**What is your understanding of the purpose of the Commission?**

---

Transparency in use of funds earmarked for Measure T

**Please list three issues facing the City that you feel the Commission should address.**

---

Specific to Measure T the biggest issue comes in cost of projects. The funds allocated through this bond measure were at a time where inflation did not reign as king. The construction costs of many of these projects may be way different than first estimated in 2018. With that in mind, the committee should face the following issues: Recreating the estimated costs of all projects under the measure T umbrella. Prioritization of the projects is funding is an issue. Realistic timelines for the accomplishments of the projects.
