Sylvia Perez, Senior Grants Analyst
San Jose, City of
201 West Mission Street
San Jose, CA 95110-1701

Subject: **Notification of Grant Subaward Application Approval**
Internet Crimes Against Children Program
Grant Subaward #: IC22 13 7928

Dear Sylvia Perez:

Congratulations! The California Governor's Office of Emergency Services (Cal OES) has approved your Grant Subaward application in the amount of \$950,000, subject to Budget approval. A copy of your approved Grant Subaward is enclosed for your records.

Cal OES will make every effort to process payment requests within 45 days of receipt of your Report of Expenditures & Request for Funds (Cal OES Form 2-201).

This Grant Subaward is subject to the Cal OES Subrecipient Handbook. You are encouraged to read and familiarize yourself with the Cal OES Subrecipient Handbook, which can be viewed on the Cal OES website at www.caloes.ca.gov.

Any funds received in excess of current needs, approved amounts, or those funds owed as a result of a close-out or audit, must be refunded to Cal OES within 30 days upon receipt of an invoice.

Please contact your Program Specialist, Olga Stupak, at (916) 845-8807 with questions about this notice.

Grant Subaward Certification of Assurance of Compliance

Information and Instructions

The Certification of Assurance of Compliance is a binding affirmation that the Subrecipient will comply with the requirements and restrictions outlined in the Subrecipient Handbook, including but not limited to:

- Proof of Authority,
- State and federal civil rights laws,
- Equal Employment Opportunity,
- Drug-Free Workplace,
- California Environmental Quality Act, and
- Lobbying.

The Official Designee (see SRH Section 3.030) and the individual granting that authority (i.e., City/County Financial Officer, City/County Manager, or Governing Board Chair) must sign this form. For State agencies, only the Official Designee must sign this form.

Complete all sections of this form and then submit:

- As part of the Grant Subaward Application,
- With a Grant Subaward Amendment (Cal OES Form 2-213) if a new fund source is being added to the Grant Subaward, (applicable Certification of Assurance of Compliance would be needed), or
- With a Grant Subaward Modification (Cal OES Form 2-223) if the Official Designee or Board Chair changes and the Resolution identifies them by name

I, Sarah Zarate (Official Designee; same person as Section 15 of the Grant Subaward Face Sheet) hereby certify that the above Subrecipient is responsible for reviewing the Subrecipient Handbook (SRH) and adhering to all of the Grant Subaward requirements as directed by Cal OES including, but not limited to, the following areas:

I. Proof of Authority – SRH 1.055

The Subrecipient certifies they have written authority by the governing board (e.g., County Board of Supervisors, City Council, or Governing Board) granting authority for the Subrecipient/Official Designee (see Section 3.030) to enter into a specific Grant Subaward (indicated by the Cal OES Program name and initial Grant Subaward performance period) and applicable Grant Subaward Amendments with Cal OES. The authorization includes naming of an Official Designee (e.g., Executive Director, District Attorney, Police Chief) for the agency/organization who is granted permission to sign Grant Subaward documents on behalf of the Subrecipient. Written proof of authority includes one of the following: signed Board Resolution or approved Board Meeting minutes.

II. Civil Rights Compliance – SRH Section 2.020

The Subrecipient acknowledges awareness of, and the responsibility to comply with all state and federal civil rights laws. The Subrecipient certifies it will not discriminate in the delivery of services or benefits based on any protected class and will comply with all requirements of this section of the SRH.

III. Equal Employment Opportunity – SRH Section 2.025

The Subrecipient certifies it will promote Equal Employment Opportunity by prohibiting discrimination or harassment in employment because of any status protected by state or federal law and will comply with all requirements of this section of the SRH.

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

IV. Drug-Free Workplace Act of 1990 – SRH Section 2.030

The Subrecipient certifies it will comply with the Drug-Free Workplace Act of 1990 and all other requirements of this section of the SRH.

V. California Environmental Quality Act (CEQA) – SRH Section 2.035

The Subrecipient certifies that, if the activities of the Grant Subaward meet the definition of a "project" pursuant to the CEQA, Section 20165, it will comply with all requirements of CEQA and this section of the SRH.

VI. Lobbying – SRH Sections 2.040 and 4.105

The Subrecipient certifies it will not use Grant Subaward funds, property, or funded positions for any lobbying activities and will comply with all requirements of this section of the SRH.

All appropriate documentation must be maintained on file by the Subrecipient and available for Cal OES upon request. Failure to comply with these requirements may result in suspension of payments under the Grant Subaward(s), termination of the Grant Subaward(s), and/or ineligibility for future Grant Subawards if Cal OES determines that any of the following has occurred: (1) the Subrecipient has made false certification, or (2) the Subrecipient violated the certification by failing to carry out the requirements as noted above.

CERTIFICATION

I, the official named below, am the same individual authorized to sign the Grant Subaward [Section 15 on Grant Subaward Face Sheet], and hereby affirm that I am duly authorized legally to bind the Subrecipient to the above-described certification. I am fully aware that this certification, executed on the date, is made under penalty of perjury under the laws of the State of California.

