- Background
- Project Status
- Dashboard

Background

- The Portfolio-Products-Projects Office was created to mature the project management practices Citywide (exhibit 1).
- 3PO team: eight (8) Products-Projects Managers (PPMs) and a Division Manager.
- PPMs are assigned a portfolio to (1) work with departments to roadmap technology investments and (2) administer project execution.
- Projects are assigned to a PPM if it meets one of the four criteria (exhibit 2).
- The 2019 Audit of Technology Deployment helped define ITD's role citywide

Exhibit 1:

Technology Project Success Rate 2013 - 2023					
2016	FY 17-18	FY 18-19	FY 19-20	FY 20-21	FY 21-22
<5%	78%	86%	86%	83%	74%

2019 Technology Deployment Audit

- **Audit objective:** review the management and timeliness of the City's technology deployment process, along with the impact of the new portfolio, product, and project management practices.
- Outcomes:
 - ITD has implemented all audit recommendations.
 - City Policy Manual 1.7.2 created to expand ITD's role Citywide and implement requirements for key project management practices
 - For transparency and accountability:
 - Reporting on project status to Committee twice a year (previously reported to the Smart Cities and Service Improvements Committee)
 - Created and maintain a project dashboard with key metrics: status, budget, completion date, roles, and more.
 - Conduct audits on internal projects

FY 2022-2023 City Initiatives Roadmap

Enterprise Priority	Initiative									
COVID-19 Pandemic Community and Economic Recovery	Housing Stabilization	Re-Employment + Workforce Development	Small Business Recovery + Resilience	COVID-19 Recovery Task Force						
Sustainable and Resilient City Infrastructure and Emergency Preparedness	Disaster Ready + Climate Smart	Reliable Infrastructure Resilience	Clean Energy Resilience	Water Supply Resilience	Natural Environment Restoration					
Ending Homelessness	Emergency Housing System Expansion	Encampment Services, Outreach, Assistance, + Resources	Encampment Management + Safe Relocation	Emergency Housing Financial Sustainability	Safety Net Services County Coordination					
Safer San José	Police Reforms	Vision Zero Traffic Safety	City Services Continuity of Operations							
Clean, Vibrant, and Inclusive Neighborhoods and Public Life	Children + Youth Services Master Plan	Education, Digital Equity, + Digital Literacy	BeautifySJ Encampment Trash Services	BeautifySJ Vehicle Blight	Child Care Siting Policy Update					
Building the San José of Tomorrow with a Downtown for Everyone	Align Zoning with General Plan	Development Services Process Improvements	Google Downtown West Development	BART Silicon Valley Extension	Airport Connector + Diridon Station	North San José	High-Speed Rail	Wage Theft Prevention Policy + Responsible Contractor Ordinance	Affordable Housing on Assembly Use Sites Policy (YIGBY)	
Enterprise Priority Foundational	Initiative									
Strategic Fiscal Positioning and Resource Deployment	Emergency Fiscal Recovery + Planning	Outcomes, Equity Indicators, + Performance Management	Disparity Study	Advancing Equity through Culture + Practice	Procurement Improvement					
Powered by People	Workforce Diversity + Talent Pipeline	Citywide Hiring	Employee Wellbeing, Growth, + Retention	Digital Workforce	Customer Service Vision + Standards

Key Technology Project Summary

Major IT Projects – Status

Project Name	Status	Updates
Applicant Tracking System		Project started February 2023 and is currently in implementation phase. Projected completed date: FY 23-24 Q1 (July/August 2023).
Community Wi-Fi		Two attendance areas currently under construction: Mount Pleasant and Silver Creek high schools. Projected open for public use: Mount Pleasant – April 2023; Silver Creek – June 2023.
Vehicle Blight Management System		Design process to be completed March 2023, next steps are prototyping and testing. New timeline to be signed off with a projected deployment of FY 23-24 Q2 (October 2023).
SJ311 Accessibility		Limited resources, Vehicle Blight Management System has been prioritized. Completion date has been delayed to FY 22-23 Q4.
Enterprise Resource Planning (ERP) Assessment		Currently drafting scope requirements for RFP for a consultant to assess ERP systems.
Encampment management and homeless data integration system		Design process to be completed March 2023. Next steps are prototyping and final implementation plan by May 30, 2023.
SJPermits		Design has been completed, currently in development phase. Projected completion date: FY 23-24 Q1.

IT Projects – Completed Projects

Projects		Description
1	311 Performance Dashboard	Public dashboard highlighting core 311 program metrics such as volume trends, Customer Satisfaction Scores, and service turn-around time targets.
2	ACFR Automation	Automation software to automate the Annual Comprehensive Financial Report (ACFR).
3	Budgeting System Upgrade	Budget system upgrade to Oracle's Cloud Enterprise Performance Management (EPM) (previously on-premise).
4	Citywide Projects Dashboard	Interactive dashboard that reflects major IT projects with metrics including budget, project status, completion date, etc.
5	Affordable Housing Portal (Project Doorway)	A platform that lists all affordable housing vacancies, simplifies the application process for prospective tenants, & automates the processing of applications for property managers of affordable listings.
6	FirstNet Deployment	Deploying FirstNet devices Citywide to support critical government operations.
7	Hybrid Work Environment (Conference Room Tech)	Updating the City's video conferencing hardware and software to support the new hybrid work environment.
8	Telcom Expense Management	Implementing a Telecom Expense Management system that produces efficiency for the Telecom Billing Group at IT Department.
