
 - Keep copies of the signed MOU's on file;
 - Add agency to list of formal ICAC partners;
 - Keep agencies apprised for training opportunities, national coordinated investigations, and planning meetings; and

Grant Subaward #: IC21 13 7928 Subrecipient: City of San Jose

• Invite agencies to attend quarterly Task Force Steering

Committee meetings.

<u>Projected Goal #7</u>: A Memorandum of Understanding signed by all affiliated agencies, which include adoption of Federal ICAC Task Force investigative standards will expand to <u>106</u> law enforcement agencies per year.

<u>Objective #8:</u> The SVICAC Task Force will fully participate in nationally coordinated investigations.

Activity #8:

When notification is received of nationally-coordinated investigations, the Task Force will:

- Identify available resources for participation;
 - Make personnel resources available for all necessary meetings as identified by investigation leader;
 - Participate in investigations as directed by investigation leader; and
 - Report participation on the six-month progress reports.

Projected Goal #8: The SVICAC Task Force will participate in at least 3

nationally-coordinated ICAC investigations per year.

Grant Subaward #: IC21 13 7928
 Subrecipient: City of San Jose

Objective #9: The SVICAC Task Force will assist with arrests for

computer/technology crimes perpetuated against children and youth.

Activity #9:

The Task Force will:

- Conduct criminal investigations initiated from Task Force members, allied agencies (local, state, and federal), resident complaints, the National Center for Missing and Exploited Children's CyberTip line, and other similar sources;
- Assess initial report information;
 - Identify jurisdiction-related to prosecution and additional investigative follow up;
 - Develop suspect information;
 - Develop probable cause through investigative techniques (surveillance, undercover operations, and stings);
 - Write and execute search and arrest warrants;
 - Collect and process evidence;
 - Coordinate case presentation with appropriate prosecutorial designee (District Attorney, Deputy Attorney General, and/or the Assistant United States Attorney);

77 Grant Subaward #: IC21 13 7928

Subrecipient: <u>City of San Jose</u>

Identify potential training classes that may be applicable to
 affiliated agencies:

affiliated agencies;

- Advise affiliated agencies of training classes and ascertain interest and availability for classes; and
- Make available the forensic van and forensic officer to affiliated agencies when available.

Projected Goal # 9: The SVICAC Task Force will arrest 250 for

computer/technology crimes perpetuated against children and youth per year.

Capabilities

The SJPD is the lead agency for the SVICAC Task Force. The Department provides law enforcement services to all residents in the City of San Jose. Chief Anthony Mata provides leadership for the SJPD. Chief Mata, along with Assistant Chief Paul Joseph, oversee the agency's four Deputy Chiefs. The Deputy Chiefs are responsible for the, Executive Officer, Division of Gaming, and operations of four bureaus.

- Bureau of Administration
- Bureau of Field Operations
- Bureau of Investigations

Grant Subaward Programmatic Narrative – Cal OES 2-108 (Revised 4/2021) 22

Grant Subaward #: IC21 13 7928 Subrecipient: City of San Jose

• Bureau of Technical Services

The SVICAC Task Force is part of the Special Victims Unit, which operates within the Bureau of Investigations. The activities of the SVICAC Task Force will be governed by a signed MOU between participating agencies. Participating agencies will also be required to adhere to the national ICAC Program's Operational and Investigative Standards. Copies of these standards shall be made available to all participating agencies.

The day-to-day activities of the assigned ICAC detectives will be supervised by a Sergeant, who is assigned to the SJPD's Child Exploitation Detail, Special Victims Unit. This Sergeant will also serve as the SVICAC Task Force Commander. The Commander will ensure all investigators follow the ICAC Task Force Investigative Standards. He/she will be responsible for case assignments, forensic assignments, and public presentation assignments. The Commander will also be responsible for assigning requests for technical assistance and requests for resources. On an as-needed basis, the SVICAC Task Force Commander will assist with requests for technical assistance, resources, and training by other law enforcement agencies and the community.

The SVICAC Task Force Commander is supervised by a Lieutenant who is assigned to the ICAC Program for a portion of his/her time. The Lieutenant is

12 77 Grant Subaward #: IC21 13 7928

Subrecipient: <u>City of San Jose</u>

supervised by a Captain who oversees all Task Force activities (both ICAC and non-ICAC).

The current SVICAC Task Force Commander has attended the ICAC New Commander Training Program, ICAC-Peer-to-Peer, and sexual assault investigation training. The on-site forensic examiners have attended training on Wireless Devices, EnCase Forensics and FTK Software. The four full-time ICAC investigators have attended the ICAC Peer-to-Peer course, along with pertinent child exploitation courses provided at the National ICAC Training Events. The SJPD has received and managed federal and state grants since 2003. The SJPD has demonstrated administrative and financial capacity to successfully implement all grant requirements. The Department has provided timely and accurate financial status reports and biannual programmatic reports to the granting agencies. There have been no findings in recent financial, administrative, and programmatic audits. The Division Manager of Bureau of Administration (BOA) oversees the functions of the Fiscal Administration Division and Employment Services Division. The Fiscal Administration Division is supervised by the Administrative Officer. The Unit is comprised into three teams: Accounting and Compliance; Budget and Strategic Planning; and Grants Management. The Grants Management Unit manages all Department grants.

12 77 Grant Subaward #: IC21 13 7928

Subrecipient: <u>City of San Jose</u>

The Grants Management Unit will search, develop and submit grant proposals;

secure and execute grant awards; prepare financial and programmatic reports;

ensure department meet grant obligations and requirements; and complete the

grant closeout process.