Grant Subaward Budget Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

Budget Narrative

Categories A - Personal Services

1) Salaries

Digital Forensic Analyst - 1.0 FTE

Funds will be utilized to retain a highly trained, full-time forensic analyst dedicated to the Silicon Valley Internet Crimes Against Children (SVICAC) Task Force. The Digital Forensic Analyst will assist in digital forensic examinations; improve task force effectiveness to prevent, interdict, investigate, and prosecute Internet crimes against children and technology-facilitated child exploitation; and reduce forensic examination backlog and increase the number of forensic exams that taskforce complete during the project period. The full-time staff will provide an immense benefit to the SVICAC Task Force that currently backlogged in digital forensic examinations.

40 hours per week x \$54,319 x 52 weeks = \$112,984

2) Benefits

Digital Forensic Analyst - 1.0 FTE

Grant Subaward Budget Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

Funds will be utilized to fund the job benefits of a full time digital forensic analyst, which calculates to 65% of total salaries. Of the 65% benefits, 54% is for retirement contribution and 11% is for medical and dental health benefits.

$65\% \times \$112,983.52 = \$73,439$

3) Overtime

Community Service Officer (CSO) Vigilant Parent

Overtime funds have been budgeted for Community Service personnel to assist in facilitating the Vigilant Parent Initiative. The Vigilant Parent Initiative is an interactive program for parents that provides hands-on access to some of the social media Applications (APPS). Often our children are more tech savvy than parents; however, they are unaware of the dangers of the Internet. This program allows parents to log into fictitious Social Media accounts and see what their children are exposed to. It also teaches them how to use safety filters in APPS most popular with children. Three overtime hours for up to three Community Service personnel (Community Service Officer (CSO) I, II, Senior, and/or Supervising classifications) will assist in facilitating three to four classes a month for 12 months. These hours may vary depending on the school year and outreach events such as National Night Out.

Grant Subaward Budget Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

\$95.56 rate x 3 hours x 3 CSOs x 4 session per month x 12 months = \$41,282

Categories B – Operating Expenses

Cellebrite Kiosk Renewal

In response to the increased need for Forensic examinations, funds are being requested to renew its Cellebrite Kiosk license, which will act as dumping stations to be placed within the San Jose Police Department. The Cellebrite Kiosk is a streamline dumping station for extracting data from cellphones. SVICAC is seeing an increase in the number of phones that are being collected in the field and booked for later examination. The Kiosk will allow SVICAC to place the Kiosks in places where officers in the field can extract the data from the phone of victims and witnesses and return the phone to the owner without having to book the phone for later examinations.

\$4,000 /kiosk renewal x 1 kiosk renewal = \$4,000

Digital Collector Renewal

Funds are being requested to renew affiliate agencies' Cellebrite Digital Collector license. The Cellebrite Digital Collector product is a forensics analytical tool for conducting examination on Apple Products only. SVICAC is seeing a large

Grant Subaward Budget Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

increase of Apple products being used and many small agencies in the task force that need the appropriate tools to examine these products.

\$700/Digital Collector x 2 Digital Collector = \$1,400

ADF, XRY and Penlink Renewals for Affiliates

Our agency affiliates have benefited from the ADF software provided to them as well as the XRY tools. The XRY tool is a cell phone forensic tool used by a forensic examiner to extract data from suspect and victims' phones to assist in a successful investigation. These tools have been integral in the investigations for our affiliates and need to be renewed to help continue to meet SVICAC objectives.

Funds are also being requested to renew Penlink Licenses that will help detectives organize data. SVICAC has seen an increase in social media search warrants and many of these warrant returns are as much as 2,500 pages. The Penlink licenses will allow detectives to track suspects with proper legal service as well as parse out returns. This will save detectives hours of time during an investigation and provide investigators with the analytical tools that will ensure successful analysis of digital data and ensure successful investigations and examinations.

Grant Subaward Budget Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

\$3,750/ADF renewal x 10 ADFs = \$37,500

\$3,800/XRY renewal x 6 XRYs = \$22,800

\$4,000/Penlink License X 2 licenses = \$8,000

SVICAC Social Awareness

The use of social media is increasing significantly amongst the members of our community. SVICAC has the goal of increasing our Social Media footprint to engage with the community to raise awareness and education. Funds are being requested to help increase our Social Media footprint and ensure that updates to our website are up to date and provided frequently. Hootsuite Social Media Manager is a social media management tool that allows SVICAC to manage multiple social media networks and view analytical data from the social media engagement that is attained from the public. SVICAC is finding that social media engagement has significantly helped to educate community members with information on how to better protect the youth. Social media has been a vital medium of communication with the community. Additionally, funds are requested to work on a billboard campaign to further increase outreach with the community.

\$600/media manager x 1 media manager = \$600

Grant Subaward Budget Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

Dell Laptops for Affiliates

Funds are being requested to supply SVICAC affiliates with the proper equipment to successfully conduct ICAC investigations. The goal of the SVICAC is to expand not only the investigator side of the Task Force, but the Forensic side. The time and expertise that is needed to conduct forensic examinations is increasing with technology. We currently have 103 affiliate agencies and over 250 members. One of the many tasks required of an ICAC affiliate is to investigate Cyber Tips that are distributed from the National Center for Missing and Exploited Children to San Jose. The Cyber Tips are then rerouted to the appropriate jurisdiction. The Cyber Tips all involve contraband that most affiliate agencies do not want on their agency computers. The above computers will be distributed to affiliates to investigate Cyber Tips. SVICAC is seeing an increase in the number of affiliates that are working Cyber Tips with limited number of laptops. By providing these affiliate agencies with laptops we will be able to better process the Cyber Tips in a more efficient manner.

