Question applies to Youth Commission

In one paragraph, please explain your community interests.

My community interest are to ensure that everyone, especially students have a voice and know how to use it. We are living in a world where the strongest and most powerful demographic can be the youth. We are the future and I want our future to be bright and for students to be able to know their rights wether it is to fight gun violence, deportation or the lack of freedom of speech that students feel. My other interest would be to increase support for students with applications and eligibility for college. I also want to create a mandatory Lgbtq inclusive curriculum to educate all students on how to stay safe and healthy.

What do you feel are some of the problems facing the youth of San Jose?

I also find it very frustrating that there is no madatory curriculum for students identifying in the Lgbtq community.
