

City Council Presentation

San José Department of
Transportation
November 15, 2022

**DOWNTOWN
TRANSPORTATION PLAN**

Jessica Zenk
Deputy Director
Ramses Madou
Division Manager
Wilson Tam
Planning Manager

What is the Downtown Plan and why are we doing it?

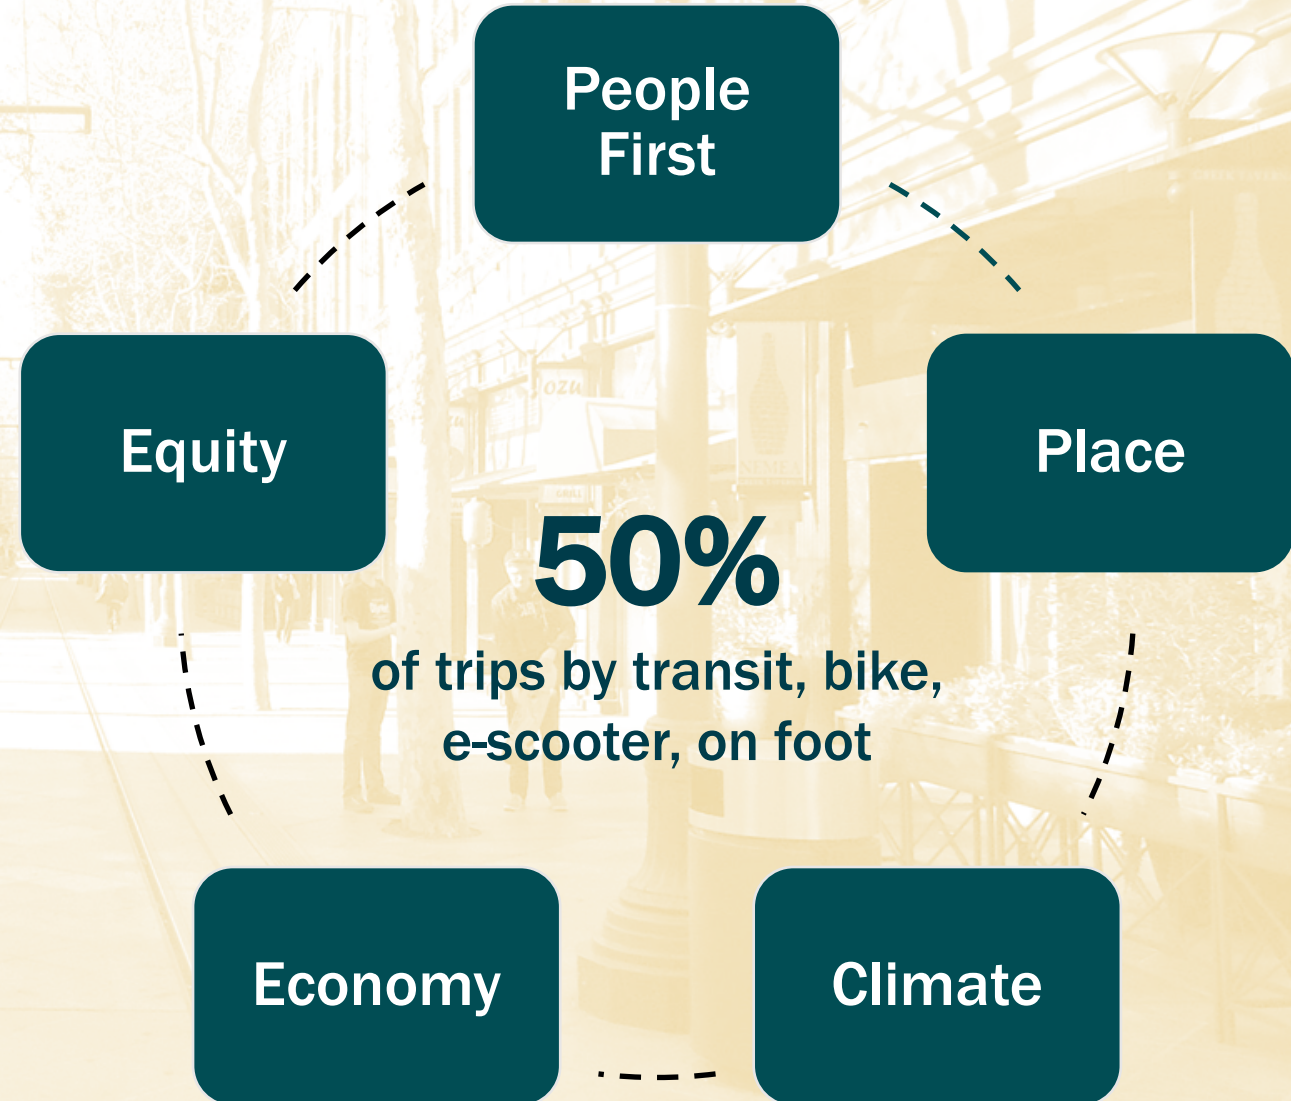

- The Downtown Transportation Plan (DTP) is a 20-year strategic plan for improving transportation to, from, and within Downtown San José.

The Plan

- Provides a framework for new transportation projects, programs, and policies to be implemented by 2040.
- Leverages major downtown investments to elevate Downtown San José's as a regional destination for jobs, housing, retail, and cultural activities.

What the Plan Envisions

A resilient transportation system in which all people have access to safe, enjoyable, convenient, and affordable transportation choices that treat everyone with dignity and support vibrant, inclusive communities.