\$1,875/laptop x 24 laptops = \$45,000

Grant Subaward Budget Narrative

Grant Subaward #: IC22 13 7928 

Subrecipient: City of San Jose

Hard Drives for Affiliates

Funding is being requested to purchase hard drives for affiliate agencies. With an increase of cyber tips, there is a lot of data that agencies must get through to adequately conduct their evidence processing. To increase efficiency and facilitate the storage required to process this quantity of data, the purchase of hard drives is necessary.

$\$1,550/\text{hard drive} \times 26 \text{ hard drives} = 40,300$

Tableau for Affiliates

Tableau has become a critical tool across the task for data analytics. With this purchase our affiliate agencies will be able to input data into databases that help to find connections between cases. This in return can help agencies better profile a suspect.

$\$2,850/\text{tableaus} \times 7 \text{ tableaus} = \$19,950$

Grant Subaward Budget Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

Curved Monitors

When investigators, detectives and analysts work on evidence processing for the SVICAC task force, they spend a long time in front of their computer. The purchase of curved monitors will allow forensic personnel the ability to enhance the field of view and depth perception. By enhancing the field of view, personnel will be able to increase productivity by reducing eye strain and fatigue.

\$1,000/monitor x 15 monitors = \$15,000

Traffic Software – Stealth Trackers

Funds are being requested to purchase traffic jam software that will allow detectives to monitor and locate ads being posted by human traffickers. SVICAC has recently merged with San Jose Human Trafficking Team and is now part of ICAC, working on joint operations. Human traffickers are not only trafficking young children, but they are also manufacturing child sexual abuse images to create ads on various sex workers advertisement websites. With the use of traffic jam software, detectives and investigators will be able to locate ads and better complete their examinations and investigations.

Grant Subaward Budget Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

\$500/traffic software (stealth tracker) x 2 traffic software's (stealth trackers) =
\$1,000

Undercover Phones

Funds will be utilized to purchase 10 iPhones for the Taskforce. The SVICAC Task Force encourages members of the taskforce to engage in self-initiated investigations that include Peer to Peer and undercover chat operations. Due to changing technology, suspects that are targeting children online are primarily using phone-based chat applications. The phones will be critical in conducting undercover operations.

\$1,000/phone x 10 phones = \$10,000

Vigilant Parent PSA, Outreach Supplies and Materials

Funds are being requested for PSA funds that will help with one of the most fundamental missions of ICAC: to provide education and awareness to parents and those being targeted by predators. The victims of crimes investigated by SVICAC are juveniles and do not understand the dangers of the internet. SVICAC is finding that parents also do not understand the dangers of the internet. SVICAC

Grant Subaward Budget Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

is working on spreading our awareness through billboard campaigns and community outreach events that will not only encourage questions and start the conversations, but it leads them to the SVICAC site directly, where they are able to find resources that facilitate education and reporting. The use of these funds will increase accessibility to information which is vital for those who do not know where to attain this information. Parents and youth will be exposed to large amounts of information that is useful in preventing internet crimes and helps facilitate reporting. Purchases for this project include, but are not limited to: billboard campaign, translation materials and services, brochures/cards/paper for presentations, and presentation supplies and materials.

PSA Billboard Campaign and Outreach Materials = \$20,000 x 1

Equipment for Task Force Operations

When the task force is performing operations, equipment is needed to ensure that all tasks are performed safely and efficiently. Funds in the amount of \$40,470 are being requested to ensure that the task force has all the required equipment to execute these operations. Equipment to be purchased includes but is not limited

Grant Subaward Budget Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

to, hardware, wiring, tactical helmets, battering rams, and utility carts for both SJPd and affiliates.

Equipment for operations = \$40,470

Equipment for Task Force Evidence Processing

When the ICAC task force performs operations and processes evidence specialized equipment is required to ensure that suspects cannot delete data remotely via the cloud. Additionally, equipment is required to ensure safe storage of evidence and to increase efficiency of evidence processing. Funds in the amount of \$40,470 are being requested to purchase equipment for task force evidence processing, including, but not limited to safes, faraday bags, faraday boxes, and charging stations for SJPd and affiliates.

Evidence Processing Equipment = \$40,470

Grant Subaward Budget Narrative

Subrecipient: City of San Jose

Equipment for Contra Costa County and Salinas PD

Being in the heart of the Silicon Valley, home of the world's largest high-tech companies and developers, the national statistics represent what is occurring locally in our SVICAC Task Force's multi-county service area. The SVICAC Task Force represents 11 counties in Northern California, which include Napa, Sonoma, Marin, Contra Costa, Alameda, San Francisco, San Mateo, Santa Clara, Santa Cruz, Monterey, and San Benito. With the San Jose Police Department being the lead task force, all affiliates often require assistance by providing Contra Costa County with equipment they will be able to provide assistance to local jurisdictions on the northern part of the task force, SJPd will provide assistance to the central part of the task force and providing equipment to Salinas will allow Salinas Police Department to provide assistance to the southern part of the task force. Equipment being requested includes but is not limited to forensic towers, forensic software, tactical equipment, equipment storage, hardware (i.e., hard drives, usb, cables), drone upgrade, storage server and door rams.

