PORTFOLIO STATISTICS

Detailed information can be found in the attachments while summaries are provided below.

Portfolio Composition

Within this section are snapshots of the City's total investment portfolio as of September 30, 2022.

The first graph shows the portfolio composition by investment type.

The graph below reflects the reconciliation of total balances reported by the investment program's record-keeping system to the City's Financial Management System (FMS).

Portfolio Balance	\$2,475,016,963
General Banking Balance	7,901,735
Deposit-in-Transit, Outstanding Checks ²	(20,044,724)
Total Balances per FMS	\$2,462,873,974

¹ General Fund includes \$542,042,503 of General Fund (Fund 001) as well as \$114,011,937 of other General Fund funds which are separately tracked including the Emergency Reserve Fund, Coronavirus Aid, Relief, and Economic Security Act (CARES Act), American Rescue Plan Act of 2021 (ARPA) including Emergency Rental Assistance funds established by ARPA, Developer Fees, Depositor Funds, and other smaller funds and reserves.

² Reflects timing difference between when deposits are made and accounted for in FMS or when checks are written and not yet cashed by the receiving party.

General Fund Balances

The General Fund balances decreased by \$287.3 million during the quarter and ended with a balance of \$656.1 million as of September 30, 2022. This decrease is attributed to prefunding of employer retirement contributions in July 2022, and debt service payments in August 2022. General Fund cash balances usually peak during the months of January and June, when the bulk of property taxes are received, and decline in the summer months due to retirement prefunding, debt service payments and operational expenditures.

The following graph compares monthly balances of five largest City funds as reported by FMS.

**Prefunding of Annual Retirement Contributions**

The City opted to prefund Tier 1 annual employer retirement contributions along with Other Post-Employment Benefit (OPEB) contributions for Fiscal Year 2022-23. The total prefunding amount was \$421 million. In anticipation of this cash outflow, the City set aside \$146 million in cash and matured investments and issued \$275 million Tax Revenue Anticipation Notes (TRANs) on July 1, 2022, that were purchased directly by Bank of America, N.A. (Bank). The TRANs maturity dates are February 28, 2023, and June 30, 2023, with \$137.5 million due on each date along with the accrued interest. The fixed interest rate on the Notes is 3.09% for the February 28th maturity and 3.36% for the June 30th maturity.

Successor Agency to the Redevelopment Agency of the City of San José

Historically, the Redevelopment Agency participated in the City investment pool with both restricted bond proceeds and operating cash balances. As of February 1, 2012, redevelopment agencies in California were dissolved by legislative action and the City, as the Successor

Agency to the Redevelopment Agency (SARA), transferred the Redevelopment Agency funds from the investment pool to SARA bank accounts. In July 2018, the City entered the final stage of dissolution and absorbed the remaining SARA operations into City operations. City staff will continue to manage SARA's accounts until all assets are liquidated and bonds are redeemed.

As of September 30, 2022, SARA reported cash balances as outlined in the table below:

SARA CASH SUMMARY

	Pledged for Bond/Enforceable Obligations
LAIF	\$2,099,214
Wells Fargo:	
General Account	\$209,198
Total Wells Fargo Funds	\$209,198
Wilmington Trust:	
Total Wilmington Trust Funds	\$470,002 (A)
TOTAL	\$2,778,414

(A) Funds restricted for tax allocation bond debt service payments

PORTFOLIO PERFORMANCE

The following table illustrates the total portfolio income recognized for the last quarter as compared to the prior quarter and the same quarter one year ago.

