Subject: Item 3.6 on tonight's City Council Agenda

Dear Mayor Liccardo and San Jose City Council Members,

As a San Jose resident who cares deeply about increasing risks to birds in our City, I urge you to support Council member Jimenez's memorandum regarding the proposed update to the City's Urban Design Guidelines. The inclusion of bird-safe design in these guidelines is a step in the right direction to protecting local and migratory birds, and continuing San Jose's legacy of environmental leadership and stewardship.

Sincerely,

Merav Vonshak

Dear Mayor Liccardo and San Jose City Council Members,

Thank you so much for all you are doing to make San Jose an environmental leader! Our family is so proud to have Councilman Jimenez representing us because we know how deeply he cares about all of San Jose's residents - including those who cannot advocate for themselves. I hope you will support his memorandum regarding the proposed update to the City's Urban Design Guidelines. The inclusion of bird-safe design in these guidelines is a step in the right direction to protecting local and migratory birds, and continuing San Jose's legacy of environmental leadership and stewardship.

Sincerely,

Subject: Item 3.6 on tonight's City Council Agenda

Dear Mayor Liccardo and San Jose City Council Members,

As a San Jose resident who cares deeply about increasing risks to birds in our City, I urge you to support Council member Jimenez's memorandum regarding the proposed update to the City's Urban Design Guidelines. The inclusion of bird-safe design in these guidelines is a step in the right direction to protecting local and migratory birds, and continuing San Jose's legacy of environmental leadership and stewardship. I have lived in the San Jose area all my life. I am a retired elementary school teacher who volunteers leading bird watching trips for children and adults. I would like to see San Jose be as safe as possible for birds and other wildlife. On another topic, I don't like gas leaf blowers either.

Sincerely,

Allen Royer [REDACTED] Garfield Av. San Jose, 95125

Subject: Agenda Item 3.6: Bird Safe Design

Dear Mayor and City Council Members,

I am a citizen of San Jose. I urge you to support Council member Jimenez's memorandum to include Bird Safe Design in the city's updated building guidelines. Bird populations are declining. We've destroyed their habitat, we chop them up in wind turbines, electrocute them with high wires, confuse them during migration with bright night lights and poison them with secondary deaths from rat poison.

Could San Jose please be a leader in reducing their deaths from flying in to our buildings? We are on a major migration flyway. Please be a leader in stopping more unnecessary bird deaths in our city. Please support Council member Jimenez's memorandum.

Thank you,

Linda Ruthruff

Subject: Support Council member Jimenez's Oct. 16 memorandum

Hello,

I strongly support San Jose city Council member Sergio Jimenez's recommendations in his October 16, 2017, memorandum.

As a Santa Clara county resident who takes pride in and promotes our city of San Jose, I feel it is time for us to take a leadership position in environmental stewardship. San Jose's urban design guidelines need to reflect that, specifically by promoting and requiring bird-safe designs. San Jose is located along the Pacific Flyway, and good building designs that address positioning, glass, and lighting are critical to reducing bird collisions against buildings.

Please adopt bird-safe building design standards in San Jose.

Regards,
Margaret Hinebaugh