Contra Costa County Equipment: \$70,000

Salinas Equipment: \$70,000

Grant Subaward Budget Narrative

Subrecipient: City of San Jose

Category C – Equipment

Cellebrite Licenses

Funds have been budgeted to purchase vital software that assist in forensic investigations and examinations. Cell phones are becoming a predominant technological medium in the daily lives of everyone including many of the predators that are being investigated. Cellebrite has been essential for SVICAC affiliates by providing the appropriate forensic tools that help SVICAC unlock passcodes and encryptions on cell phones. These forensic tools have been essential in reducing case backlogs and speeding up investigations by allowing forensic investigators and detectives to unlock and extract digital data that can then be analyzed, which is critical to meeting SVICAC objectives. Additionally, the renewal of Cellebrite Pathfinder will help with the processing of evidence and data from a variety of digital devices and cloud sources. These licenses will provide investigators with the analytical tools that will ensure successful analysis of digital data and ensure successful investigations and examinations.

Cellebrite for Affiliates $\$13,000.5 \times 8 = \$104,004$

Cellebrite Pathfinder Renewal $\$75,000 \times 1 = \$75,000$

Grant Subaward Budget Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

Graykey

Budget is being requested to fund GrayKey cell phone forensic tools. iPhones are among the most secure mobile systems available today. Without the user's passcode to access the iPhone, law enforcement is unable to advance ICAC investigations. GrayKey is a forensic tool designed to unlock any iOS devices that are password protected. Areas such as San Francisco, San Jose, and Contra Costa have been plagued with similar types of criminal investigations. The taskforce includes over 100 agencies within 11 counties.

\$30,000/box X 2 boxes = \$60,000

Magnet Axiom for Affiliates

In response to the increased need for Forensic examinations, funds have been budgeted to supply affiliates with an Axiom License. The Axiom license is a forensics analytical tool used for conducting examination on phones and computers. Axiom is the only tool that currently does Cloud based forensics.

\$5,833.33/Axiom x 3 Axiom = \$17,500

Grant Subaward Budget Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

Whooster

Funds are being requested to renew Whooster license, an investigative software that provides investigators link analysis to evaluate, identify and aid in their investigations. Whooster allows the affiliates to access data analytics that allow investigators to directly connect suspects, locate people and better protect children from predators online.

\$9,500/license x 1 license = \$9,500

Drone

Funds are being requested to purchase one drone. During operations, surveillance of the suspect(s) and surrounding areas is critical. The purchase of a drone will be an invaluable tool for the task force and will allow the task force to more efficiently secure and surveil. The drone will provide an additional level of safety for police officers operating on the ground, providing them with a much larger aerial field of view.

\$9,801/drone X 1 drone = \$9,801

Project Narrative

a. Problem Statement

The access to computers and other technology-related communication devices in the United States today has increased at an immeasurable rate. Computers are available to the children in our homes, schools, public libraries, community youth centers, and countless other public places youth congregate. Smart phone devices with internet access are becoming more and more common among youth. Based on data from the Internet Live Stats (2021), it is estimated that there are over 5.1 billion internet users in the World with over 312 million in the United States alone. Many of these users are children, who are accessing the internet at ever-increasing levels. In 2021, Facebook estimated over 2.9 billion people utilized their site for social networking (Internet live stats). This is an increase from 2010, when 149 million users were updating their status on Facebook. Keeping these statistics in mind, Internet Crimes Against Children (ICAC) investigators face an overwhelming task of educating our youth, while at the same time investigating those who try to claim their childhood innocence. Unfortunately, the technology has also brought an increased potential for online victimization of these same children and youth to include unwanted exposure to sexual material, unwanted sexual solicitations, and online harassment. Over the

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

last several years, the aggressive marketing of sexual material on the Internet has increased. Children and youth encounter unsolicited exposure to sexual material through pop-up ads and malicious software. These items have even been found bundled in game demos.

Children and youth continue to receive unwanted sexual solicitations while surfing online. Approximately, one in five youth ages 10 to 17 years-old received a sexual solicitation or were approached over the Internet, according to GuardChild 2017. Ninety percent (90%) of youth ages 8-16 years-old have accidentally encountered online pornography, when entering an innocent search term while doing their homework (GuardChild 2019).

Particularly disturbing trends in these solicitations are requests for youth to send sexual pictures of themselves. It is a crime, under federal laws, to take, distribute, or possess sexually explicit images of children younger than 18. Many of these photographs would constitute as child pornography. If a child or teen were to comply with these requests, they may be unable to realize the potential negative impact of their actions. The pictures could be circulated online to hundreds of people and the victim would have no way of retrieving these images.

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

Due to evolving technology, the Silicon Valley Internet Crimes Against Children (SVICAC) Task Force has experienced an increase in the amount of digital evidence confiscated (laptops, desktop, Smartphone's, CD's, USB flash drives, and tablets) throughout the course of investigations. Unfortunately, almost all computers described have the capability to utilize an external USB flash drive and/or a Micro SD Card. USB flash drives are often used for the same purposes for which floppy disks or CDs were once used (i.e., storage, data backup, and transfer of computer files). USB flash drives and/or micro-SD cards are smaller, faster, have thousands of times more capacity, more durable and reliable because they have no moving parts.