CONTENTS

EXECUTIVE SUMMARY

INTRODUCTION

DOWNTOWN VISION & GOALS

BUILD COMPLETE STREET NETWORKS

MAKE BIG MOVES FOR PUBLIC INFRASTRUCTURE

UNLOCK THE VALUE OF MOBILITY FOR ALL

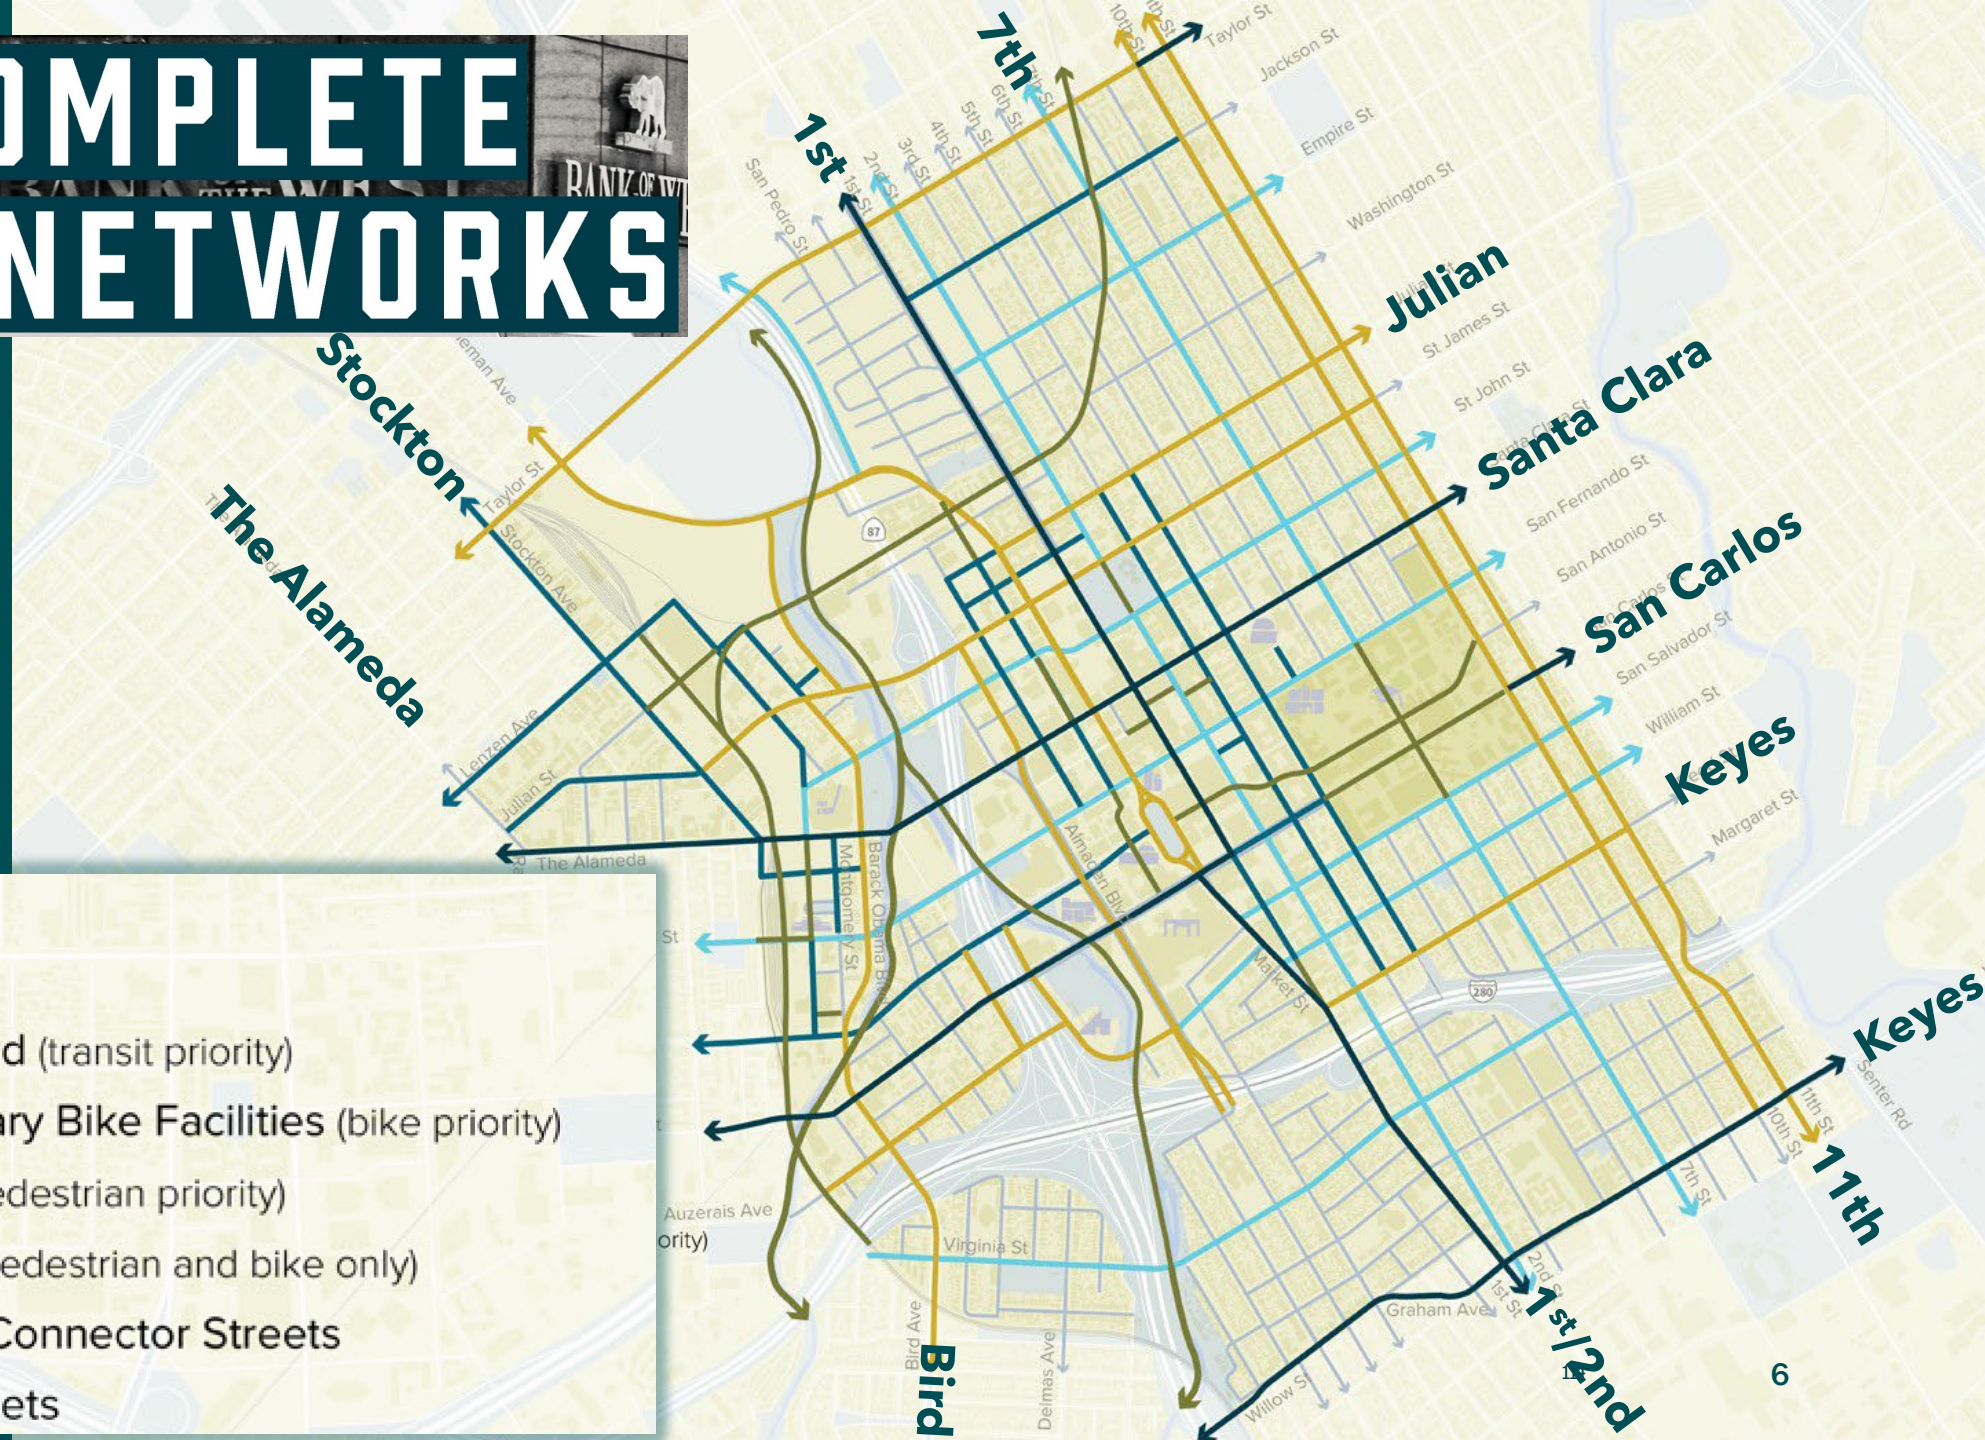

IMPLEMENTATION PLAN

BUILD COMPLETE STREET NETWORKS

DOWNTOWN SAN JOSE STREET TYPES

- Grand Boulevard (transit priority)
- On-Street Primary Bike Facilities (bike priority)
- Main Streets (pedestrian priority)
- Paseos/Trails (pedestrian and bike only)
- City and Local Connector Streets
- Residential Streets

Santa Clara St.

Gaps in Trail Network

MAKE BIG MOVES FOR PUBLIC INFRASTRUCTURE

Light Rail

Freeway Barriers

A Re-Envisioned Santa Clara Street

What's next?

Launch comprehensive grand boulevard study that will consider transportation, economic development, urban design, among other things

Faster Light Rail Transit

A white VTA light rail train with blue and red stripes is crossing a street at an intersection. The train has "VTA" and "SANTA TERESA" written on it, along with the number "906A". It is carrying several large boxes on its roof. The background shows a city street with buildings, trees, and a traffic light.

What's next?

VTA Downtown Light Rail Study underway, which responds directly to feedback received in the DTP process.
Conceptual engineering anticipated to begin by end of year.