TOTAL PORTFOLIO INCOME RECOGNIZED			
	Accrual Basis		
Total Portfolio	September 30, 2022	June 30, 2022	September 30, 2021
<u>Quarter-End</u>			
Total interest earnings	\$10,298,752	\$6,864,084	\$4,823,727
Realized gains (losses)	(\$17,907)	(\$924)	\$3,222
Total income recognized	\$10,280,845	\$6,863,160	\$4,826,949
<u>Fiscal Year-to-Date</u>			
Total interest earnings	\$10,298,752	\$21,204,388	\$4,823,727
Realized gains (losses) ³	(\$17,907)	(\$15,235)	\$3,222
Total income recognized	\$10,280,845	\$21,189,153	\$4,826,949

³ Realized losses are attributed primarily to CUSIP 594918BH6 (Microsoft Corp 2.65% due 11/03/2022) for \$17,815.05, which was purchased at a premium price of 101.74% and called prior to maturity at par (100%). Security premiums are amortized to maturity. When a security is called prior to maturity, unamortized premium is recorded as realized loss.

Yield and Maturity Trend

The following graph illustrates the monthly dollar-weighted average maturity (WAM) of Fund 3 Portfolio (bar graph) along with the weighted average yield (line graph) for the past two years.

Fund 3 Portfolio's WAM increased from 537 days on June 30, 2022, to 602 days on September 30, 2022. The weighted average yield increased from 1.301% on June 30, 2022, to 1.967% on September 30, 2022.

During the quarter, one corporate note (CUSIP 59498BH6) for \$5.6 million was called before maturity, and \$13 million of principal was amortized from various mortgage-backed and asset-backed securities. The Federal Reserve Bank moved in an unprecedented fashion this quarter to restrain inflation by raising the Federal Funds Rate 1.5% in two consecutive FOMC meetings. Due to the rapid rising interest rate environment, many new investments were purchased at higher yields, compared with matured securities. Moreover, treasury staff moved considerable amounts of asset out of lower yielding liquidity vehicles such as CAMP, MMF and LAIF, and invested strategically along the yield curve to improve portfolio yield and target large future outflows such as TRAN payments and debt service payments. As interest rates rose broadly across various sectors, staff also increased portfolio diversification by investing in U.S. Treasuries, Municipal Bonds, Negotiable Certificates of Deposit (NCDs), Corporate Notes and Mortgage-backed securities. As a result, the aggregate portfolio yield and WAM increased.

Comparison with Benchmarks

The City Total Portfolio is not compared to benchmarks as it includes various funds which have separate cash flows and investment requirements. Only the City's Fund 3 Portfolio is compared against benchmarks for performance purposes. The following graph demonstrates a yield comparison by month of the City Fund 3 Portfolio, the California LAIF, and the BAML Index for the period from September 2020 to September 2022.

Portfolio vs. Benchmarks
September 2020 – September 2022

**Notes:**

1. **City** refers to City's Fund 3 Portfolio, and the yield data are month-end weighted average yields.
2. **LAIF** refers to the State of California Local Agency Investment Fund and yield data are average monthly effective yields.
3. **BAML** refers to Bank of America Merrill Lynch 1-3 Year AAA-A US Corporate & Government Index, and yield data are rolling 2-year effective yields.

LAIF is a short-term investment option available to local agencies in California. LAIF's WAM was 304 days as of September 30, 2022, much shorter than the City Fund 3 portfolio's WAM of 602 days. Normally a shorter portfolio such as LAIF is better positioned to benefit from rapidly rising interest rates especially when the yield curve is inverted as of the present. LAIF experienced significant outflows during this quarter, which limited its investment activities and caused its aggregated yield to be lower than the City's.

The BAML Index is a broad market index that tracks dollar-denominated, investment-grade, bonds with a remaining maturity of up to three (3) years. To simulate an index portfolio for comparison purpose, Treasury staff calculates a 2-year rolling average of daily BAML Index effective yield in the period from October 1, 2020 to September 30, 2022, the BAML Index effective yield averaged under 1% 16 of the past 24 months, causing the simulate index portfolio

to lag behind the City portfolio and LAIF in performance. As interest rates are expected to continue rising in the near future, the performance gap between the BAML Index and the City portfolio should narrow.