Smartphone devices with Internet access are becoming more and more common. Most smartphones access the Internet at high speeds, because of 5G and high powered 5G data networks. The growth of Wi-Fi also allows users to access the Internet to browse their favorite websites. Although all cell phones can send or receive text messages, a smartphone can send or receive multimedia messages, which includes picture and video messaging.

Smartphone's can handle small programs or mini applications that perform a wide variety of functions. Some Smartphones come with additional storage options such as Micro SD Cards and/or external expandable storage. We are

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

experiencing the growth in technology, which has seen Smartphones being as big as 1TB. External storage devices and iCloud storage can give you virtually unlimited extra space for music, movies, photos, documents, and other data. Many of them are surprisingly affordable. While executing search warrants the average number of computer components located and confiscated is approximately 23 items per household.

External USB flash drives and/or Micro SD Cards are also hard to detect with the naked eye. To avoid detection from law enforcement; suspects are utilizing these disguised USB drives as well as Micro SD cards to store/conceal child pornography and other illegal contraband. Some drives are the size of a human fingernail while others are disguised to appear as various items such as:

1. Lipstick container
2. Jewelry
3. Toys (Transformers)
4. Desserts (ice cream)
5. Food (Sushi)
6. Paperclips
7. Erasers

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

Being in the heart of the Silicon Valley, home of the world's largest high-tech companies and developers, the national statistics represent what is occurring locally in our SVICAC Task Force's multi-county service area. The SVICAC Task Force represents 11 counties in Northern California, which include Napa, Sonoma, Marin, Contra Costa, Alameda, San Francisco, San Mateo, Santa Clara, Santa Cruz, Monterey, and San Benito. The San Jose Police Department (SJPd) is the lead agency for the SVICAC Task Force.

The SVICAC Task Force is currently on pace to receive over 10,000 CyberTips this year from the National Center for Missing and Exploited Children. This will be over a 100% increase from 2019. CyberTips are investigative leads generated by the Internet service providers, law enforcement agencies, and residents. These leads relate directly to cases involving child sexual exploitation on the Internet. The SVICAC Task Force continues to receive documented complaints regarding the manufacture, distribution, and possession of child pornography. In addition to the documented complaints and CyberTips received, the SVICAC Task Force receives countless phone calls, emails, and referrals from parents, teachers, relatives, and other agencies regarding possible online crimes committed against children and youth.

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

Both the national and local statistics point to the fact that the online victimization of children is not going away, in fact, is growing rapidly. More than 30 million children in the United States use the Internet on a regular basis (Online Risks for Youth, n.d). 94% of children between 3 to 17-year-old children use the Internet (American Community Survey Report, 2019). This attributes to an increase in the number of online child predators, an increase in access to computers and other technology devices by both children/youth and predators, an increase in the technological advances of the computer devices that we use, an increase in the amount of time children and youth spend using the internet each day, or this increase could be attributed to a combination of all these factors listed above.

The SVICAC Task Force is working hard to provide parents with Smartphone and Social Media awareness, while also providing them with the tools they need to keep their children safe. Community and school presentations are also conducted with the focal point on Cyberbullying and Internet safety. In addition, the SVICAC.ORG website is in full operation. This website is an excellent tool for providing resource information for parents, children, law enforcement, and the community so that they may stay safe online. We have also recently launched the Vigilante Parent Initiative, which is an interactive

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928

US

Subrecipient: City of San Jose

training class for parents only. This program is seeing great success and we have launched it Nationwide.

SVICAC consists of 103 local, state, and federal law enforcement agencies, which is the largest ICAC task force within the state of California. The Task Force is responsible for investigating child sexual exploitation and child sexual abuse investigations. Our region expands across 11 different counties within the peninsula. The two farthest compass locations within the Task Force are Monterey County and Sonoma County.

b. Plan

The SVICAC Task Force was formally established in March of 2003. The mission of the SVICAC Task Force is to identify, apprehend, and prosecute Internet sexual predators who exploit children using computers, and to sponsor community education efforts regarding the prevention of Internet crimes against children. All participating agencies acknowledge that the SVICAC Task Force is a joint operation in which all agencies act as partners in a joint effort to address Internet crimes against children.

The SVICAC Task Force will conduct both proactive and reactive investigations into computer/technology crimes perpetrated against children throughout its geographic service area. These investigations target suspects who are sharing

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928

CS

Subrecipient: City of San Jose

child pornography online or who are attempting to exploit children. The SVICAC conducts undercover criminal investigations by utilizing specific software, which allows investigators to conduct peer-to-peer file-sharing investigations. These investigations target predators that are sharing child pornography online or attempting to exploit children. In addition, the Task Force conducts undercover investigations in various on-line chat forums. These investigations target suspects that are “sexting” and/or are attempting to lure children to meet a sexual predator - also known as traveler investigations. The investigations usually culminate with an arrest warrant, search warrant, or both.

Despite being in the heart of the Silicon Valley, the SVICAC Task Force does not have adequate equipment to facilitate an ICAC computer-based training center. SVICAC has limited facilities designated to host ICAC training. Each law enforcement agency has very stringent security guidelines within their own agency. This prohibits outside law enforcement agencies from utilizing their computer components.

