(2) Consider an inspection fee waiver program stretching over multiple years, such that General Fund costs could be absorbed over time, to whatever extent grant sources such as CalOES cannot fund those fee waivers.

(3) Consider a framework through a City-initiated General Plan amendment process to align the General Plan with the zoning to accommodate additional units on soft-story sites for affordable and market-rate units. (4) Direct the City Manager to engage in outreach with key stakeholders that explore the range of options that could accompany a mandatory compliance program, including incentivizing redevelopment of seismically unsafe buildings in such a way that could substantially expand our affordable housing supply by: (a) Providing expedited plan review; (b) Supplanting rent-controlled units with rent-restricted/inclusionary units at a fixed ratio sufficiently reasonable to facilitate redevelopment, but otherwise avoid subjecting any new additional units to rent control;

(c) Advocating at the state level for legislation that would enable property owners to freeze the pre-existing basis for a redeveloped soft-story property for property tax assessment purposes. (d) These incentives should be considered in combination with Ellis Act requirements, such as those providing relocation assistance for tenants and right-of-first refusal to existing tenants to move into rent-restricted units. (5) Consider including a requirement that landlords notify tenants in multiple languages— with city assistance, such as through pre-printed cards or letters for existing tenants, and with boilerplate language for inclusion in all new leases—when an apartment building has been identified as seismically vulnerable.

ADJOURNMENT

The Council of the City of San José adjourned at 7:49 p.m. in memory of Diane Lindberg, who was a long time resident of San Jose and was an exemplary employee in the Department of Parks, Recreation and Neighborhood Services for over 37 years. She began her long career of community service as a part time Volunteer Junior Recreation Leader at Alum Rock Park and other city facilities, including San Tomas Center at San Tomas Park and Starbird Community Center at Starbird Park.

She graduated with a B.S. in Psychology from San Jose State University and shortly after was promoted to the position of Gerontology Specialist and subsequently to Gerontology Supervisor, where she found her passion of working for older adults. Diane spent the majority of her career working for senior programs at Alma Senior Center, San Jose Office on Aging, and at Southside Senior & Community Center. She focused heavily on providing memorable recreation programs, crucial social services, and a valuable weekday nutrition program to San Jose's older adult community. She was promoted to Community Services Supervisor and oversaw the entire San Jose Office on Aging's operations, which had once been comprised of 10 large senior centers in each council district, and included the large Retired Senior Volunteer Program. While serving thousands of senior adults throughout the city, she also worked closely with the County of Santa Clara to provide a valuable Senior Nutrition Program that provided high quality, cost efficient, nutritious meals to seniors and promoted the role of nutrition in preventative health and long term care. Diane completed her accomplished career with the City of San José in January 2010 and retired in San Jose and spent time with those near and dear to her: her family and friends, especially her wife, Janice; and limitless in her vision and boundless in her capacity to excel in life, Diane Lindberg shall in memory ever endure as a beacon of hope for all people who believe strongly in their obligation to improve the quality of life for future generations.