Unrealized Losses and Gains

As shown in the Investment Summary Table on page one of this report, the total portfolio size as of September 30, 2022, was approximately \$2.47 billion. The following table illustrates the net unrealized gains or losses on the portfolio when comparing the portfolio's market value to both its original cost and amortized cost.

UNREALIZED GAINS & LOSSES			
Cash Basis			
	Original Cost	Amortized Cost	
Market Value	\$2,372,832,925	Market Value	\$2,372,832,925
Original Cost	(2,475,016,963)	Amortized Cost	(2,471,380,453)
Net Unrealized Loss	\$ (102,184,038)	Net Unrealized Loss	\$ (98,547,528)

An inverse relationship exists between changes in interest rates (Yield) and the value (Price) of fixed income investment securities. As interest rates decrease, the value of fixed income investments increases. Conversely, as interest rates increase, the value of fixed income investments decreases. The City's investment practice, per the Investment Policy, is generally to hold securities to maturity, with exceptions as noted in the Investment Policy. The net unrealized losses noted above are "paper losses" and would only be realized if securities were sold prior to maturity.

Interest rates have increased significantly in this quarter. Given the inverse relationship between interest rates and value, this has led to an increase in unrealized losses from \$55 million (original cost basis) and \$50 million (amortized cost basis) as of June 30, 2022 to losses of \$102 million (original cost) and \$99 million (amortized cost) as of September 30, 2022, respectively, as shown in the table above. As interest rates are expected to continue to rise, this may lead to additional unrealized losses. This is partly offset over time by maturing securities being replaced by new purchases at rates more in line with current market value.

Earned Interest Yield

The earned interest yield of the total investment portfolio for the quarter ended September 30, 2022, was 1.619%, 0.508% higher than the previous quarter and 0.701% higher than a year ago.

COMPLIANCE REPORTING REQUIREMENTS

Pursuant to Section 21.0 of the City's Investment Policy, "No less than semi-annually each year, a compliance audit shall be conducted of the City's investment program to determine whether the City's investments within the City's pooled portfolio are in compliance with the City's

Investment Policy, internal controls and department procedures.” These compliance audits per the Investment Policy can be included in the City Auditor’s work plan or can be conducted by an external auditor at the request of the Director of Finance. During the quarter, the City Auditor’s Office engaged the services of Macias, Gini, & O’Connell LLP (“MGO”) to audit the City’s investments within the pooled portfolio.

MGO completed its evaluation for the six-month ended June 30, 2022, and found the City’s investment program to be in compliance with the City’s Investment Policy, internal controls and department procedures. The report noted one difference in market value of 0.02% for one security due to an incorrect CUSIP number in the City’s investment management system. The City has subsequently corrected the CUSIP number. A copy of the Independent Accountant’s Agreed-Upon Procedures Report is attached to this quarterly report (Section F).

Cash Management Projection

Based on the Finance Department’s pooled cash flow projection as of September 30, 2022, total revenues and investment maturities for the next six months are anticipated to be approximately \$2.06 billion. This is sufficient to cover projected expenditures of approximately \$1.98 billion.

Statement of Compliance with the Policy

There were no exceptions or violations outstanding for the quarter ended September 30, 2022. The investment portfolio meets the requirements of the City’s Investment Policy and California Government Code section 53601.

Comparison of Portfolio Investment Earnings to FY 2022-23 Budget

The following is a comparison of actual General Fund investment earnings, on an accrual basis, to the Fiscal Year 2022-23 budget. The Fiscal Year 2022-23 Budget included \$4.2 million for interest earnings for the General Fund, based on an assumed net interest yield of 1.62%. The schedule below compares the unaudited actual net investment earnings to the General Fund budget for the quarter ended September 30, 2022. The interest earning rates are less than the forecast for the quarter and for the fiscal year.

INVESTMENT TRADING ACTIVITY

Section E provides a detail of the City's investment activities, including purchases, maturities, amortization, interest received, and realized gains or losses from trading activities.