A detailed action plan for meeting each of the project objectives is outlined in the Objectives and Activities section of this application. The SVICAC Task Force will collect data relative to the listed objectives monthly. The SVICAC Task Force Commander will utilize existing statistical information gathered in a monthly

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928

CS

Subrecipient: City of San Jose

statistics sheet and a quarterly case-tracking form to measure the number of investigations (reactive/proactive), how they are investigated, and their subsequent dispositions. Statistics on community outreach and the number of attendees will be collected and maintained. Child sexual Internet crime trends will be identified and tracked.

The SVICAC Task Force will track and report, on a quarterly basis, information about cases submitted to local, state, and/or federal prosecutors using the ICAC Case Tracker report submission form. The SVICAC Task Force will solicit statistical information from affiliated agencies on a monthly and quarterly basis. This statistical information will be compiled onto the ICAC Case Tracker report form and uploaded into the ICAC data portal. The number of arrests, community presentations and prosecutions will be compiled and compared to previous statistical information to determine the effectiveness of the project.

Objectives and Activities (during 12-month performance period)

Objective #1: The SVICAC Task Force will serve as an investigative resource for communities and agencies within its geographic service area.

Activities #1:

The Task Force will:

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928

CS

Subrecipient: City of San Jose

- Conduct criminal investigations initiated from Task Force members, allied agencies (local, state, and federal), resident complaints, the National Center for Missing and Exploited Children's Cybertip line, and other similar sources.
- Assess initial report information.
 - Identify jurisdiction-related to prosecution and additional investigative follow up.
 - Develop suspect information.
 - Develop probable cause through investigative techniques (surveillance, undercover operations, and stings.).
 - Write and execute search and arrest warrants.
 - Collect and process evidence.
 - Coordinate case presentation with the appropriate prosecutorial designee (District Attorney, Deputy Attorney General, and/or the Assistant United States Attorney).
- Identify potential training classes applicable to affiliated agencies.
 - Advise affiliated agencies of training classes and ascertain interest and availability for classes; and

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

- Make available the forensic van and forensic officer to affiliated agencies when available.

Projected Goal #1: 750 SVICAC-related technical assistance and requests received and forwarded to the appropriate agency per year.

Objective #2: The SVICAC Task Force will conduct both proactive and reactive investigations into the computer/technology crimes perpetrated against children and youth.

Activities #2:

To achieve this objective for reactive cases, the Task Force will complete the following activities:

- Conduct criminal investigations initiated from Task Force members, allied agencies (local, state, and federal), resident complaints, teachers, Cybertips, the National Center for Missing and Exploited Children, and other similar sources. The Task Force will strive to integrate federal, state, and local efforts as identified in the U.S. Attorney General's *Project Safe Childhood Initiative*.
- Assess initial report information.

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

- Identify the responsible jurisdiction- related to prosecution and additional investigative follow up.
- Develop suspect information.
- Develop probable cause through appropriate investigative techniques.
- Write and execute search and arrest warrants.
- Collect and process evidence.
- Coordinate case presentation with the appropriate prosecutorial designee (District Attorney, Deputy Attorney General, and/or the Assistant United States Attorney.); and
- Complete a statistical tracking form for investigation to include information on case outcomes (arrests).

To achieve this objective for proactive cases, the Task Force will complete the following activities:

- Conduct undercover investigations to include, but not limited to, online chat, Peer-to-Peer, monitoring of social network sites (e.g., Craigslist, Omegle.com, Facebook, Tagged.com). The Task Force will strive to integrate federal, state, and local efforts as stated in the *Project Safe Childhood Initiative*.

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

- Identify the responsible jurisdiction related to prosecution and additional investigative follow up.
- Develop suspect information.
- Develop probable cause through appropriate investigative techniques.
- Write and execute search and arrest warrants.
- Collect and process evidence.
- Coordinate case presentation with the appropriate prosecutorial designee (District Attorney, Deputy Attorney General, and/or the Assistant United States Attorney); and
- Complete a statistical tracking form for investigation to include information on case outcomes (arrests).

Projected Goal #2: 375 reactive investigations and 275 proactive cases that will be investigated per year.

Objective #3: The SVICAC Task Force will serve as a forensic resource to affiliate agencies and other agencies within our Task Forces geographical area of service.

Activities #3:

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

To achieve this objective, the Task Force will complete the following activities:

- Receive forensic requests from Task Force members, affiliate agencies, and other agencies within the Task Forces service area.
- Assess forensic requests received for appropriateness as related to the ICAC Program.
- Refer non-ICAC related referrals and requests to the appropriate agency.
- Triage forensic requests based on Task Force guidelines (based on pending court dates, and crime types).
- Coordinate forensic requests/requirements with the respective prosecutor to minimize unneeded analysis.
 - Assign forensic requests to the forensic examiner most skilled in the area needed.
 - Examine media for the requested information.
 - Prepare forensic reports based on Task Force policy; and
 - Complete statistical tracking form for forensic examinations completed.

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 

Subrecipient: City of San Jose

Projected Goals #3: 1,500 forensic examinations that will be completed per year.

Objective #4: The SVICAC Task Force will assist and enhance, to the extent possible, with the effective prosecution of cases at the appropriate level.

