

Date: October 30, 2018

The Honorable Sam Liccardo  
Mayor of the City of San Jose  
200 East Santa Clara Street, 18<sup>th</sup> Floor  
San Jose, CA 95113

Dear Mayor Liccardo:

Due to state-mandated increases in retirement contributions, Campbell Union High School District is facing a budget deficit, and has been working very hard to identify sources of on-going, unrestricted revenue to offset this additional cost. As a member of the Campbell Union High School District community, I am urging you to support the District's very creative efforts to convert the district office/maintenance yard into an ongoing revenue stream. This ongoing revenue will benefit our students by not forcing cuts to any existing programs or staff in order to counteract the upcoming budget deficit.

The proposed development of the existing parcel is very compatible with the neighborhood. The two visible ends of the parcel which front on Camden or Union would remain commercial. The hidden center of the thin parcel which borders single family residential on either long side would also become single family residential to match. It would make for a much more pleasant experience for the existing residents and increases the property values of their homes. Those neighbors would surely not support any effort to put taller commercial buildings on that skinny parcel. And the additional numbers of ADU's proposed along with the new single family homes would go a long way to meeting the State's housing mandates during our housing crisis.

If you do support this proposal, we trust the District will not unduly burden any one school with housing all the relocated buses or storage from the current parcel, and will actively involve each school's community members in any bus relocating plans from the onset and incorporate any concerns.

With your support, the District will be able to convert an underutilized asset into ongoing revenue that will flow directly back into our classrooms to support the educational experience of our students and help us to meet the upcoming budget deficit. Please support the initiative.

Sincerely,

Alena Campagna

October 5, 2018

Mayor Sam Liccardo  
200 E. Santa Clara Street  
18<sup>th</sup> Floor  
San Jose, CA 95113

Dear Mayor Liccardo,

The Campbell Union High School District has created a proposal that is a combination of ground leases and land exchange that has the potential to generate 1.5 million annually in badly needed ongoing unrestricted revenue to support student programs. The plan is in keeping with the character of the existing neighborhood and appears likely to have no significant impact on traffic in the area. It is contingent upon the acquisition of a property that already has tenants and which can house the District Office operations as well. In order for that to occur, it is my understanding that a portion of the land needs to be designated as residential.

I am in favor of this plan, and hope you will support the District's efforts. This is a creative use of the land and will help our students without raising taxes. Until education receives better funding, Districts must do what they can to deliver quality education to our youth.

Thank you!

*My daughter graduated in 2007 from Del Mar. We were active band parents for Del Mar. I am still the volunteer music librarian there.*

Yours truly,

October 5, 2018

Mayor Sam Liccardo

San Jose, CA 95113

Dear Mayor Liccardo,

As a member of the Campbell Union High School District community, I am urging you to support the District's request to rezone the land that the district office and maintenance yard currently occupy. This will be the first step in enabling the district to convert an underutilized asset into a revenue stream that will benefit our district's students.

The proposed development for this parcel of land is compatible with the surrounding neighborhood, and the proposed improvements will therefore benefit both the immediate community, as well as the broader (district-wide) community.

Lastly, in addition to the financial benefits that our schools will enjoy, your support of this proposal will demonstrate to the community at large that you are fully committed to improving our schools and neighborhoods.

Sincerely,

San Jose, CA 95113

Dear Mayor Liccardo:

As a member of the Campbell Union High School District community, I am urging you to support the District's efforts to rezone the land the district office/maintenance yard currently occupy. This will be the first step in enabling the district to convert an underutilized asset into a revenue stream that will benefit our district's students.

The proposed development for this parcel of land is compatible with the surrounding neighborhood, and the proposed improvements will therefore benefit both the immediate community, as well as the broader (district-wide) community.

Lastly, in addition to the financial benefits that our schools will enjoy, your support of this proposal will demonstrate to the community at large that you are fully committed to improving our schools and neighborhoods.

Additional Message to Mayor Liccardo:

Sincerely,

The Honorable Sam Liccardo  
Mayor of the City of San Jose  
200 East Santa Clara Street, 18th Floor  
San Jose, CA 95113

Dear Mayor Liccardo:

As a member of the Campbell Union High School District community, I am urging you to support the District's efforts to rezone the land the district office/maintenance yard currently occupy. This will be the first step in enabling the district to convert an underutilized asset into a revenue stream that will benefit our district's students.

The proposed development for this parcel of land is compatible with the surrounding neighborhood, and the proposed improvements will therefore benefit both the immediate community, as well as the broader (district-wide) community.

Lastly, in addition to the financial benefits that our schools will enjoy, your support of this proposal will demonstrate to the community at large that you are fully committed to improving our schools and neighborhoods.

Additional Message to Mayor Liccardo:

Sincerely,

NAME:

X