In general, the City holds all securities to maturity. On rare occasions, the City may liquidate holdings to raise cash or as allowed under the Investment Policy.

INVESTMENT STRATEGY AND MARKET UPDATE

The Investment Program continues to focus on its core mandates of safety, liquidity, and yield. Staff continues its effort to match known cash flow outlays in the next 24-month horizon with investment maturities. Beyond the 24-month horizon, staff selectively invests in various assets classes and maturity buckets to diversify the portfolio structure and maximize the portfolio's earnings potential, as allowed by the Investment Policy.

Gross Domestic Product (GDP) decreased in the second quarter of 2022 by 0.6% annualized rate compared to the previous quarter rate of -1.6%. Although initial jobless claims and continuing claims remained steady, and the national unemployment rate decreased to 3.5% in September 2022 from the previous quarter ended June 30, 2022, persistent high inflation, and future Federal Reserve Bank action continued to dominate headlines and drive the broader markets during this quarter. Year-over-year inflation remained high at 8.2% in September 2022, though down slightly from the previous quarter rate of 9.1%. Mortgage rates reached a 15-year high in September 2022 with the average 30-year mortgage rate rising to 6.7%. Sustained shipping challenges, housing and labor shortages, the continuing war in Ukraine and higher commodity prices contributed to the Federal Reserve raising its benchmark rate by 1.5% this quarter in a bid

to control the rising inflation. Fed officials remain adamant on further tightening of money supply. Fears of economic contraction, and a hard landing of the U.S. economy have gained momentum on concerns of the Fed's hawkish view of monetary policies and the direction of the overall economy.

Investment staff will closely monitor market developments, continue to focus on the overall quality of the portfolio and invest with care, prudence and diligence.

Future Commitments – As of September 30, 2022, the City had no obligations to sell securities and no commitments to participate in securities trading.

Executed Reverse Repurchase Agreements – No reverse repurchase agreements were executed this quarter.

Restructuring – No restructuring activities took place during this quarter.

CONCLUSION

The total investment portfolio as of September 30, 2022, was \$2,475,016,963 a decrease of approximately \$250 million from the previous quarter. For the quarter ended September 30, 2022, the earned interest yield increased from 1.111% to 1.619% as compared to the quarter ended June 30, 2022, and the weighted average days to maturity increased from 533 days to 597 days over the same period. As of September 30, 2022, approximately 55% of the total portfolio was invested in U.S. Treasuries and Agency securities.

The procedures and associated findings are as follows:

1. Management of the City provided us with a copy of the FY 2021-22 Fourth Quarter Investment Report (Investment Report) as of June 30, 2022 and we traced and agreed individual investments, which includes investment description, maturity date, CUSIP number, book and market value, to supporting documentation such as custodian/bank statements obtained from the City.

Finding: We noted there was a difference of \$541,416 in market value representing 0.02% of the portfolio, where the custodian's statement reported a lower balance compared to the Investment Report. The difference is due to the incorrect CUSIP number entry of Investment number 40479, which was reported correctly in the custodian statement while incorrectly reported in the Investment Report. The City has subsequently corrected CUSIP number in Sympro.

2. We traced total fair value of investments listed on the Investment Report as of June 30, 2022 to the City's general ledger.

Finding: No exceptions were found as a result of applying the procedure.

3. We compared the types of investments listed in the Investment Report as of June 30, 2022 with the types of investments that are authorized by the City's Investment Policy.

Finding: No exceptions were found as a result of applying the procedure.

4. We read the Investment Report as of June 30, 2022 to confirm that it contains the information/data required by the City's Investment Policy and whether it meets the timing requirements of the City's Investment Policy, as follows:
 - a. The Investment Report includes the type of investment, issuer, date of maturity, par and dollar amount invested on all securities, investments and monies held by the City.
 - b. The Investment Report includes market value (and source) as of the date of the report of all securities held by the City or under management of any outside party.
 - c. The Investment Report includes a statement addressing the portfolio's compliance with the portfolio to the City's Investment Policy.
 - d. The Investment Report includes a statement addressing the ability of the City to meet the pool's expenditure requirements for the next six months.