Activity #4:

To achieve this objective, the Task Force will:

- Prepare cases for prosecution based on prosecutor's standards.
- Complete statistical tracking to include the number of cases submitted for federal prosecution, the number of cases accepted for federal prosecution, the number of cases submitted for state prosecution, and the number of cases submitted for local prosecution; and
- Complete statistical tracking to include case dispositions (e.g., unfounded, suspended, plea, or trial).

Projected Goal #4: 240 cases will be submitted for federal, state, or local prosecution per year.

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 

Subrecipient: City of San Jose

Objective #5: The SVICAC Task Force will effectively track and respond to referrals from affiliate agencies (other task forces, federal partners, and Cybertips).

Activity #5:

To achieve this objective, the Task Force will:

- Accept referrals from participating agencies, residents, teachers, NCMEC, and other related entities.
- Assess referrals for appropriateness as related to the ICAC Program.
- Refer non-ICAC related referrals and requests to the appropriate agency.
- Identify information/resources needed by requesting party.
- Provide requested information/resources to the requesting party.
- Provide other information identified by assessment to the requesting party; and
- Document actions taken on the statistical reporting form.

Projected Goal #5: 3,000 ICAC-related referrals from the state and local law enforcement agencies that the Task Force will address per year.

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

Objective #6: The SVICAC Task Force will engage in law enforcement and community outreach activities to include training, prevention, and educational activities.

Activities #6:

To achieve this objective, the Task Force will:

- Receive requests via telephone, mail, and email for presenters from people representing law enforcement agencies and community groups (community groups includes, but is not limited to, schools, youth organizations, community-based organizations, state and local law enforcement associations and chapters, local businesses, business organizations, victim service providers, faith-based organizations, the media, and family advocacy organizations).
- Complete the Speaker Request Form with information pertaining to the date/time of the event, the identity and contact information of the requestor, the location of the event, the number of people expected, and the topic desired.

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 

Subrecipient: City of San Jose

- Search for and identify the Task Force member with the skills and knowledge to make the requested presentation.
- Coordinate with the identified presenter to ensure that he/she is available on the date requested.
- Provide the identified speaker with the information needed (copy of the Speaker Request Form).
- Re-contact the requestor to provide the name of the chosen presenter.
- Provide copies of the Speaker Request Form to supervisors and the Task Force Records Officer.
- After the presentation, follow-up to ascertain the number of attendees via a sign-in sheet (if applicable); and
- Report the presentations on the monthly statistical reports.

Projected Goal #6: 75 community outreach and 100 law enforcement

presentations will be conducted to include training, prevention, and education activities per year.

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

Objective #7: The SVICAC Task Force will formalize law enforcement partnerships through signed Memorandums of Understanding (MOU's) and Operational Agreements.

Activity #7:

To achieve this objective, the Task Force will:

- Contact agencies that have requested assistance, training, or information in the past year.
- Discuss with these agencies the advantages of having a signed MOU. Ensure the MOU includes language requiring affiliated agencies to adopt ICAC Task Force Investigative Standards for all ICAC-related investigations.
- Provide a copy of ICAC Task Force Investigative Standards to all partner agencies.
- Provide a copy of the MOU to the agency.
- Keep copies of the signed MOUs on file.
- Add agency to list of formal ICAC partners.
- Keep agencies apprised for training opportunities, national coordinated investigations, and planning meetings; and

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 

Subrecipient: City of San Jose

- Invite agencies to attend quarterly Task Force Steering Committee meetings.

Projected Goal #7: A Memorandum of Understanding signed by all affiliated agencies, which include adoption of Federal ICAC Task Force investigative standards will expand to 106 law enforcement agencies per year.

Objective #8: The SVICAC Task Force will fully participate in nationally coordinated investigations.

Activity #8:

When notification is received of nationally coordinated investigations, the Task Force will:

- Identify available resources for participation.
- Make personnel resources available for all necessary meetings as identified by investigation leader.
- Participate in investigations as directed by investigation leader; and
- Report participation on the six-month progress reports.

Projected Goal #8: The SVICAC Task Force will participate in at least 3 nationally coordinated ICAC investigations per year.

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

Objective #9: The SVICAC Task Force will assist with arrests for computer/technology crimes perpetuated against children and youth.

Activity #9:

The Task Force will:

- Conduct criminal investigations initiated from Task Force members, allied agencies (local, state, and federal), resident complaints, the National Center for Missing and Exploited Children's CyberTip line, and other similar sources.
- Assess initial report information.
 - Identify jurisdiction-related to prosecution and additional investigative follow up.
 - Develop suspect information.
 - Develop probable cause through investigative techniques (surveillance, undercover operations, and stings).
 - Write and execute search and arrest warrants.
 - Collect and process evidence.
 - Coordinate case presentation with appropriate prosecutorial designee (District Attorney, Deputy Attorney General, and/or the Assistant United States Attorney).

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

- Identify potential training classes that may be applicable to affiliated agencies.
- Advise affiliated agencies of training classes and ascertain interest and availability for classes; and
- Make available the forensic van and forensic officer to affiliated agencies when available.

Projected Goal # 9: The SVICAC Task Force will arrest 250 for computer/technology crimes perpetuated against children and youth per year.

Capabilities

The SJPD is the lead agency for the SVICAC Task Force. The Department provides law enforcement services to all residents in the City of San Jose. Chief Anthony Mata provides leadership for the SJPD. Chief Mata, along with Assistant Chief Paul Joseph, oversee the agency's four Deputy Chiefs. The Deputy Chiefs are responsible for the Executive Officer, Division of Gaming, and operations of four bureaus.

