## RECOMMENDATION

Provide a "time certain" of 4:30pm for Item 4.2 (TPO Ordinance) at the December 11th, 2018, City Council afternoon session.

## BACKGROUND

Families most affected by the housing crisis and matters pertaining to renters' rights have voiced they would prefer City Council have this conversation later in the afternoon as it would allow them to participate and submit public comment without cutting into their working hours.

I hope my colleagues on the Rules and Open Government Committee concur with my assertion that having meaningful input from this community on this item is crucial and should be accommodated to the best of our ability.
