To the city Council

I Strongly oppose the Gun Harm Ordinance that the city counsel wants to pass to impose a tax on gun ownership. The City Council will seek to impose a tax on registered gun owners that the City knows will be challenged in the courts.

You want to tax your residence to pay legal fees associated with taking away legal ownership of guns , that they have the right to own. This is an unconstitutional attack on lawful gun owner. It is much easier to attack lawful legal gun owners than deal with the criminals who commit those crimes. It's not the gun that commits the crime it's the criminal that commits the crimes. You are trying to tax the lawful citizen who wants to protect his family. I am sure that the criminal who lives in San Jose will tell the city they own a gun will tell the city so that he can pay the Tax. That's right it is only the lawful citizen that will pay the tax. It's just another attempt to have lawful citizens guns taken away.

Roger

Dear Councilmember Torres, Mayor Mahan and city Councilmember Sorry to bother but i am writing this in partner with Healing Grove to get the Washington Youth Center opened. I am a teenager in the washington community. It's only open 8 hours a week. I don't think it's fair at all. A lot of little kids don't have a place to play soccer, basketball, and volleyball. I would wish for the youth center to be open more often.

sincerely,

Perla Madrigal

Hey I'm a Latino Teenager from Healing Grove. I would love it if The Washington Youth Center could partner up with Healing Grove. We're a pretty big group and we need a place to learn and play. Recently they kicked us out and we're back into the clinic but there's not enough room for us. We would love it if you could join us and help us get them to open up the door, not just for us but also for the community. Most of the room there are closed like the work out room. It would be great if it was open so we could workout in there.

Dear council member Torres, Mayor Mayan and City Council members I am writing to appeal that you partner with healing grove to get the Washington united youth center opened. I am a Mexican teenager in the Washington community. We need a place to play sports and do activities. We'd wish the youth center were open more hours of the week. I've done my own research and was that wealthier areas community youth centers are open from about 50-60 hours per week when my youth center is not open most of the time. Even showing up and they don't even have open doors for us. Our community might be low income but we should still be able to access our youth center. We'd like to access the gym for sports, activities in the multipurpose rooms and the game room to play pool and video games.

Sincerely,  
Rigoberto

Council members:

My name is Jeremy Ilang, a Silicon Valley tech worker, urgently writing to request that you partner with Healing Grove to get the Washington United Youth Center opened.

It's evidently shown that nearby, "wealthier" neighborhoods have their community centers opened 50-60 hours a week, while the Washington United Youth Center is almost NEVER opened...this is an unfair treatment to the community with equal human beings, specifically children, wanting to gather for community.

Please take positive action in bringing change and restoring this community's youth activities. These children need to be fostered/nurtured in this wonderful program, as Healing Grove has had an excellent track record in impacting this community, resulting in broader community unity, mitigation in brokenness, crime and etc.

Regards,  
Jeremy

**I join 1,100+ community members in urging you to use a city-led community engagement process for any development of areas zoned Private Recreation and Open Space, including the 114 acre Pleasant Hills Golf Course site.**

Dear City Council,

**I join 1,100+ community members in urging you to use a city-led community engagement process for any development of areas zoned Private Recreation and Open Space, including the 114 acre Pleasant Hills Golf Course site.**

***It is critically important for the community to know that the City Council we voted for will be there for us when we need you.***

Use a city-driven and very robust community engagement and visioning process like you are doing for sites a fraction of the size. The city and community should drive that process, not the developer. Please also ensure any future plans for this site include dedication of a significant percentage of the site for public open space.

**RESOLUTION NO. 2022-12****WEST VALLEY SANITATION DISTRICT SOI AMENDMENT AND  
ANNEXATION 2022-01 (LINDA VISTA AVENUE)****SPHERE OF INFLUENCE DETERMINATIONS FOR WEST VALLEY SANITATION  
DISTRICT****1. Nature, location, extent, functions, and classes of services provided.**

West Valley Sanitation District (WVSD) provides sewer collection services for the City of Campbell, Town of Los Gatos, City of Monte Sereno, a portion of the City of Saratoga, and some unincorporated territory to the west of these cities. WVSD contracts with the San Jose-Santa Clara Regional Wastewater Facility for wastewater treatment and disposal. WVSD also provides contract stormwater management and storm drain maintenance services to the Town of Los Gatos and cities of Saratoga, Monte Sereno, and Campbell.

**2. Present and planned land uses in the area, including agricultural and open-space lands.**

The subject parcel is located in unincorporated Santa Clara County and is designated Hillside in the County General Plan. The land use designation includes residential uses. The parcel is developed with a single-family residence and an accessory dwelling unit. The parcel does not include agricultural or open space lands as defined in the CKH Act.

**3. Present and probable need for public facilities and adequacy of public services that the agency provides or is authorized to provide.**

The subject parcel is in unincorporated Santa Clara County and developed with a single-family residence and an accessory dwelling unit. According to the County's DEH, the septic system that serves the two dwellings is experiencing a complete failure, causing a public health hazard. DEH has recommended a connection to a public sewer system, if feasible. WVSD's sanitary sewer system is nearby and the District has the ability to provide sewer services to the proposal area. The District's present capacity of public facilities and services is adequate.

**4. Present capacity of public facilities and adequacy of public services that the agency provides or is authorized to provide.**

Dear San José,

Caltrans just released the Fiscal Year (FY) 2023-24 Sustainable Transportation Planning Grant Application Guide and Call for Applications. **Applications are due by 5:00 PM on Thursday, March 9, 2023.** The grant awards will be announced this summer 2023.

This year's grant program includes a one-time augmentation of \$50 million in Climate Adaptation Planning grants to support local and regional identification of transportation-related climate vulnerabilities through the development of climate adaptation plans, as well as project-level adaptation planning to identify adaptation projects and strategies for transportation infrastructure.

Caltrans will be conducting grant application workshops to provide a grant program overview and review the resources that we have to assist with competitive application development. Contact the appropriate Caltrans district staff to request workshop information and draft application feedback. They can also help choose the best grant category for your proposed planning project.

Visit the [grants website](#) for workshop dates and times, the Grant Application Guide, application forms and templates, and Caltrans district staff contacts. And contact the District 4 Grant Leads, Becky Frank at [REDACTED] and Stephen Conteh at [REDACTED] if you have questions.

**Caltrans District 4 (Bay Area) will host a Grant Open House on Monday, January 23, 2023, from 10:00 AM to 11:30 AM**