- Bureau of Administration
- Bureau of Field Operations
- Bureau of Investigations
- Bureau of Technical Services

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

The SVICAC Task Force is part of the Special Victims Unit, which operates within the Bureau of Investigations. The activities of the SVICAC Task Force will be governed by a signed MOU between participating agencies. Participating agencies will also be required to adhere to the national ICAC Program's Operational and Investigative Standards. Copies of these standards shall be made available to all participating agencies.

The day-to-day activities of the assigned ICAC detectives will be supervised by a Sergeant, who is assigned to the SJPd's Child Exploitation Detail, Special Victims Unit. This Sergeant will also serve as the SVICAC Task Force Commander. The Commander will ensure all investigators follow the ICAC Task Force Investigative Standards. He/she will be responsible for case assignments, forensic assignments, and public presentation assignments. The Commander will also be responsible for assigning requests for technical assistance and requests for resources. On an as-needed basis, the SVICAC Task Force Commander will assist with requests for technical assistance, resources, and training by other law enforcement agencies and the community.

The SVICAC Task Force Commander is supervised by a Lieutenant who is assigned to the ICAC Program for a portion of his/her time. The Lieutenant is

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 

Subrecipient: City of San Jose

supervised by a Captain who oversees all Task Force activities (both ICAC and non-ICAC).

The current SVICAC Task Force Commander has attended the ICAC New Commander Training Program, ICAC-Peer-to-Peer, and sexual assault investigation training. The on-site forensic examiners have attended training on Wireless Devices, EnCase Forensics and FTK Software. The four full-time ICAC investigators have attended the ICAC Peer-to-Peer course, along with pertinent child exploitation courses provided at the National ICAC Training Events.

The SJPd has received and managed federal and state grants since 2003. The SJPd has demonstrated administrative and financial capacity to successfully implement all grant requirements. The Department has provided timely and accurate financial status reports and biannual programmatic reports to the granting agencies. There have been no findings in recent financial, administrative, and programmatic audits. The Division Manager of Office of the Executive Officer oversees the functions of the Fiscal Administration Division and Employment Services Division. The Fiscal Administration Division is supervised by the Administrative Officer. The Unit is comprised into three teams: Accounting and Compliance; Budget and Strategic Planning; and Grants Management. The Grants Management Unit manages all Department grants. The Grants

Grant Subaward Programmatic Narrative

Grant Subaward #: IC22 13 7928 *CS*

Subrecipient: City of San Jose

Management Unit will search, develop, and submit grant proposals; secure and execute grant awards; prepare financial and programmatic reports; ensure department meet grant obligations and requirements; and complete the grant closeout process.

**CALIFORNIA GOVERNOR'S OFFICE OF EMERGENCY SERVICES
SUBRECIPIENT GRANTS MANAGEMENT ASSESSMENT**

Subrecipient: City of San Jose	UEI # QUA4AULJ8FM3	FIPS #: 085-68000
Grant Disaster/Program Title: Internet Crimes Against Children (IC) Program		
Performance Period: 01/01/23	to 12/31/23	Subaward Amount Requested: \$ 950,000
Type of Non-Federal Entity (Check Applicable Box)	<input type="checkbox"/> State Govt <input checked="" type="checkbox"/> Local Govt <input type="checkbox"/> JPA <input type="checkbox"/> Non-Profit <input type="checkbox"/> Tribe	

Per Title 2 CFR § 200.332, Cal OES is required to evaluate the risk of noncompliance with federal statutes, regulations and grant terms and conditions posed by each subrecipient of pass-through funding. This assessment is made in order to determine and provide an appropriate level of technical assistance, training, and grant oversight to subrecipients for the award referenced above.

The following are questions related to your organization's experience in the management of federal grant awards. This questionnaire must be completed and returned with your grant application materials.

For purposes of completing this questionnaire, *grant manager* is the individual who has primary responsibility for day-to-day administration of the grant, *bookkeeper/accounting staff* means the individual who has responsibility for reviewing and determining expenditures to be charged to the grant award, and *organization* refers to the subrecipient applying for the award, and/or the governmental implementing agency, as applicable.

Assessment Factors	Response
1. How many years of experience does your current grant manager have managing grants?	>5 years
2. How many years of experience does your current bookkeeper/accounting staff have managing grants?	<3 years
3. How many grants does your organization currently receive?	>10 grant
4. What is the approximate total dollar amount of all grants your organization receives?	\$ 5,100,000
5. Are individual staff members assigned to work on multiple grants?	Yes
6. Do you use timesheets to track the time staff spend working on specific activities/projects?	Yes
7. How often does your organization have a financial audit?	Annually
8. Has your organization received any audit findings in the last three years?	Yes
9. Do you have a written plan to charge costs to grants?	Yes
10. Do you have written procurement policies?	Yes
11. Do you get multiple quotes or bids when buying items or services?	Always
12. How many years do you maintain receipts, deposits, cancelled checks, invoices?	>5 years
13. Do you have procedures to monitor grant funds passed through to other entities?	Yes

Certification: This is to certify that, to the best of our knowledge and belief, the data furnished above is accurate, complete and current.
