Legislative Program; Rules Committee Directive	Sponsor	State Legislation	AB 2164	Lee	ADA	State law currently requires local governments to collect a \$4.00 fee for business licenses and business permit renewals to fund programs expanding physical accessibility to businesses for individuals with disabilities. Under current state law, this fee drops to \$1.00 on or after January 1, 2024. This projected decrease in available funds—coupled with inflationary pressures and rising costs—threatens cities' and counties' abilities to stretch limited resources and continue successful accessibility compliance programs. This bill would (1) remove the January 1, 2024 fee sunset, enabling local governments to collect the \$4.00 fee indefinitely; and (2) clarify local jurisdictions' ability to use these funds for accessibility-related grants for small businesses. This bill would revise the requirements of the housing element, as described above, in connection with zoning designations that allow residential use, including mixed use, where emergency shelters are allowed as a permitted use without a conditional use or other discretionary permit. The bill would prohibit a city or county from establishing overlay districts to comply with these provisions.
