Mayor Sam Liccardo,

Dear Mayor Liccardo, Vice Mayor Jones, and Members of the San José City Council,

I want you to adopt the Housing Department Staff's direction on the Affordable Housing Siting Policy as presented at the October 13, 2022 Community Meeting.

I am in favor of the Housing Department Staff's proposed changes because the Affordable Housing Siting Policy now centers equity in many ways. For example, it:

- Provides diverse housing choices so everyone can access affordable housing throughout San José,
- Increases funding for affordable housing in historically-redlined communities,
- Incentivizes and funds historically-exclusive communities to build their fair share of affordable housing in their neighborhoods, and
- Uses inclusive language, abandoning divisive classifications.

I wish to see a San José where every neighborhood is accessible to people of all income levels and every neighborhood is a desirable place to live. I am confident that you also share

this vision and will make the right choice come December 6, 2022.

Mayor Sam Liccardo,

Dear Mayor Liccardo, Vice Mayor Jones, and Members of the San José City Council,

Instead of concentrating affordable housing in only three districts I want the City to adopt a policy that all districts share the responsibility for creating equitable housing for all. There should be a mandatory policy for all districts to have equal numbers of affordable housing, low income, and homeless services throughout San Jose and in fact throughout Santa Clara County.

thank you,

I am in favor of the Housing Department Staff's proposed changes because the Affordable Housing Siting Policy now centers equity in many ways. For example, it:

- Provides diverse housing choices so everyone can access affordable housing throughout San José,

- Increases funding for affordable housing in historically-redlined communities,
- Incentivizes and funds historically-exclusive communities to build their fair share of affordable housing in their neighborhoods, and
- Uses inclusive language, abandoning divisive classifications.

I wish to see a San José where every neighborhood is accessible to people of all income levels and every neighborhood is a desirable place to live. I am confident that you also share this vision and will make the right choice come December 6, 2022.

December 2, 2022

Dear Mayor Liccardo and members of the San Jose City Council:

As the Executive Director of the Asian Law Alliance, I have seen the urgent need for Affordable Housing in San Jose. We can all agree that more affordable housing must be built in San Jose so that our families will not need to continue to live on the streets, in tents, cars, RVs and paper boxes.

I and Asian Law Alliance are members of the nonprofit Racial Equity Action Leadership (REAL) coalition and I implore you to adopt the Housing Department staff's proposed revisions to the Affordable Housing Siting Policy. The revised policy no longer defines neighborhoods by crime and poverty data and continues to accomplish the intent of the original policy to spread affordable housing throughout San Jose – while at the same time not disinvesting from historically disenfranchised communities.

Over the 45 years of the Asian Law Alliance, we have seen the need for affordable housing increase each and every year. Many families in the AAPI community live in overcrowded apartments or homes because of the high cost of rent. There is a growing population of unhoused individuals in the AAPI community as well.

Please support affordable housing in all San Jose neighborhoods. Adopt the Affordable Siting Policy as recommended by your CED committee.

Sincerely,

Richard Konda
Executive Director
