### RECOMMENDATION

Defer item 3 of the November 8, 2018 Neighborhood Services & Education Committee, the Report on BeautifySJ, to the December 13, 2018 Neighborhood Services & Education Committee meeting.

### BACKGROUND

The purpose of the BeautifySJ report to the NSE committee is to provide an annual report on services and activities associated with the BeautifySJ initiative. An expanded litter abatement pilot program is being launched in late October. Deferral to December will allow staff to provide a comprehensive report that encapsulates the entire scope, successes, and statistics of BeautifySJ, including the expanded litter abatement effort.
