

Agenda item 1 4. (ROGC18-132)

Janet Atkinson

Tue 3/6/2018 6:54 PM

To: Rules and Open Government Committee Agendas <rulescommitteeagenda@sanjoseca.gov>;

My name is Janet Atkinson and I live in San Jose. I'm a SJ Water Co. ratepayer who is writing in support of CM Rocha's Memo requesting the City of SJ become a party to the proceeding in San Jose Water Company's general rate case with the CPUC. San Jose Water Co.'s never ending water rate increases are unsustainable. The ratepayers' protests are ignored by the CPUC and so are the recommendations of the Office of Ratepayer Advocates within the CPUC. Compared to ratepayer protests, a city the size of San Jose has a much greater chance to influence the CPUC to decide in favor of the ratepayer in SJ Water Co.'s general rate case. A decision favoring the ratepayers would bring relief to the 800,000 ratepayer/residents living in San Jose. I urge the Committee to vote "yes" on CM Rocha's Memo.

Thank you,
Janet Atkinson
Proud 2nd generation SJ resident.

San Jose Water Company out of control

Terry Baker

Tue 3/6/2018 11:11 PM

To: Rules and Open Government Committee Agendas <rulescommitteeagenda@sanjoseca.gov>;

My name is Terry Baker and I live in San Jose and I'm a SJ Water Co. ratepayer who is writing in support of CM Rocha's Memo requesting the City of SJ become a party to the proceeding in San Jose Water Company's general rate case with the CPUC.

Some of San Jose Water Company's actions are certainly outrageous. How about the free water that employees of the company receive? I worked for Ford and never got a free car. Work for an oil company? do you get free gas? How about Safeway employees, do they get free food? It is outrageous that when I pay MY water bill, I am actually paying for the unrestricted water usage and water waste (I have seen it) that occurs because San Jose Water Company employees don't pay for their water. Don't even get me started about why the "Golden Spigot" is such an apt descriptor for the San Jose Water Company's free spending ways.

San Jose Water Co.'s never ending water rate increases are unsustainable. The ratepayers' protests are ignored by the CPUC and so are the recommendations of the Office of Ratepayer Advocates within the CPUC. Compared to ratepayer protests, a City the size of San Jose has a much greater chance to influence the CPUC to decide in favor of the ratepayer in SJ Water Co.'s general rate case. A decision favoring the ratepayers, would bring relief to the 800,000 ratepayer/residents living in San Jose. I urge the Committee to vote "yes" on CM Rocha's Memo. We need to bring in the reins on the San Jose Water Company.

Sincerely,
Terry Baker

CM Rocha's memo on SJWC/CPUC

Joseph Trapasso

Wed 3/7/2018 11:07 AM

To: Rules and Open Government Committee Agendas <rulescommitteeagenda@sanjoseca.gov>;

Hi, my name is Joseph Trapasso and I live in CM Rocha's district of San Jose.

I am a customer of San Jose Water Company, and am outraged by the increasing rates without honest protection from the CPUC. I am not angry with the water company. They are a private, profiteering corporation; it is their job to squeeze every nickel out of their customers. But I am angry with the CPUC. It was their job to protect us from unsustainable rate increases, and unfortunately for us, they have not.

I have been following the WRATES group and the Office of Ratepayers Advocates and have been protesting the rate increases, but each time our requests have been ignored by the CPUC. My hope is that a city the size of San Jose can have much greater influence on the CPUC and advocate for the well-being of our 800,000 residents suffering from the SJWC's price gouging.

Please vote yes on CM Rocha's Memo. Help my neighbors to be able to at least afford tap water.

Thanks,

Joe

To: Rules and Open Government Committee Agendas <rulescommitteeagenda@sanjoseca.gov>;

My name is Doug Ray. My family and I live in San Jose and I'm a SJ Water Co. ratepayer who is writing in support of CM Rocha's Memo requesting the City of SJ become a party to the proceeding in San Jose Water Company's general rate case with the CPUC. San Jose Water Co.'s never ending water rate increases are unsustainable. We have complied with the City, County and State mandates to reduce water usage, yet SJ Water has done nothing to offset the revenue loss caused by our contributions to drought saving efforts. The ratepayers' protests are ignored by the CPUC and so are the recommendations of the Office of Ratepayer Advocates within the CPUC. Compared to ratepayer protests, a City the size of San Jose has a much greater chance to influence the CPUC to decide in favor of the ratepayer in SJ Water Co.'s general rate case. A decision favoring the ratepayers, would bring relief to the 800,000 ratepayer/residents living in San Jose. I urge the Committee to vote "yes" on CM Rocha's Memo.

Yours truly,
Doug Ray
