**SUBJECT: HERITAGE TREE LIST UPDATE RESOLUTION**

**RECOMMENDATION:**

Adopt a resolution to update the Heritage Tree List in San José pursuant to Chapter 13.28 and Chapter 13.32 of the San José Municipal Code.

**BASIS FOR RECOMMENDATION:**

San José Municipal Code Chapter 13.28 provides that the City Council may adopt a resolution designating certain significant trees located in the City of San José as Heritage Trees. The Heritage Tree resolution identifies trees that have special significance to the community because of their size, history, unusual species, or unique quality. The Heritage Tree List was last adopted by the City Council in 2014 (Resolution No. 77167). The Heritage Tree List needs to be updated periodically to add or delete certain trees.

The City Arborist's Office uses feedback from the community to monitor and track the condition of existing Heritage Trees and to consider updates to the Heritage Tree List. The updated List includes 176 new trees (3 street trees and 173 private property trees). Most of these new trees are located at Thousand Oaks Park (167) and Scottsdale Park (1). The other trees were nominated by property owners for designation as a Heritage Tree (see Attachment A). These new trees have been included due to their size, history, unusual species, or unique quality.

Attachment A also identifies 58 trees (25 street trees and 33 private property trees) to be deleted from the Heritage Tree List (see Attachment B) because they have been physically removed due to health or structural issues since the resolution was last updated. The recommended action will result in a net increase in the number of Heritage Trees from 666 to 784. A map displaying locations of Heritage Trees in San José, along with the Heritage Tree List, is available on the City's website at: <http://www.sanjoseca.gov/your-government/departments/transportation/roads/landscaping/trees/heritage-trees>.

Climate Smart San José: The recommendation in this memorandum aligns with one or more Climate Smart San José energy, water, or mobility goals.

Commission Recommendation/Input: This item does not require any input from a board or commission.

**COST AND FUNDING SOURCE:**

No costs are associated with this action.

**FOR QUESTIONS CONTACT:** Russell Hansen, City Arborist, (408) 794-1914.