Finding: No exceptions were found as a result of applying the procedure.

5. We compared the types of investments listed in the Investment Report as of June 30, 2022 to the list of permitted investments in the City's Investment Policy.

Finding: No exceptions were found as a result of applying the procedure.

6. We calculated the total investment amounts on a cost basis for the investment types listed in the Investment Report as of June 30, 2022, and compared those totals to the maximum portfolio limitations imposed by the City's Investment Policy for specified investment types.

Finding: No exceptions were found as a result of applying the procedure.

7. We agreed individual investment maturity dates listed in the Investment Report as of June 30, 2022 to the custodian/bank statements and determined whether they conform to the maturity requirements of the City's Investment Policy.

Finding: No exceptions were found as a result of applying the procedure.

8. We obtained and read the third-party custodial agreement(s) and broker/dealer agreement(s) in effect at the date of the Investment Report to determine if the agreements contained a clause addressing delivery of securities and that the delivery method conformed to the City's Investment Policy.

Finding: No exceptions were found as a result of applying the procedure.

9. We recalculated and agreed supporting documentation relevant to the repurchase agreements and, if applicable, the reverse repurchase agreements held by the City on June 30, 2022, to ascertain whether the investments conformed to the City's Investment Policy.

Finding: Not applicable. No repurchase or reverse repurchase agreements were held by the City on June 30, 2022.

10. We determined through inquiry and observation whether the responsibilities for initiating, evaluating, and approving transactions are separate from detail accounting and general ledger functions.

Finding: No exceptions were found as a result of applying the procedure.

11. We determined through inquiry and observation whether custodial responsibility for investments is restricted to authorized personnel and separate from personnel with accounting duties.

Finding: No exceptions were found as a result of applying the procedure.

12. We determined through inquiry and observation whether responsibilities for detailed investment records in the investment system (Sympro) are separate from general ledger functions.

Finding: No exceptions were found as a result of applying the procedure.

13. We determined through inquiry and document inspection whether the City maintains authorized lists of signatures, security dealers, and counterparties and whether those lists are updated periodically.

Finding: No exceptions were found as a result of applying the procedure.

14. We selected an investment purchase and maturity transaction between January 1, 2022 and June 30, 2022 and determined through inquiry and document inspection whether the City counts and/or confirms its investments as transactions occur.

Finding: No exceptions were found as a result of applying the procedure.

15. We selected an investment purchase and maturity transaction between January 1, 2022 and June 30, 2022 and determined through inquiry and document inspection whether counts and/or investment confirmations and detailed subsidiary records are prepared by an Accountant and reviewed by a Senior Accountant.

Finding: No exceptions were found as a result of applying the procedure.

16. We selected an investment purchase and maturity transaction between January 1, 2022 and June 30, 2022 and determined through inquiry and document inspection whether reconciliations between detailed subsidiary records and general ledger control accounts are prepared by an Accountant and reviewed by a Senior Accountant or Supervising Accountant.

Finding: No exceptions were found as a result of applying the procedure.

17. We selected an investment purchase and maturity transaction between January 1, 2022 and June 30, 2022 and determined through inquiry and document inspection whether the Deputy Director of Finance, Accounting and the Deputy Director of Finance, Debt and Treasury Management assesses the classification and valuation of its investments at acquisition. If either Deputy Director of Finance position is vacant or unavailable to sign, the Assistant Director of Finance or Director of Finance may sign in place of either Deputy Director of Finance. Additionally, we verified that the quarterly investment report was produced, agendaized on Public Safety, Finance, & Strategic Support Committee and City Council meetings and posted on the City's public website.

Finding: No exceptions were found as a result of applying the procedure.
