RE: Rotten Robbie Project – Oakland Road and Commercial Street

Dear Councilmember Peralez:

Flyers Energy supports the proposed Rotten Robbie project at Oakland Road and Commercial Street.

Flyers Energy operates 10 vehicles in the San Jose area. San Jose has very few options for industrial and commercial businesses with large and medium trucks that need diesel fuel. Every year the cost of doing business rises. We want to stay and grow in San Jose and the Bay Area. Having a large, convenient facility like the proposed Rotten Robbie provides needed services to our business and businesses like ours. Also an upgraded facility will be more attractive and help beautify the Oakland Road/Commercial Street area.

Thank you for your consideration.
